

EUROPEAN CONFERENCE.

Britain, Russia and France Agree On a Programme.

Bulgaria Refuses Pecuniary Compensation For Independence.

Secret Treaty Between Austria and Bulgaria.

London, Oct. 19.—Great Britain, Russia and France have reached an agreement on a programme to be submitted to the other powers as a basis for discussion by the proposed European conference to settle the Balkan situation.

The first proposal is to the effect that article 1 to 22 of the treaty of Berlin, which relate to Bulgaria and Eastern Roumelia, shall be replaced by stipulations recognizing the independence of Bulgaria as at present constituted, and determining the financial obligations of Bulgaria toward Turkey.

The second and third proposals are that the powers shall take note of the annexation by Austria-Hungary of Bosnia and Herzegovina and the return of the Sanjak of Novi-pazar to Turkey. The fourth article of the treaty of Berlin by clauses recognizing the annexation of Crete to Greece, and determining the financial obligations of Greece, in respect to Crete toward Turkey.

The fifth proposal is to the effect that arrangements similar to the above shall apply to the Armenian Provinces of Turkey.

The sixth article deals with Montenegro. The Montenegrin rights of sovereignty are limited to article 19 of the treaty of Berlin. It is proposed that articles 26 to 33 inclusive of the Berlin treaty shall be condensed to a single article abrogating all the restrictions imposed by the treaty under the original article 29, which it is proposed to sweep away.

The seventh point in the programme is the statement that it is desirable to give compensation to Serbia and Montenegro by a rectification of the Bosnian and Herzegovina frontiers adjoining Novi-pazar. This is taken to imply that a strip will be taken from the territory annexed by Austria-Hungary.

The eighth proposal concerns the River Danube, and declares it is desirable to revise the regulations governing Danube traffic so as to give larger rights to the States bordering on the river.

The eighth article of the programme are followed by a declaration, as the new Ottoman constitution foresees a reorganization of the judicial system and a remodelling of Turkish legislation in conformity with the principles of other European States, the powers are prepared to consider in concert with Turkey so soon as these reforms are realized, the best means of doing away with capitulations.

The draft of this programme makes no mention of the straits between the Black Sea and the Mediterranean, which, of course, means the Bosphorus as well as the Dardanelles. But these straits have been a subject of protracted discussion between Sir Edward Grey, the British Foreign Secretary, and M. Iswolsky, the Russian Minister of Foreign Affairs. M. Iswolsky does not ask that this question be submitted to the conference; what he desires is that Great Britain and France help Russia to negotiate with Turkey for the opening of these straits to Russia.

No Money Compensation.

Paris, Oct. 19.—A special despatch from Sofia to the Matin quotes the Premier as saying that Bulgaria would refuse to make pecuniary compensation in return for recognition of her independence.

"We have not proclaimed Bulgaria's independence," said the Premier, "in order to ransom her for a sum of money. If we must ransom Bulgaria again we prefer that it be without blood."

Secret Treaty.

Belgrade, Serbia, Oct. 19.—The newspaper Deyni List publishes what purports to be the text of a secret treaty between Bulgaria and Austria. There are three clauses in this treaty. In the first Austria authorizes Prince Ferdinand to declare the independence of Bulgaria and promises to maintain the Coburg dynasty in Bulgaria.

C. P. R. ELECTRIC PLANS.

To Cross 700 Miles of Mountains by Water Power.

Winnipeg, Man., Oct. 19.—Sir Thomas Shaughnessy, President of the Canadian Pacific Railway, who is in Winnipeg, said that the company had spent \$10,000,000 double-tracking the line between Winnipeg and Thunder Bay in the last year.

CHICAGO FIRE.

\$1,250,000 Worth of Property Burned Up To-day.

Chicago, Oct. 19.—The International salt docks, the Calumet elevator, the offices of the Elgin, Joliet & Eastern Railway and two steamships were destroyed early to-day in one of the most spectacular fires Chicago has had in many a year.

The loss, it is estimated, will reach \$1,250,000.

Starting at one of the salt docks, the fire spread rapidly until it covered an area of nearly five acres, and sent up a

volume of fire that could be seen all over South Chicago. The salt docks, which are owned by the Jay Morton Co., were destroyed four years ago, entailing a loss of more than \$1,000,000. The Calumet elevator, which is near by the docks, was stocked with 1,500,000 bushels of corn. It blazed like a great torch, and the strong wind sent burning brands in showers over the dwellings in the neighborhood. It is thought that a spark from a passing locomotive started the fire.

U. S. FLEET IS DELAYED.

Consternation in Tokio and Yokohama Over Programme.

Dinners, Balls, Etc., Postponed—Off Cape Shiomi.

