

No. 1 *Mixed winter wheat* shall be white and red winter wheat mixed, sound, plump and well cleaned, weighing not less than sixty-two pounds to the bushel.

No. 2 *Mixed winter wheat* shall be white and red winter wheat mixed, sound and reasonably clean, weighing not less than fifty-nine pounds to the bushel.

No. 3 *Winter wheat* shall include winter wheat not clean and plump enough to be graded as No. 2, weighing not less than fifty-seven pounds to the bushel.

*Rejected winter wheat* shall include winter wheat damp, musty, or from any cause so badly damaged as to render it unfit to be graded as No. 3.

All good wheat that is slightly damp shall be reported and entered on the inspector's books as "no grade," with the inspector's notations as to quality and condition.

All wheat that is in a heating condition, or too damp to be considered safe for warehousing, or that has any considerable admixture of foreign grain or seeds, or is badly bin-burnt, whatsoever grade it might otherwise be, shall be reported and entered on the inspector's books as "condemned," with the inspector's notations as to quality and condition.

Any admixture of "rice wheat," otherwise known as "goose," or "California" wheat, or of red-chaff wheat with other descriptions of wheat, shall exclude the parcel from regular inspection.

All wheat shall be weighed, and the weight per bushel entered on the inspection book.
