

You have been intending to try "Red Rose." Why not now before you forget.

RED ROSE TEA "is good tea"

The ORANGE PEKOE is extra good. Try it!

Stories About Well-Known People

Wood's Death Threat.
Oliver Curwood, the well-known author, lives in Owosso, Michigan, where there have been complaints lately that bootleggers are attempting to sell liquor to boys and girls. The author made the sensational announcement a few days ago that if any liquor is ever furnished to his twelve-year-old son the vendor in question will be killed and James Oliver Curwood will do the killing.

His Greatest Ambition Was Never Fulfilled.
A traveler just back from India says that in a recent chat he had with the viceroys, Lord Reading, the latter recalled an interesting incident of his youth.

"My first visit to Calcutta," Lord Reading said, "was when I was a boy of fourteen. I ran away to sea and went to India before the mast. The next time I came as viceroy."

"On the first trip I made one resolve. I was so impressed with the smart appearance of the Bengal pilot who came aboard to take charge of us that I determined to be a Bengal pilot and dress like him. That resolve—my

dearest wish—has never been fulfilled."

"A Wee Bit Laddie."
The Prince of Wales drove through a Scottish town, accompanied by the Provost, the latter resplendent in scarlet robes of office and a plumed hat, and the Prince wearing the uniform of a Highland regiment. A child who saw them drive by rushed home in great excitement.
"Mither, I've seen the Prince!" he exclaimed. "He looked fine in a red cloak and a feathered hat, and by him was sitting a wee bit laddie in tartan breeks."

A British Jack Miner.
Lord Grey of Falloden appears this spring in a Miner role. In other words he is the British counterpart of the Canadian bird-lover, Jack Miner. On his English estate he has converted two little ponds into a home for wild fowl. The birds have now come to recognize his love for them and return the great statesman's affections. As soon as his footsteps are heard they flutter up to get the food he is sure to have ready for them.

A HAPPY CHILDHOOD IS A MATTER OF HEALTH

Little children quickly get out of sorts but by prompt treatment they can just as quickly be set right again. Most of their troubles arise in the first place from the stomach and bowels; that is why a good clearing out is the first thing the doctor prescribes. Mothers, why not let Baby's Own Tablets keep your children well? Unlike that ill-smelling, rank tasting castor oil so dreaded by most children, the Tablets are pleasant to take and their action, though thorough, is gentle and causes no discomfort, to either the baby or the growing child. Baby's Own Tablets are a never failing remedy for relieving constipation and indigestion; thus they break up colds and simple fevers, expel worms and make the teething period painless. The Tablets are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

A Novel Ending.
When little Bennie, who is fond of listening to the children's hour on the wireless, knelt down to say his prayers the other night, he finished in an unusual way.
At the close of the customary string of petitions, he said: "This concludes our programme for to-night. Good night and Amen."

A tiny field ant has been known to hold in its jaws a weight three thousand times heavier than itself. If a man had proportionately the same strength in his jaws, he could lift 275 tons.

WE WANT CHURNING CREAM

We supply cans and pay express charges. We pay daily by express money orders, which can be cashed anywhere without any charge.
Our Present Price is 37 Cents Per Pound Butter Fat.
Nett to you at your station.
Price is subject to change without notice. To obtain the top price, Cream must be free from bad flavors and contain not less than 30 per cent. Butter Fat.

ONTARIO BREED BETTER LIVESTOCK Improvement STOCK Committee

Progress in Marketing Lambs
A Study of the Toronto Market shows that 31% of the lambs marketed during 1923 were Bucks. In 1924 only 9% of the Lambs marketed were Bucks. This meant that the producers not only saved the two-dollar penalty, but got an increased price through selling a better quality of mutton.
Will the Sheep Breeders Continue This Progress in 1925?

Hills in Heaven.

God grant there be hills in Heaven
For those who have fought their best,
For those who have struggled and striven
And look to the heights for rest.
God grant there be quiet places
And heaths where the hill-winds pass,
Where we bury our hot, shamed faces
In the cool, wet mountain grass.