Tokio, Oct. 19.—The announcement of a day's delay in the arrival of the American fleet, made in special editions of all the daily papers has caused something akin to consternation in Tokio and Yokohama, because of the necessity for wide departures from the programme of entertainment which had been arranged up to the last minutes detail. Officers of the Japanese navy who have taken an active part in the preparations, have been in constant consultation with Commander Dougherty, the naval attaché at the American Embassy.

It has been decided to postpone the dinner arranged by Commander-in-Chief Ijima, of the Japanese navy, for Saturday, and the faji ball aboard the Mikasa, which was to have taken place on the same evening, to Friday, Oct. 23. The dinner to be given by Rear-Admiral Sperry will take place on the following day, and the fleet is expected to depart preceding. No word has been received here from Rear-Admiral Sperry since early this morning. At 3.30 a. m., the 12 battleships were off Cape Shiomi, about 400 miles south of the entrance to the harbor.

INSURANCE IN ONTARIO.

Report of Superintendent of Operations in the Province.

Toronto, Oct. 19.—The annual report of the superintendent of insurance of Ontario shows the total amount of insurance in force on Dec. 31, 1907, as \$1,400,340,043. The benefits paid in Ontario in that year amounted to \$2,473,009, and the disability benefits amounted to \$179,779.

The assets in Ontario at this time are given as \$7,443,433, and the liabilities as \$530,581. The assets anywhere amount to \$25,206,310 and the liabilities to \$1,966,298. The total Ontario membership is computed at 279,756.

The sum paid in sick and funeral benefits was \$631,747 and the sum for special relief was \$12,698.

UNGALLANT MR. GREENWOOD.

Wants Ladies Excluded From Members' Lobby at Westminster.

London, Oct. 19.—Mr. Hamar Greenwood created some amusement in the House of Commons to-day by asking the Speaker to abolish the privilege enjoyed by M. P.'s of bringing ladies into the members' lobby, on the ground that frequently, especially during June and July, it was almost impossible for members to enter or leave the chamber. Mr. Greenwood pointed out that last evening a suffragette abused the privilege in a way he had hoped was restricted to pagan tribes in remote parts of the world. The Speaker eventually ordered that no woman should be allowed to pass the doorkeepers.

An hour afterwards Mr. Greenwood was seen escorting two ladies through the lobby.

CAPITALIST DRIVES HORSE CAR.

Frisco Fire Losses Bring Pat McFadden Down in the World.

New York, Oct. 19.—Because he would not accept part payment from fire insurance companies on losses in the San Francisco fire, Patrick McFadden, who for eleven years made his home at the Palace Hotel in San Francisco, is now driving a Chambers street horse car; and he said yesterday he would keep on driving till he got his full insurance.

Before the disaster McFadden reckoned his income between \$10,000 and \$15,000. His revenue from apartment house property alone he estimated at \$400 a month. Even now he might settle with the insurance companies for \$6,500, but he prefers to work for \$2 a day.

CHINESE FIRE ON JAP TROOPS.

Japan Wants to Send Troops into China to Retaliate.

China Objects and There May be Trouble About It.

The Situation Beginning to Look Rather Serious.

Seoul, Corea, Oct. 19.—Serious complications affecting the peace of China and Japan threaten as the result of an engagement between Chinese and Japanese troops in Kanto, Northern Corea, in which several were killed and wounded.

The refusal of the Chinese War Office to permit the pursuit of a detachment of soldiers who are said to have been the aggressors may result in the crossing of the frontier by Japanese troops. Chinese soldiers are reported to have opened hostilities by firing upon a police station occupied by the Japanese troops, who were sent into Kanto as a guard for the Koreans resident there. The fighting that ensued lasted several hours, and while the exact number of casualties is not obtainable, there was a number killed and wounded. The commander of the Japanese garrison immediately called on China for permission to cross the frontier into Chinese territory, and pursue the assailants, who appear to have been worsted in the engagement. The request was refused by the War Office.

The Japanese Foreign Office has made representations to the Government at Pekin, and the situation is beginning to assume a serious aspect. It is intimated that unless China takes prompt action satisfactory to the Japanese Government the latter may take the initiative and cross the frontier in order to afford protection to the Koreans.

New York, Oct. 19.—Henry Standing Bear, a full-blooded Sioux Indian who was a graduate of the Carlisle Indian School and formerly a full-back on the Carlisle football eleven, was arraigned in the Tombs Police Court to-day, charged with bigamy. The complaint was brought by Hazel M. Moran, of St. Louis, who said she was a graduate of Smith College at Northampton, Mass. Miss Moran alleged that she was married to Bear in May last and accompanied him to London to interpret for Indians who were giving exhibitions at the Crystal Palace there. Miss Moran asserted that she has never discovered the man who has a Sioux wife and three children at Pine Tree, South Dakota. Bear was held in bail for a hearing next Monday.

