Fair.—Get your gem self-sealing fruit jars at Roy & McDonald's.

Rise in Butter.—Yesterday Listwell merchants decided to offer 14c. per lb. for butter, which is a cent and a half per lb. more than they have heretofore been paying. This should be welcome news for the farmers.

Misses and Children's Genuine French Kid button boots, very nice, but a little expensive at J. R. Hines, successor to Roy & Riggs.—11.

Mr. Wm. Stewart of this town, who in company with Mr. W. J. Stewart of Wallace, took a trip to the North-west some few weeks ago, returned. He appears to be more favorably impressed with the country than was his companion. It is his intention to visit the district, to go back again next season, taking his family with him, and to settle there.

Small house for rent at \$2 per month. Cows to close at \$100 per acre, and have a pound of your own. W. G. HAY.

Mr. Bolton will remove to his newly acquired premises about the 1st of October.

The street parade is to take place about 10 a. m. The tents will be erected on the Division street, and the exhibition will be opened at 2:30 in the afternoon and 8 o'clock in the evening.

Roy & McDonald's is the place to get good reliable goods.

FARMERS in this neighborhood are busy buying the yield on the whole is excellent, from two to three tons to the acre being the average.

Mr. Robert Moore, who resides with his daughter, Mrs. W. M. Clinio, is one of the few remaining Waterloo veterans. He is almost a century old, and has lived upon his hundredth year a few days ago. The old gentleman is still able to be about, and may be spared to live several years yet. The wife of Mr. John Thompson, merchant of this town, is also a daughter of Mr. Moore.

A large stock of ready-made clothing to be run off cheap, at Roy & McDonald's.

SUCCESSFUL CANDIDATES.—The following have been recommended for admission to the High School:

Bella Armstrong, Russell Brown, Rosa Bird, Russell Clinio, Clara Hamilton, George Kerr, Agnes Hammond, John Long, Clara Kelly, Wm. Lewis, Minnie Kerr, Joseph Martin, Mattie Lewis, Frank J. McNeill, Frank J. Nicholson, Robert McMillan, Alice McKee, William McKee, David Williams.

Great bargains at the Glasgow House for the next 2 months, in order to make room for our fall and winter purchases. Call and secure bargains.—23.

There is some talk of getting up an excursion to London on the civic holiday, to include a trip down the river to Springbank and a view of the water works. We also have a union Sunday School excursion spoken of for that day. Port Elgin, Southampton and London, all being mentioned as the objective point. A public meeting will probably be called at an early date to decide what steps shall be taken. No doubt the inducements held out by the railway companies will make much to do in settling the matter.

For Lace Curtains and Counterpane, go to the Glasgow House.—23.

The Muskoka fishing party returned to town on Saturday, after having enjoyed a week's sport in that northern latitude. Their excursion was very successful, they having succeeded in capturing about 200 lbs. of speckled trout. Mr. Wm. Forbes has not thanks for some fine specimens, which were thoroughly convinced us that Muskoka trout are exceedingly palatable. Barring the black flies, which were rather troublesome, the party had a very enjoyable time.

The Credit Valley Railway strike appears to be no nearer a conclusion than it was several days ago. Mr. Laithlaw, Manager of the Road and the Directors, promised to confer with the strikers, but they did not keep their promise. The committee has submitted a report which gives a full statement of the trouble from the commencement. The arrears due run from \$100 to \$3,500, the total being about \$30,000. Many of the men on strike along the line of the railway are in destitute circumstances.

For Sale.—\$2,800 will buy a farm worth \$3,800, near Molesworth, in the Township of Wallace; 80 acres cleared; good frame barn, log house and orchard.

With the prospects of good crops, land must be secured. W. G. HAY.

GRAND MONSTER EXCURSION.—The great cheap excursion of the season takes place on the 30th inst., to Niagara Falls. Over eight hours will be allowed at the Falls for sight seeing, and a grand opportunity for seeing the falls illuminated with the great invention of the age. Special cheap rates are secure at the Falls for visiting the places of interest and wonder. Everybody should go, as it is intended to meet the great excursion of the year over the W. G. & B. line.—25.

HOSIERY.—Women's, Misses' and Pretty Children's Hosiery. A nice lot of new goods in this line. Come and see them at J. R. Hines, successor to Roy & Riggs.—11.

REPRESENTATIVE.—The practice which some persons in town have of making the river a receptacle for all kinds of filth is a most reprehensible and a few mornings ago no less than five dead puppies were to be seen lying in the stream at the Inkerman street bridge. It is time that this work should be put in order, and if there are parties in town who have no more consideration than to imperil their own and their neighbors' health, the Health Inspector should take immediate steps to find them out and make them realize what they are doing. The stream should be kept clear all the time, but at this season of the year especially it should be kept free of obstructions and decaying matter; otherwise it will greatly endanger the health of the community.

