TWO TORONTO WOMEN KILLED IN AUTO CRASH

and Machine Backed Over Don Embankment.

A despatch from Toronto says:and two others miraculously escaped injury, when an automobile driven by Frank Kelly, 293 Lauder Avenue, stalled on the steep hill beyond the second bridge, which spans the C.N.R. of-way, seventy feet below. The dead are: Mrs. John Wilson, aged 51, 135 Simpson Avenue, and Mrs. Norman Jackson, her daughter, aged 35, 69 Frizzel Avenue. Those injured are: Frank Kelly, who is believed to have some broken ribs, but who is to under go an X-ray examination to ascertain definitely if this is so, and May Trebley, aged 4, of 69 Frizzell Avenue. Mrs. Charles Trebley, who is also a daughter of Mrs. Wilson and mother of the injured child and of Donald Trebley, aged 18 months, escaped with her baby. The remains of the two victims of the tragedy were removed to the Morgue, where County Coroner W. L. Bond opened an inquest. The injured persons were conveyed to St. Michael's Hospital. After her right limb had been set in a plaster cast May Trebley was able to go home. Kelly, who is engaged to one of Mrs. Wilson's daughters, had had his car in storage until a week ago.

Mrs. Wilson was the mother of ten

15,434 Head of Cattle Sent Since Removal of Embargo

A despatch from Ottawa says:

Since the British embargo was removed (and up to May 31), 10,190
store cattle and 5,244 butcher cattle have been exported to Great Britain, says a report of the Department of Agriculture. Of that number approximately 11,500 were billed from Ontario and 3,000 from the Western Provinces. Prices on good Western Provinces. Prices on good Western Provinces. ALBERTA WHEAT CROP **DOUBLE 1922 YIELD**

Rain Has Afforded Immense Benefit to Farms and Forests.

A despatch from Calgary says:-Grain men and others in Calgary are already forecasting the probable yield of wheat in Alberta this year, and those who are prepared to hazard a guess state that given ordinary favorable conditions be-tween now and harvest time the threshing machines will register something in the neighborhood of 100,000,000 bushels. This estimate is based on the 65,000,000 bushels crop of last year (Alberta Government estimate) and on approximately the same acreage seeded. As a matter of fact, are some grain men who say that the estimate is somewhat con-servative, and that the acreage in some localities this year shows a considerable increase compared to last year, particularly so in the northern portion of the province, where wheat is rapidly outrivalling oats and other coarse grains.

While the recent rains, which amounted to about seven inches and which are believed to be the heaviest on record in Alberta for an equal length of time, are regarded as being worth anywhere up to \$25,000,000 to the province, the benefit to the forests may also be fairly regarded as amounting to millions.

By the way, another saving to Canada following the rains is being accomplished at the Federal aerodrome at High River, Alberta, for with the forests saturated it is not necessary tional boundary below the Crow's Nest Pass. The machines will only be sent out when conditions warrant

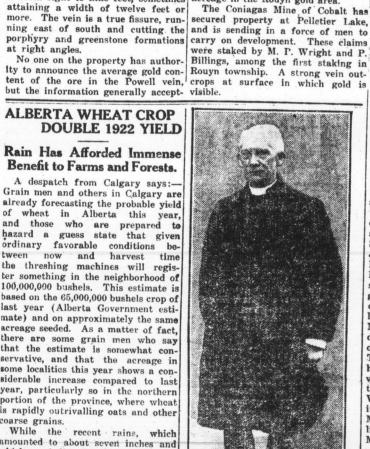

Presbyterians Debate Three Proposals on Church Union.

A despatch from Port Arthur says:—Three proposals relative to Church Union are the subject of historic debate in the General Assembly of the Presbyterian Church in Canada. UNIONISTS-Majority re

port, presented by Rev. Dr. G. C. Pidgeon, that consummation of union with Methodist and Congregational Churches be approved and proceeded with.
