January 30th, 1873.  
This is to certify that my sister Julia when at the point of death with what was pronounced by the first physician to have the black smallpox incurable in six hours after taking Doctor Loomer's Small Pox Cure the pains ceased, the swelling went down in the tongue and throat so she could speak; she had been blind for three days and speedily recovered. My two children were taken with the same disease one not being vaccinated, they took the remedy when it first showed the spots on the face, and were not sick afterwards. The spots dried in two days without leaving one mark. I was in the house all this time and took the disease. I believe it is a sure cure and preventative. I therefore recommend it to all.

### CANNING

October 2nd.—Rev. W. F. Gates preached a memorial sermon in memory of the late President McKinley on Sunday night week. The discourse was very interesting as well as instructive and struck us as a fitting tribute to the late president who had always sustained such friendly relations with Canada and whom we should truly lament as a good man and a wise ruler.

Mr. and Mrs. Joseph Harris are receiving many congratulations just now on the arrival of a daughter in their home.

We noticed our genial editor, Mr. H. G. Harris, in our town last week.

Mrs. B. B. Woodworth leaves Canning this week for Truro where she expects to spend the winter with her daughter, Mrs. Russell.

Dr. Trotter of Wolfville, preached a very pleasing sermon in the Baptist Church on Sunday evening on The Christian Life.

A Harvest Service will be held in the Methodist Church on Sunday evening, October 6th.

Mr. Eugene Eaton returned this week to the dental college in Philadelphia where he has been studying dentistry during the past two years. We are not flattered when we say we predict a bright future for Mr. Eaton in his profession. He came home for a vacation but has had a busy summer and has done most satisfactory work in every case of which we have heard.

The farmers are selling their fruit for good prices this year. Those who were lucky enough to have large crops, or perhaps the word "lucky" may be changed to "blessed," are selling off for what seems to some of us small fortunes.

Mr. Sedgewick is again at his business in the Cornwallis Creamery after a weeks vacation spent at his home in Halifax County.

Miss Annie Cox is visiting in the United States.

Mr. MacLean of Mahone Bay, is a guest at the parsonage.

Rev. W. N. Hutchins is absent on a few weeks vacation. We believe he will take in the Pan-American Exposition before his return.

Miss Palmeter of Delhaven, is a clerk in the dry goods store of Mr. R. D. G. Harris. When we notice the large assortment of fall and winter dry goods that are arriving, we realize that fall is here and that winter is approaching.

Mr. George Tibbets has closed up his tailoring establishment here and has moved with his family to Amherst.

The Band still continues to play out of doors on Thursday evenings. We hear rumors of a processional concert at the rink in the future. If it does not become something more than a rumor shortly the word processional will have to be changed to a name suggestive of greater energy. What ever it is we may with safety predict a large patronage, for who ever knew a town more in sympathy with a Brass Band than Canning.

A political meeting was held in the rink on Friday evening. The attendance was not as large as is usual on these occasions, but the interest seemed to be very good. These meetings are very odd functions. One representative arises and makes a most plausible speech in which he places the side of his opponent at a very low estimate, and the opponent thus depreciated proceeds to flatly contradict every statement made by his accusers and so it goes on. We wonder that they don't get furious and come to blows, but we at length conclude that it is all a farce, that they are only surface fighters and that all they say does not amount to a great deal.

How many men vote according to principle? The best men of our county would represent our people, but do they? If our County is judged by the representatives which we send, what a wise and good people we must be considered, and what a privilege to be an inmate of Kings County.

We are told that in the hands of the coming generations lies the salvation of our County. It is they who must renovate our land and make it a little Eden. What a wonderful generation it is going to be to be filled with traits which it never inherited, of virtues of which it never heard. To remodel a people without any definite ideas of what they are doing. Example comes before precept.

Some of the young men who left for the harvesting in the North West last August returned on Saturday. Among them were Mr. Harold Fellows and Mr. William Church.

### A DECISIVE VICTORY FOR Paine's Celery Compound

**MRS. THOS. McMASTER,**  
Cumberland Street, Toronto, After Long Years of Suffering Is Perfectly Cured

SHE SAYS  
MY HEALTH AND HAPPINESS ARE DUE TO PAINE'S CELERY COMPOUND

A Letter That Will Cheer the Suffering and Despondent

The Wells & Richardson Co., Limited.

Gentlemen,—Ten years ago I was attacked with neurgia, and though treated by six doctors the disease grew worse and nearly drove me in sane. I was for one summer an out-door patient at the hospital here, but only got temporary relief. I was sleepless for nights, my digestion was bad, and I would feel a pain in my stomach every time I ate anything. Day after day I suffered the most intense agony, and I often wonder I didn't go crazy. I took endless medicines given to me by medical men, and getting worse, I became utterly disheartened.

One day my deliverance came. A lady who had suffered just as I had told me that Paine's Celery Compound had cured her. I used the compound as a last resort, and it simply made a new woman of me. The pain vanished; my eyesight, which had been impaired, returned, and I felt myself growing well, and never felt happier in my life. I am now well and strong, and all my health and happiness are due to Paine's Celery Compound.

Yours gratefully,  
**MRS. THOS. McMASTER.**

### KINGSPORT

October 1st.—The bark Avonia arrived in port last week. She will go on the Marine Slip and recopper and cork.
