WILL APPEAR SATURDAY. Another instalment of Dr. Mc-Keough's description of his trip abroad will appear on Saturday. It is unne-cessary to say it will prove as instructive and entertaining as the previous chapters. The Doctor has the rare gift of being able to make a descriptive article also entertaining. Some writers can give excellent descriptions Others can make themselves entertaining. But few can combine the two and do it well. This faculty Dr. Mc-Keough appears to possess to a mark-ed degree, and the descriptions he has already written of his trip have been widely read and generously comment-

Cyrus Kemble, Near Niles, Made a Desperate Attempt

She Escaped From Infuriated Man After a Struggle.

Niles, Mich., Nov. 29 .- While temporarily deranged Cyrus Kemble, a porarity deranged Cyrus Kemble, a wealthy farmer, residing a mile to the south of this place, is said to have attempted to kill his wife yesterday. For some weeks Kemble has been worrying over a proposed real estate deal. He has been trying to exchange Niles property for Chicago real estate. H's wife, being a part owner of the property, refused to countenance the transfer. He went to a local depot expecting to meet a Chicago real es-tate dealer, but the latter failed to put in an appearance. He returned home, and his wife noticed he acted queer. He went into the cellar and returning, is alleged to have struck his wife on the head with a blunt H

trument. Mrs. Kemble says: "I was trim ming my hat when he came in and struck me on the head with a blunt He hade cut his head terribly and his hands and clothes were covered with blood. I thought he had shot himself, and knew that he wanted to kill me. I fought him, and after he had been unsuccessful in throwing me down the cellar way, I broke away from his grasp and ran to Mr. Stewart's who lives in the next house. My husband was following me. Mr., Stewart he ped me; I was brought back and here I am."

Kemble evidently attempted to dash his own brains out in the cellar before he attacked his wife, as he was terribly cut about the head. Mrs. Kemble is also badly cut up, and is in a serious condition. Kemble is in cusa serious condition. Kemble is in cus-tody. The affair has created a great sensation, as the family is one of the best known and most respected famlies in Berrien county.

A GRAPE FAMINE.

Frost has played such havoc with the grapes in Essex and Kent counties that, instead of exporting largely, the growers are not raising enough for their own requirements. Mayor Girardot, of Sandwich, a big wine grower, has been compelled to go far afield for his grapes. After buying up everything he could find on the mainland, he bought all the grapes grown on Pelee Island, with the exception of about 15 tons, and now he is making up the defidency by importing large quantities from New York. This proceeding is unprecedented, and is very much like carrying coals to Newcastle,

Dr. Risdell says, "in patients who had lost the sense of smell entirely and even where the hearing has begun to be affected from catarrh I have had fine results after only a few weeks use of Stuart's Catarrh Tablets. I can only explain their action on the theory that the cleansing and antiseptic properties of the tablet destroys the catarrhal germs wherever found because I have found the tablets equally valuable in catarrh of the throat and stomach as in nasal catarrh."

Dr. Estabrook says, Stuart's Catarrh Tablets are especially useful in nasal catarrh and catarrh of the throat, clearing the membranes of mucus and speedily overcoming the hawking, coughing and expectorating. Any sufferer from catarrh will find Stuart's Catarrh Tablets will give immediate relief and being in tablet form and pleasant to taste and convenient and always ready ant to taste and convenient and anways ready for use as they can be carried in the pocket and used at any time as they contain no poisonous drugs, but only the cleansing antis-petic properties of Eucalyptus bark, Guaiacol, blood root and Hydrastin.