The sea, with her magic portals,
The vale with her plough-turned sod,
These whisper a while to mortals,
But the peaks talk on with God.
To the yeomen their fields be given,
And the captains—give them their sea!
But I pray there be hills in Heaven
To stand through Eternity.
—Will H. Ogtivie.

SPRING IMPURITIES DUE TO POOR BLOOD

A Tonic Medicine a Necessity at This Season.

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the spring when the system is loaded with impurities as a result of the indoor life of the winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood. In the spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the spring, anaemia, rheumatism, indigestion, neuralgia and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people ease themselves with purgatives, but these only further weaken themselves. A purgative merely gallops through the system, emptying the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reacts every organ in the body, bringing new strength and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this spring—they will not disappoint you.

Among those who have proved the value of Dr. Williams' Pink Pills is Mr. Austin Wile, Hemford, N.S., who says:—"I have reason to be deeply grateful for what Dr. Williams' Pink Pills have done for me. An abscess developed in my head, and the doctor who was called in said my whole system was poisoned. My appetite completely failed and I grew so weak I was unable to do any work. The doctor's medicine did not help me so I decided to try Dr. Williams' Pink Pills. At this stage I was reduced almost to a skeleton, and my friends did not look for my recovery. I soon found, however, that the pills were helping me and after taking them for about two months I was fully restored to health. My case was known to all my neighbors and my recovery looked upon as almost a miracle."
You can get these pills through any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Throwing Buns at Brides.
The throwing of rice as the happy couple who have just been married emerge from the church, or set out on their honeymoon journey, has almost given way to the throwing of the more harmless confetti.

The custom of throwing rice probably came from the East, where rice is the staple food and where plenty of rice means comfort and prosperity. Thus, to throw rice means: "May you never lack a good meal!" or, in other words, "May your married life be prosperous!"
The Romans used to scatter corn in a bride's path, and in Poland the neighbors throw handfuls of wheat, barley, oats, or even beans, at the bride's door.
In Italy nuts take the place of cereals, and one can imagine that the Italian children have a happy time picking them up, just as German children, in country places, pick up the cakes and tiny buns hung from cottage windows at a passing bride.

New Tobacco Tin.
The history of the development of tobacco is a record of innovations, modifications and devices planned to make its use more enjoyable. The latest of these is a vacuum tin in which one tobacco company is now packing several of its brands. It is claimed for the new container that it preserves unimpaired the flavor and fragrance and retains all the natural moisture.

Gray hair is beautiful in itself, and so softening to the complexion and so picturesque in its effect that many a woman who has been plain in her youth is, by its beneficent influence, transformed into a handsome woman.
—Miss Oakley.

OGDEN'S LIVERPOOL

Ogden's CUT PLUG

Fourteen Advantages of a Pure-Bred Bull of Good Breeding and Good Individuality.

