Dear Sir

I have just completed survey
of Jordan Reserve Fishes Grant
County N. D. as directed on July 18th

Enclosed please find plan and

The line and course of this reserve seemed at first to be rather a difficult thing to define but by degrees things began to clear up a little, then deed and that one was secured, an old plan was found and a point marked Black Rock was located. It again the starting point, then again an old bolt was found at the Cann on Boat Harbour. At the line running to Black Point and then the end of it we discovered a "gap" of several feet west of the line being in this necessitated the changing of our course a little and running the line across which led to the discovery of a few more blazed trees. This again brought the line directly