BRITISH BALLOON WON.

Others Made Longer Trips, But Decried as Long Trips in Water.

Berlin, Oct. 19.—The British balloon Bantsee, which came down yesterday at Hydding, Schleswig-Holstein, 261 miles from the point where the international balloon race started, was today officially declared winner of the international Aeronautilus ships.

Two Norwegian balloons made longer flights than the Bantsee, but they were disqualified because they descended in the water.

The Helvetia, a Swiss entrant, made a remarkable flight of 787 miles, landing in shallow water, only a few rods, as was said, from the shore on the coast of Norway, near Ersolmen.

A SCHOOLBOY'S JOKE.

Placed Glass on Seat and Another Lad Was Badly Cut.

A Strathroy despatch: Allen Bolton, about fifteen years of age, a student at the Collegiate Institute here, was the victim of a practical joke to-day which proved rather serious. Some mischievous student placed a piece of glass on his seat, and he was badly cut. He was conveyed to the office of Dr. A. S. Thompson, and thirteen stitches were required to sew up the wound.

A GREAT JOKE.

Pueblo High School Scholars Forbidden Football.

They Dress Like Little Children and Spin Tops, Etc.

Pueblo, Col., Oct. 19.—Central high school resembled a kindergarten yesterday when the pupils, to show their contempt and ridicule for the orders of the school board that the school shall not have a football team, came to school dressed as little children and bringing toys. Large boys in short trousers, shirt waists and big bow ties, carried tops and marbles and the girls, with their hair in pig tails, adorned with big ribbons, nursed dolls and teddy bears, and played with jacks.

Immediately upon the assembling of school the boys commenced spinning tops and rolling marbles on the floor.

Efforts to restore order were unavailing, and the senior and junior classes were dismissed. The pupils gathered outside the school in an uproar by loud yells of defiance. Principal H. M. Barrett finally made a talk to the pupils and they agreed to return to the school and behave.

Members of the school board say they will remain firm in their decision against football.

HIS BRAIN A LEGACY

Will of Dr. Alexander Wilder Bequeaths Organ.

New York, Oct. 19.—The brain of Dr. Alexander Wilder, the journalist and author of many works of evolution, philosophy, psychology and medicine, was bequeathed to Prof. Burt Green Wilder, of Cornwall University, by the will of Dr. Wilder, which was filed for probate to-day. Dr. Wilder was president of the school of philosophy of New York. Prof. Wilder has made an unusually complete collection of brains and was endeavoring at last accounts to add to the collection the brains of 100 educated ordinary persons.

COUNTERFEIT BILLS.

Big Find in Barns Opposite Crozier's Farm.

Milton, Despatch—Inspector Parkinson, of the Dominion Secret Service, Ottawa, arrived here this afternoon from Buffalo. Accompanied by Crown Attorney Dick and Chief Constable Chapman, he drove down to the neighborhood of the farm recently owned by Thomas W. Crozier, who is now in Milton jail, charged with uttering counterfeit bank bills. The party searched in two old barns opposite to Crozier's farm.

After digging for some time the diggers were rewarded by finding two cans labelled "Lipton's" and a small lard pail, all containing bills. Returning to Milton, the bills were counted, and were found to total \$7,310. The bills consisted of 270 Quebec Bank tens, 244 Standard Bank tens, 136 Farmers' Bank fives, 50 Farmers Bank tens, 142 United States (Indian Head) fives, and 28 Imperial Bank tens. The Imperial Bank bills were lacking the signature of the president.

NOT FORBIDDEN.

Leader of Catholic Democrats May be Excommunicated.

Rome, Oct. 19.—It is denied in Catholic circles here that the Pope has forbidden the Catholics of France to attend the State universities. His Holiness recommended that they do not attend, with a view of encouraging the faculties of Catholic institutions by the preference given them over State institutions.

It is reported that Father Romolo Murri, the leader of the Catholic Democrats, will shortly be excommunicated, but for hereby, but for disobedience in writing and lecturing in a spirit of disapproval on the policy of the Pope.

14 LIVES LOST.

Another Report Says 200 Were Lost in Fire On Train.

Detroit, Despatch—Reports to both the Detroit News and Detroit Journal from Alpena state that it is definitely known that fourteen people were burned to death in the relief train from Metz.

They were principally women and children, who were cooped in box cars, the only ones available when the train from Alpena left Metz. It is reported that sixteen coffins were sent north on the train this morning. Reports of greater loss of life than fourteen are current at Alpena, but it is impossible as yet definitely to confirm them.

Detroit, Mich., Oct. 19.—A report which reached this city at 9.15 says it is reported at East Tawas that the loss of life by the burning of the Metz relief train may reach 200.