For cheap Hosiery and Parasols, go to the Glasgow House.—23.

THE HEAT.—During the past week the thermometer indicating nearly 100 deg. in the shade on several occasions. Although the heat at times has been good in fact, but a few instances, American cities and towns are suffering very severely from the effects of the heat, which is now being felt in Listwell. The past week or ten days the average of deaths from sun-strokes has been about sixty. The fatality has been chiefly amongst children, sometimes as many as twenty-five of the little ones having been stricken down within twenty-four hours. The exceptionally high death rate from sun-strokes in New York is attributed to the entire absence of trees in the thickly populated parts of the city.

CLASS.—S. Bricker & Co. have a very large stock of window glass—big reductions to parties purchasing in quantities.—7.

ENDOWMENT PAID.—Mrs. Bennewise, widow of late Henry Bennewise of this town, has received notification that the full amount of the Endowment Fund (\$1,000) has been paid to her by the Canadian Order of Foresters, which she had been holding for the benefit of her late husband. We cannot but congratulate Mrs. Bennewise and her family upon the receipt of this money, which her husband had made for them in case of death, and it is also very much to the credit of the Canadian Order of Foresters, that it has so promptly discharged its obligations to the family of a departed brother. The above order is one of the few secret societies which confer an endowment upon their members, and this together with the promptness which it exhibits in meeting its endowment calls, should commend it to the consideration of all, and more especially to every head of a family.

HOSIERY.—Women's, Misses' and Pretty Children's Hosiery. A nice lot of new goods in this line. Come and see them at J. R. Hines, successor to Roy & Riggs.—11.

PUBLIC SCHOOL BOARD.—A special meeting of the Board was held on Tuesday evening, 13th inst., at which the following members were present: Wm. Draper, chairman, J. P. Newman, W. G. Hay and A. Little. On motion of W. G. Hay, seconded by A. Little, it was resolved that Mrs. M. Draper having tendered her resignation as teacher for the 8th department of the school, at a salary of \$225 per annum, duties to commence on 1st September. It was moved by J. P. Newman, seconded by A. Little, that Mrs. M. Draper having tendered her resignation as teacher, taking effect 1st September next, this Board accept and resignation—carried. The secretary was instructed to advertise in the Globe and Mail for three female teachers for 2nd, 3rd and 4th departments of the school, at salaries of \$200, \$250 and \$225 per annum respectively. Board adjourned to meet on Tuesday, August 13th.

Misses and Children's Genuine French Kid button boots, very nice, but a little expensive at J. R. Hines, successor to Roy & Riggs.—11.

The town schools closed on Tuesday for the summer vacation, which will continue up to 1st September. Owing to the decision of several of the teachers to leave the profession, it is probable before re-opening the profession, the Board are under the necessity of advertising for teachers to take their places. Misses Draper, Stewart and Gibson, the teachers referred to, have proven themselves very successful in their calling, and it is a credit to the credit to them that they should have continued to conduct their departments with efficiency and general satisfaction, notwithstanding the discouraging circumstances under which they were placed by the action of the Trustees. We trust now that the Board have acknowledged their shortcomings, that in future they will be disposed to deal fairly with and lend due assistance to those who may have engaged in the important work of educating the young.

For cut nails, paints and oils, and all descriptions of building hardware, go to S. Bricker & Co's., where complete supplies can be had at lowest figures. Parties about to build will find it to their interest to deal with us.—7.

INSURERS.—About 9 o'clock on Tuesday afternoon an old frame dwelling house on Main street west, owned by Mr. S. McIlwraith, and unoccupied, was discovered to be on fire. Before the fire had made much headway, however, it was got under control by applying water with pails. The engine was brought out, but for all this service it rendered it might better have been left in the engine house. Some twenty-five minutes elapsed before it was got ready, and after it had commenced at work it was required, unless owing to the numerous breaks in the hose, a portion of which was old and dilapidated, but had to be used on account of the distance from the tank to the fire. Fortunately the engine was not greatly required, as the fire after smouldering for a time went out, as if by accident, at the full attempt made to extinguish it by the fire brigade. It is evident that the present facilities for protecting property outside the centre of town are entirely inadequate. Either more tanks or a greater length of sound hose should be provided.

Town Council.—A special meeting of the Listwell Town Council was held on Tuesday evening last for the purpose of finally revising and adopting the new code of By-laws for the municipal government of the town. The following members were present, viz: Mayor Scott, Deputy-Reeve Hacking, and Councillors, Nichol, Heppler, Bradley, Martinson, Freeman, Binning and Hay. The various bills were read and an amendment to the Charter was introduced and adopted. The Clerk was instructed to invite tenders from the Strazdam and Banner offices for printing and binding 100 and 150 copies, respectively, of the By-laws, the work to be done in as good style as the Toronto City By-laws. On motion of Dr. Dillabough, seconded by J. A. Hacking, the Chairman of Public Works was instructed to ask for tenders for 20,000 ft. of pine lashing for the purpose of completing contracts. The Council then adjourned.