1. Economical and Rapid Improvement.—One pure-bred bull will improve the herd as rapidly as 50 pure-bred cows.
2. Lasting Influence.—The value of a pure-bred bull is not seen entirely in the first generation, but continues in the following generations.
3. Fewer Bulls Necessary.—One pure-bred bull properly managed will do the work of four scrub bulls, as they are managed at the present time.
4. Advertisement Valuable.—Well bred stock attracts the attention of buyers.
5. Creates a Demand for Our Local Pure-bred Bulls.—The breeder of pure-bred stock in Ontario are sometimes discouraged because of lack of demand for their stock.
6. Affords Opportunity Gradually to Work Into Pure-bred Business.—If there is a pure-bred bull in the community it is an easy matter to purchase one or two pure-bred cows and soon be in the pure-bred business.
7. Co-operation Possible.—If there are as many as four or five pure-bred bulls in the community there is an excellent opportunity to co-operate by exchanging bulls, pooling cattle, etc.
8. Pure-bred Bulls Will Sell for More Than Scrub Bulls After Their Period of Usefulness is Over.—A 2,000-pound pure-bred bull is worth more for beef than a scrub which usually weighs 1200 to 1400 pounds.
9. Prepotency Important.—A pure-bred bull will have calves more like himself than the dam. This is due to concentrated blood lines.
10. Uniformity Increases Value.—Buyers will always pay more for a uniform bunch of cattle than for a mixture of scrub and pure-breds.
11. Offspring is Worth More.—A calf is worth \$5 to \$10 more, a yearling \$15 to \$20 more and a two-year old \$25 to \$30, if sired by a pure-bred bull.
12. Better Living.—The pure-bred bull means more money which in turn makes possible better homes, better schools, better churches, better roads and a better and more satisfying country life.
13. Good Influence on Owner.—When a man has pure-bred livestock on his farm he naturally takes more interest in it and feeds and cares for it better than he otherwise would.
14. The Farmers' Gain is Not Somebody's Loss.—A farmer can raise a better calf and no one is the poorer. He thus creates wealth.

It was Charles's first visit to the country and everything was interesting. He came running in from the barn exclaiming, "Oh, Mama! I saw some white pigs and an also." "An also?" asked his mother. "Yes, a black also," repeated Charles. His mother was bewildered until the little fellow told her what his uncle said, "Here are some white pigs and a black, also."

A Volunteer Fireman.

Lady—"I hate to bother you again, but would you mind giving me just one more glass of water?"
Clerk—"Why, certainly not, madam, but would you mind telling me why you want so many? This is the fourth."
Lady—"Well, I know you'll just die when I tell you, but I'm trying to put out a fire in my room."

Annual Meeting of Bovril Company.

Presiding at the annual general meeting of the Bovril Company, Sir George Lawson Johnston emphasized the fact that the Company had maintained its pre-war prices in the face of a most difficult trade situation and the payment of very heavy taxes and were able to show record sales and record net profits. This was due largely to the increasing demand for "Bovril".
The year just closed showed net profits of £390,992. The capital employed is between twenty and twenty-five million dollars.

It is difficult to be always true to ourselves, to be always what we feel we ought to be. . . . As long as we do not surrender the ideal of our life, all is right. Our aspirations represent the true nature of our soul much more than our everyday life.—Max Muller.

Safe

Accept only "Bayer" package which contains proven directions. Handy "Bayer" boxes of 12 tablets. Also bottles of 24 and 100—Druggists.

Aspirin is the trade mark (registered in Canada) of Bayer, manufacturer of Monoceltesoldest of Salicylic Acid (Acetyl Salicylic Acid, "A. S. A."). While it is well known that Aspirin means Bayer manufacture, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

BETTER IN EVERY WAY

After Taking Lydia E. Pinkham's Vegetable Compound

Ingomar, N. S.—"I took your medicine for a run-down condition and inward troubles. I had pains in my right side so bad at times that I could not walk any distance. I saw about Lydia E. Pinkham's Vegetable Compound in the newspapers and have taken five bottles of it. I am better in every way and you can use my letter to help other women." — Mrs. ALVITA M. PERRY, Ingomar, N. S.

Nervous Breakdown Relieved

Toronto, Ontario.—"It is pretty hard to explain your feelings in nervous troubles. I felt low spirited, had pains in my head and eyes, always crying, and did not want to go anywhere. I do knitting and fancy work, and I would get irritable after a few minutes of work. I have been in Canada five years and have been this way ever since I came. I am taking Lydia E. Pinkham's Vegetable Compound and I sleep better and it seems to make me eat, and I must say I am feeling more jolly. I have great faith in your medicine because of what it has done for my husband's sister and she recommended it to me." — Mrs. A. SMITH, 10 Burleigh Avenue, Todmorden, Toronto, Ontario.

All druggists sell this dependable medicine, and women suffering from these troubles so common to their sex should give it a trial now.
