What a wealth of money-saving opportunities are yours with such a Catalogue as this to choose from. "Business as usual" is its motto, and values better than usual might aptly be applied to its long list of dependable merchandise. There is no upheaval of prices evident throughout its three hundred and more pages, and the marvel of it all is that orders come in and go out with the same promptness as of yore. Unmistakable savings are evident on every page, coupled with quality merchandise and service that bespeak assured satisfaction to the purchaser, and so it is at this time that we remind you of the coming Christmas season. The old traditions must prevail, and good fellowship be maintained. Gifts will soon be the order of the day, and what better choice could one wish for than that which you will find in your EATON Catalogue. But with this suggestion there also comes this note of warning—don't delay ordering. To do justice to all concerned it is absolutely necessary that you order early. The folly of it is that many delay their Christmas purchase until the last moment, and in the hurry and bustle some unforeseen disappointment oftentimes occurs. Make up your mind to run no such risk as this. See that you make your selections early, and be convinced of this—that we on our part will render such service as will win your hearty approval. An EATON purchase, be it ever so small, comes to you with this assurance, "Goods satisfactory or money refunded, including shipping charges which you may have paid."