ESTHER.—The Cantata of Queen Esther was rendered by Mr. J. W. Ward and his class of amateur vocalists in the Osborne hall on Friday evening to a fair audience. By request the performance was repeated on Tuesday evening, and we are sorry to say to a smaller audience. The Cantata of Esther first evening. The Cantata of Esther requires a very considerable amount of study and application, and Mr. Ward deserves credit for the successful training which his class evinces in the rendition of their various parts. Without attempting to criticize the performance of the representative characters, the following may be mentioned: Mr. Ward, as King Ahasuerus, possesses the qualifications of a very good actor, and his manner and delivery are well adapted to the part. The other principal characters were taken as follows: Queen, Miss J. Wilson; Haman, Mr. H. Johnston; Zeresh, Miss M. Henderson; Mordecai, Mr. D. McKelvie. The solos, duets and choruses were on the whole very well rendered, and especially on Tuesday evening the class sang very themselves with much credit. The brilliant surroundings of the Persian Court, the quaint costumes worn by the various characters, and the scenes and incidents produced in the cantata, are very impressive. The appearance and chorus of the children before the King, and the scene of the King's death, were very cleverly performed. Miss Dixon presided at the organ in an acceptable manner on both occasions. The audience, though small, were appreciative ones, as was manifested by the hearty vote of thanks which was unanimously carried on each evening. On Tuesday evening, in proposing that a vote of thanks be given to Mr. Ward and his class, the mover Rev. W. C. Clarke, made a few pertinent remarks on the question as to whether it is right for professedly religious people to encourage performance of this nature, which gentleman was of the opinion that there was much that was good in the opera, and when disconnected from the evil, as in the Cantata of Queen Esther, it would tend to elevate, not degrade humanity. It had afforded him much pleasure in the rendition of that beautiful Biblical story as it had been done that evening. We trust, should Mr. Ward at any future time employ his talents in this line, that they will be more generally appreciated by our citizens.

The census gives Detroit a population of 116,027.

Counterfeit \$10 bills of the Bank of Ontario are in circulation at Montreal.

Forest, July 14.—Mr. H. F. Brodie, druggist of this place, died to-day from the effects of an explosion of a bottle of Caustic Ammonia, in his shop on Saturday last, inhaled at the time.

The largest yield of fall wheat yet reported at Glimsky Camp was threshed by Mr. Albert O. Bowlsong on Wednesday on the premises of Mr. Ed. Hoff, of the acres one hundred and sixty-five bushels of wheat were threshed. The average yield this year will be about forty-five bushels per acre.

Monday afternoon a little boy aged four years, son of Mr. John Shackleton, was drowned at Colpo's Bay. It is supposed that he had fallen on an old boat that was lying on the shore, and went to sleep and rolled into the water. The body was found in the evening about forty feet from the shore and close to where the boat was lying.

MASONIC GRAND LODGE MEETING.—Guelph, July 14.—The twenty-fifth communication of the Grand Lodge of Ancient Free and Accepted Masons for the Province of Ontario opened in the City Hall here at three o'clock to-day, when nearly every officer and member of the Grand Lodge was present. There was in attendance a large number of the Guelph brethren present at the opening of the Grand Lodge.

WINDHAM'S CIVIC HOLIDAY.—It has been ascertained that Windham intends holding its civic holiday on the 5th of August in accordance with the general wish of its citizens. It is also the intention to organize a monster excursion to London on that day, when our excellent system of water-works may be seen, as well as the beauties of our river scenery. The people of Windham may rely on receiving a most courteous reception at the hands of Londoners, and afforded every opportunity to assist their reach.—Free Press.

Mr. James Coleman has resigned the Division Court clerkship, St. Mary's, in consequence of having determined to settle on his farm in Muskoka, where his family has been for some time. Mr. Coleman assumed the office on the death of his father, some fifteen or sixteen years since, and has discharged its duties to the entire satisfaction of the public. We are glad to be able to announce, as his successor, Mr. Edward Long, a gentleman well known and respected in this town for his many excellent qualities of head and heart. We have much pleasure in saying that this appointment of Mr. Long to the office of clerk of the Division Court will give the most ample gratification to all parties in St. Mary's.—Journal.

Jailor Land has been suspended, and will probably be dismissed, for having admitted the wives of some of the Bidlaw prisoners to stay with them in jail over the night, in violation of the rules. Women so admitted were the wives of Kennedy and McLaughlin. The inspector of prisons went to London to inquire into the charge that had been made, and in Lamb's confession it the keys of the jail were at once demanded, delivered, and put in charge of the head turkey Kelly. The Sheriff received the necessary notices, and will at once proceed to give the necessary notices. No special reference was made to the Banally trial, as the special commission idea is disposed of.
