Our Special Offer on Grinders STILL OPEN.

To advertise the superior working qualities of our up-to-date Grinders, we offer to place one machine in every Township at a special cut price, it being understood that the special price has nothing to do with the regular selling price. The first to place their order is the only person entitled to the consideration. Our aim and object is to create a demand by the merits of the machine being known. One machine at work in a neighborhood is the best kind of advertising.

IN WRITING PLEASE MENTION FARMER'S ADVOCATE.

NOTICE:

I desire to thank the farmers and others for their ever-increasing patronage. We are changing the process of manufacture and improving the quality of Queenston cement from year to year, and beg to assure my patrons that the improvements I am making this winter will still add to the wonderfully good reputation of Queenston cement. I will do all in my power to assist the farmers in getting up first-class buildings that are cheap and labor-saving, with first-class sanitation by a proper system of ventilation held under my own patent. Until the 15th day of March, 1902, Queenston cement will be sold at a reduced price. On and after Feb. 1st I will add a draughtsman to my office staff, and to all patrons of Queenston cement pencil sketches of the most approved farm structures will be furnished free of charge. For particulars write me at this office, or see my agents.

THEY WANT

Dr. Hess' Stock Food in England

Read what the great English importer, Mr. M. G. Rich, Bath Bridge, Tetbury, Gloucestershire, Eng., and owner of 1,000 acres of land, writes:

BATH BRIDGE, TETSBURY, GLOUCESTERSHIRE, ENG., Aug. 8th, 1901.

DR. HESS & CLARK, Ashland, O.: GENTLEMEN,—Where can I get Dr. Hess' Stock Food in England? In my travels in America I find it in many stables, and highly recommended by my friends.

P. S.—I farm nearly 1,000 acres. Yours respectfully, M. G. RICH.

DR. HESS' STOCK FOOD IS NOT A STIMULANT,

but a tonic. It expels worms, cleanses the blood and system generally; calls into healthy action every organ of the animal body; allows no food to pass off undigested. It pays to feed it as a health promoter and as a flesh and milk producer.