Sixteen People Burned.

Ray City, Mich., Despatch—According to the meagre information available here to-day at the office of the Detroit & Mackinaw Railroad, there were sixteen people burned to death in the Metz relief train last night, which was destroyed by the forest fires. The wires north of the Detroit & Mackinaw Railroad here of Alpena are down and the officials of

are powerless to secure details or even confirmation of the train's destruction.

Cause of Wreck.

Alpena, Mich., Despatch—The reports received here say that after the relief had been loaded with people and goods at Metz it started north, but was unable to get farther than Hawkes. Then the train was headed south for Alpena. At Nowlas station the fire had burned through a number of railroad ties, weakening the track and it is reported that the rails spread, derailing the relief train, which was destroyed by fire. It is not yet positively known what became of the people reported to be on the train, but what information has filtered in here says that they are believed to have been burned to death.

Engineer Foster and Fireman Lee took refuge in a water tank, where they stayed until the water became so hot that they had to leave the tank and run for their lives. They are reported badly burned. A later rumor is that there were no people on the train which was destroyed. Another train left here early to-day, carrying physicians bound for the north.

The fires in the immediate neighborhood of Alpena have receded to-day and this city is now out of danger. It is feared that there has been much loss of life in outlying hamlets and farms throughout Presque Isle county.

Fifteen Skeletons Found.

Detroit, Despatch—A despatch to the Journal from Millersburg, about twenty miles north of Metz, states that 17 people were burned to death with the Metz relief train, and that 16 skeletons have been found in the burned wreck of the Gondola car, which made up part of the relief train. The despatch says that the train ran into a burned-out culvert, which was the cause of its derailment.

Among those who perished are: Mrs. Cicero and her three children, Engineer John Kinville, of Alpena, and another member of the train crew escaped with their lives by creeping along the track on their hands and knees. They were terribly burned, however. It is reported from there that Kinville is blind from his burns and may die. The other man will live.

IGNORED SPEAKER.

Laborite Member Carried From the British Commons.

London, Oct. 19.—In the House of Commons to-day Albert Victor Grayson, Socialist and Laborite, from Yorkshire, constantly ignored the Speaker and his calls to order, and continued to call the attention of the House to the fact that there were people starving on the streets. To the members who were insisting that he sit down, he retorted: "It is all very well for you to cry order, you, who are well fed."

Finally, the Speaker called on the Sergeant-at-Arms to remove Grayson. While he was being carried out bodily he shouted, addressing the Laborites: "I call upon the traitors to their class who have refused to stand by their class to stand by me."

MAY EXPROPRIATE.

Power Commission May Have to Take Land.

Toronto, Despatch.—Hon Adam Beck was in the city yesterday, and had a consultation with Mr. F. H. McGuigan and Mr. C. B. Smith at the offices of the Hydro-Electric Power Commission. Some of the details connected with the construction of the transmission line were discussed. It is said that the commissioners may find it necessary to expropriate some portions of the right-of-way.

Mr. Smith said that it would now be possible to proceed with the construction of some of the steel piers. Contracts had been made for some time, however, and the delay had not affected the price. The turning of the first sod for the line will not likely take place until some of the steel and iron work has been completed.

HEARST SLANDER.

Governor Haskell Sues Him For \$600,000 Damages.

Omaha, Neb., Oct. 19.—After a dramatic scene in Union Pacific train No. 2 last night at midnight, in which the door of his stateroom was burst open by a deputy sheriff, William Randolph Hearst was served with papers notifying him that suit for \$600,000 had been brought against him for libel and slander by Governor Charles N. Haskell, of Oklahoma, in the Douglas county, Nebraska, district court.

OZONE EXPLODED.

Accident at Tweed Public School—Principal and Pupils Injured.

A Tweed despatch: At the Public School this afternoon Principal Blake was conducting a chemical experiment, and while he was passing ozone through a glass tube containing logwood, in order to show its bleaching powers, an explosion took place. Glass and acid flew in all directions. Mr. Blake's hands and face were cut in a score of places and several of the scholars also more or less injured.

Colin Helm, son of Mr. H. P. Helm, local manager of the Bank of Montreal, is burned about the face and eyes, and may suffer some inflammation in his eyes for a time.

THE AUSTRALIAN BUDGET.

Commonwealth's Foreign Trade for Years Was £123,000,000.

Melbourne, Australia, Oct. 19.—Sir William Lyne, delivering the budget statement to-day, said the unprecedentedly large customs revenue of £11,645,000 was attributable to the new tariff and the higher price of products. Sir William pointed out that Australia's imports were £51,000,000 and her exports £72,000,000, while the corresponding Canadian figures were £20,000,000 and £32,000,000.
