The American Chester White Record Association held their seventeenth annual meeting at Columbus, Ohio, January 16th, and had a larger attendance than ever. Officers elected were: President, I. T. The Montrave stud of Clydesdale horses has suffered a severe loss by the sudden death of the famous Prince of Albion (6178). He was found on Thursday morning lying dead in the yard adjoining his box. On the previous evening nothing was noticed wrong with him. He cleaned up his supper at 8 p. m., and looked healthy and strong. The veterinary surgeon who was called in ascribes his demise to acute peritonitis. He has been the most healthy of horses, never having had a day's illness. At Montrave his death was looked upon as a truly sad event, he being such a favorite with all, and one of the best tempered animals imaginable. The breed will be the poorer for his loss, and he had been let for next season on the very day of his death, will have to go far afield to find as good a one to replace him. He was the highest priced draft horse in the world, his respected and plucky owner, Sir John Gilmour, Bart., having paid Mr. James Kilpatrick, Craigie Mains, Kilmarnock, £3,000 for him when two years old, and he had proved a first-rate investment. He was first four times in succession at the Highland Society's shows, and won the Queen's gold medal at the Royal Jubilee Show at Windsor in 1889, and has carried off many other first prizes and champion honors. He was undoubtedly one of the most notable animals the breed has ever known. Amongst his female produce was the 1,000-gs. mare, Queen of the Roses, while he could claim as his sons Rosemount, Prince of Erskine, Prince Murat, Prince Albert of Roseburgh, and many other well-known prize-winners. He was foaled in 1886, and Mr. Kilpatrick still owns his full brother, the equally well-known Prince of Kyle. It is scarcely necessary to mention that his sire was Prince of Wales, and his dam, the noted Darnley mare, Mysie.—Scottish Farmer.
