Proposal of City to Auction Tea and Sulphur, properly compounded, brings back the natural Off Butchers' Stalls Meets With Dis-

favor

The Trades and Labor Council last night was principally occupied with the consideration of the proauction off the butchers' stalls on for about 50 cents. the market. President Noble direct-

The Brantford market was virtually a free one, the tolls charged being and attractive. based upon the expense of operation, inside the city, and offer to the citi- prevention of disease. zens the commodities they were unstatus of ordinary retail stores. Not eventually fall on the consumers, but it had a tendency to diminish supply. These were not times to (1) That the butchers' stalls be

the Council was based upon the fact there was a greater demand for (3) That if it can be was unfair to those vendors who or such authorities for the purpose could not get possession, and a valuities may create, that a conspirate of sideration. With this objection he sympathized, but felt the difficulty iods as may be considered just. could be satisfactorily overcome by the City Council taking certain precautions which he mentioned.

Delegate Morien thought arrangedate all the people who wanted the Delegate Keen advanced the suggesstalls. They were provided to prevent dust causing injury to the food for organized to embrace the foreign sale, as well as for the comfort of population, that the same be dividthe people engaged in marketing. He urged that the prices on the Brantford market were much higher than high figure, and failing to fitte the thought the foreigners away only a few weeks ago after a chasers, the goods were sold to the local dealers at lower prices than local dealers at lower prices than local dealers at lower consumers oil mutual association. were demanded from consumers on mutual association

Delegate Kyte felt an organized

There were people conducting stores in the city who were selling on the market also. They influenced their competitors to keep up market prices to store prices. He thought the market should be used for producers on ly, and that for such goods as potatoes the city should fix the prices at which they were to be offered for

Mr. Symons Delegate Symons was of the opinion that the other members of the direct relation track is regarded as bearin; committee of the city council saw direct relation to Germany's proposthe matter as he did. Some years ago al to Mexico, but it is said that they the matter as ne did. Some years ago it was possible to buy at a saving on are collateral evidences of Gerthe market. The T. and L. Council many's general plans. then strongly advocated butchers be granted the privilege to cut meat there. Since this rule came into operation, the benefit expected had not been realized. For a short time meat was sold cheaper, but after a while the professional butcher got on the market and occupied the stalls. There were now very few producers that prices of meat have been greatly ure from the country at any time, of its comforts as it enjoyed them, they could get store prices on the Japan. market without paying high rentals for stores, some butchers dispensed with them and did enough business with them and did enough business on the market on Saturday to keep them all week. The city council committee might have been wrong, but they looked at it in this light; there were many applications for the stalls by people prepared to pay the rental value for them, and the city needed the money. They thought, therefore as the meat prices on the market were of no particular benefit to the the highest bidders, and the extra into allegations against the Army to fill a vacancy in the council.

Has Market Failed? Hon. Delegate Keen, in reply, said the position of the city council committee appeared to be that what was my council were first made in conthe work. the civic authorities in permitting abuses to creep in. The market having ceased fully to discharge its proper functions, it was decided by offering space at a competitive rental, for interior.

At today's session counsel for the White powder syndicate, for Sir Theodore and for Joseph C. Blanche of New York, inventor of the explosion on the west.
