UNITED STATES CALLED ON TO END SUBMARINE WARFARE A Portion of the 125th Brant Battalion Has Been Drafted to France

And Calls Upon United States to Take SHACKLETON Initiative in Enforcing Stoppage-Hindenburg and Other German Generals Also Oppose Continuance of Antarctic Explorer Receives Underseas Campaign of Warfare

Amsterdam, Oct. 20 .- A deman d for the stoppage of submarine warfare coupled with an appeal to the United States to take the initiative toward that end is voiced by The Telegraaf. The Tele-

"Ten days have elapsed sincthe submarine war was carried to the door of America and nothing has been done. Are we to understand that our ships are allowed to be torpedoed right on the Ammerican coast? We say in all frankness to America that submarine war must be stopped and Germany must be told that mistakes, which all the world knows are no mistakes, will no longer be tolerated. Let America speak the redeeming word lest she rue deeply in the future having neglected a task plainly to be expected."

Berlin, Oct. 20, via London.—Gen-eral Von Ludendorf has joined his trated through mighty efforts on our chief, Field Marshal Von Hinden-burg, in opposing a more ruthless German people stand united behind burg, in opposing a more ruthless prosecution of submarine warfare. Field Marshal Von Hindenburg's position was made plain at a meeting of the Independent Committee for German Peace Terms last Saturday, when through a personal representative, he requested the committee to abstain from agitation for a sharper submarine campaign.

German people stand united behind us, give us their confidence and do not demoralize the army by controversies over the expediency of means and ways to success. If to the outsider it seems that the program on certain questions is lacking, this does not prove that the program is actually at fault."

Official Word Received That Brant County Unit is Already Divided and Over Three Hundred Have Been Dratted Across the British Channel

The Courier has been aware for some days that some of the men of the 125th (Brant) Battalion, under command of Lt. Col. Cutcliffe, had been drafted to France, but release of that news has only just been received from the censor at Ottawa.

The members of "A" and "B" companies are those who have gone across the British Channel and it is understood that none of the officers went with them, as they were needed to replexish losses in the ranks. In fact, a week ago last Wednesday, ex-Mayor Spence received the following cablegram from Major McLean:-"No officers with draft."

Mr. Spence at once notified the relatives of officers in the above regard.

It is further understood that at the time the companies named were drafted, they were doing supplementary work at Ascot and that the remaining members of the Battalion were quarantined at Bramshott Camp because of a small outbreak of measles.
