June 24, 1926.

To the Right Honorable  
Arthur Meighen, B. A.,  
Leader of the Conservative Opposition,  
House of Commons, Ottawa.

Dear Mr. Meighen:—

Since our conversation in April, When I expressed to you my earnest desire to help in the advancement of the Conservative cause and your generous acceptance of the same, I have evolved a plan for a federal association of Conservative women, that has met with hearty enthusiasm. Of this movement you have no doubt heard, Mrs. Meighen having kindly consented to allow her name to be used in furthering the plan. I enclose copies of the letters I have addressed to Dr. Tolmie with regard to my project.

The campaign I have started is bound to develop in all the women of Canada a proper sense of their responsibilities and a more intense and personal interest in national affairs.

The women of Canada owe to you the great privilege of the franchise. By arousing in them a proper sense of the tremendous advantages they have thus gained, their whole-hearted support is assured to you.

Will you kindly endorse my request to Dr. Tolmie as contained in my letter of June 23rd to him, in order that the movement may proceed with no delay.

Assuring you of my constant assistance in every effort of yours to promote the progress, the prosperity and the general welfare of the Dominion,

I remain,  
Very sincerely yours,

Mildred Lord.
