GOSSIP.

A short distance from the town of Arnprior, on the C. A. division of the G. T. R., also on the C. P. R., is the home of Mr. N. E. Robertson, breeder of Scotch Shorthorn cattle. The herd represents the Campbell, Mina, Princess Royal, and Nonpareil strains, headed by the typical, thick-fleshed bull, Imp. Scottish Beau. One might travel a long way before finding a better bunch of Shorthorns than can be seen in Mr. Robertson's stables. In type, they are strictly up-to-date, low-down, exceedingly thick-fleshed, extra good doers; in fact, just the kind the discriminating demand is looking for, and anything in the herd is for sale, including some choice heifers and three young bulls. As a western man put it: "If anyone down here wants to get a high-class Shorthorn, he need not go west to find it," and no fancy prices are asked either, as Mr. Robertson is one of the shrewd business men of the Ottawa River district that has accumulated probably a little more than an even share of the necessary, in the lumbering business, and is breeding Shorthorns, not altogether for pecuniary gain, but as a side-issue and because of his love of good stock.

SPRING HILL AYRSHIRES.

Throughout Canada and the United States, one of the best known and most popular herds of imported Ayrshire cattle is the Spring Hill herd, the property of Messrs. Robert Hunter & Sons, of Maxville, Ont. From long experience in importation, breeding and handling of Ayrshire cattle, Mr. Hunter, Sr., and his sons are thoroughly versed in the history of this great Scotch dairy breed, and none are more discriminating judges of what constitutes an ideal type of the breed than they, in proof of which we have only to point to the phenomenal success that has been theirs at leading Canadian exhibitions, including Toronto, London, and Ottawa. In looking over the herd, we were struck by the similarity of type that is plainly noticeable throughout the whole herd, with straight, smooth lines, ideal wedge shape, fine sweet neck, head and horn, large, even, well-balanced udders, and well-placed teats; truly a grand lot. Among them are: Ten imported heifers under a year old; six heifers between one and two years old, three of them imported, the other three by Imp. Lessnessock King of Beauty, the Toronto, London and Ottawa champion that sold for \$760 at Mr. Hunter's sale last year; two rising three years, both imported, one with a calf at foot, the other heavy in calf, the one with calf at foot being a Beauty of Auchinbrain, one of the most popular Scotch strains. Then there are three three-year-olds and one four-year-old that are imported. Others, Canadian-bred, are: Four September heifer calves, two rising two years of age, two rising three years, and one yearling heifer, sired by the Toronto champion, and several Canadian-bred cows. In young bulls are three under six months, one of them imported in dam, the other two sired by Imp. Cross of Knockdon. All the females old enough are in calf to Imp. Oyama's Heir, a bull of more than ordinary merit, straight-lined, mellow, and covered with a wealth of soft, silky hair. Anything in the herd is for sale. Mr. Hunter is starting for Scotland about the last of February for a new importation, and any orders placed with him will be carefully attended to. Mr. A. W. Montgomery, of Lessnessock, is looking up the good ones for Mr. Hunter, so that intending purchasers of show stuff may look for something choice in the new importation when they arrive. Messrs. Hunter are also offering for sale the richly-bred, quality Clydesdale stallion, Imp. Baron Colin, sired by Baron's Pride, dam by Flashwood Best, breeding absolutely gilt edged. He is a brown four-year-old, weighing about 1,800 lbs., one of the thick, smooth, quality kind, with abundance of style and action, a natty, trappy mover, guaranteed right in every way, and will be sold well worth the money, as the Messrs. Hunter's time is fully occupied with the cattle.

LIVER COMPLAINT.

The liver is the largest gland in the body; its office is to take from the blood the properties which form bile. When the liver is torpid and inflamed it cannot furnish bile to the bowels, causing them to become bound and costive. The symptoms are a feeling of fulness or weight in the right side, and shooting pains in the same region, pains between the shoulders, yellowness of the skin and eyes, bowels irregular, coated tongue, bad taste in the morning, etc.

MILBURN'S LAXA-LIVER PILLS

are pleasant and easy to take, do not grip, weaken or sicken, never fail in their effects, and are by far the safest and quickest remedy for all diseases or disorders of the liver.

Price 25 cents, or 5 bottles for \$1.00, all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.
