

# The De Laval Cream Separator Exhibit

In every country under the sun where dairying is practiced the name De Laval has become a household word. Nearly 300,000 of these machines are now in daily use.

**"Humming Bird"**  
Capacity 250 lbs. per hour  
Price \$65

**"Daisy"**  
Capacity 350 lbs. per hour  
Price \$85

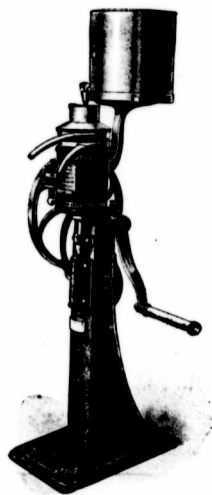

**"Baby" No. 1**  
Capacity 450 lbs. per hour  
Price \$100

De Laval Cream Separators are not in the "just as good" class, but are in truth and reality the standard which all other makers are desperately trying to reach.

**"Baby" No. 2**  
Capacity 600 lbs. per hour  
Price \$125

**"Baby" No. 2 - High Frame**  
Capacity 600 lbs. per hour  
Price \$125

**"Baby" No. 3**  
Capacity 1,000 lbs. per hour  
Price \$200

More than 56,000 De Laval Cream Separators manufactured and sold during the year 1901.
