

**WANT \$40,000 FOR STATION.**

Citizens Will be Asked to Authorize That Amount

For New Central Station and Modern Police Cells.

Small Station in the Eastern Section Later On.

If the ratepayers will vote the money Hamilton will have a new central police station at the corner of Mary and King William streets, to cost \$40,000.

The Police Commissioners and Markets Committee at a joint meeting last night decided to submit a by-law for that amount.

"This is the only city in Canada where there are more firemen than police," said Chairman Gardner. "The police here have never had a chance to come to the front."

The chairman said he had seen as many as thirty-five prisoners huddled in the nine little cubby holes, which serve as cells at present.

Plans of the proposed new building were submitted by Architect Stewart, and these will be revised by the Magistrate, Chief, the Mayor and Chairman.

They call for a two-storey building, with thirty-two cells. Twenty-four of these will be for men and eight for women. Magistrate Jelfs suggested that one of the cells should be fitted up a little better than the others, to accommodate any decent respectable citizen, who may be committed, and this will be done.

There will be a twelve-foot alley dividing the new building from the old one, where the patrol can drive in and unload prisoners out of the sight of curious people. The prisoners will enter an examination room and go from there to the cells. They will have to go up one flight of stairs and through a corridor to reach the court room, which will remain as at present, although it may be enlarged later by knocking out the walls to the west, which now divides the court chamber from the ante rooms. The quarters for men lodgers will be in the basement.

Police headquarters will be removed from the City Hall and the detectives will have their quarters on the ground floor at the corner of King William and Mary streets. West of this will be the deskman's office. The policemen's quarters in the old building will be remodelled. The plan will necessitate the removal of the old house at present occupied by the caretaker and he will have four rooms back of the detectives' quarters.

The cells for females will be on the second floor at the rear of the building. Provision is also made for quarters for juveniles.

At the front of the building, on the second floor, Chief Smith and Magistrate Jelfs will have their offices, which will be divided by the stenographer's office. Back of these will be the room where the Board of Police Commissioners will meet.

The Magistrate will have a waiting room, near his office, for his callers. Ald. Robson urged the building of a new station further east. The Commissioners and aldermen decided this would follow later, as they can get \$5,000 or so for a small station at any time. They agreed, however, that a central station must be built first.

**HELPED ROB P. O.**

Alexander Grant Admits He Was Implicated in Wright Robbery.

Vancouver, Oct. 21.—Alexander Grant walked into a Seattle police station last night and said he was implicated in the robbery of the post office at Wright, near Ottawa, a fortnight ago. He was tired and hungry, and willing to return to Canada. He said he was deserted by two comrades in Seattle three days ago. His pals told him they had secured \$8000, but he thinks the amount was greater. He got \$60 for mounting guard outside while the others cracked the safe.

**NEW CABINET.**

King Alfonso Has Got a New Set of Ministers.

Madrid, Oct. 21.—At a conference with King Alfonso, Premier Maura told the King that in the face of Senator Moret's statement that the Opposition would refuse to discuss even the most urgent measures, he had no option but to resign. He asked, however, that the members of the majority should support the new Ministry.

Upon the receipt of the resignation of the Premier and his Ministers, Moret y Prendergast undertook to form a new Ministry, himself assuming the post of Premier and Minister of the Interior. The new Ministers, who took the oath of office to-night, are as follows:

- Premier and Minister of the Interior—Moret y Prendergast.
- Minister of Foreign Affairs—Senor Caballero.
- Minister of Finance—Senor Alvarado.
- Minister of Finance—Senor Alvarado.
- Minister of War—Lieut.-Gen. De Luque.
- Minister of Marine—Rear Admiral Concas.
- Minister of Public Works—Senor Gasset.
- Minister of Public Instruction—Senor Barroso.
- Minister of Justice—Martinez del Camp.

When the President of the Chamber of Deputies made the announcement of the Cabinet's resignation it was received with such an ear-splitting uproar that he was forced to adjourn the sitting.

**Buildings Cats Don't Thrive In.**

"I haven't been able to keep a cat about this place," said the head of a big concern that recently moved into a building constructed of steel and concrete.

"In our old place we had a cat that stayed with us for 10 years, but a week after we came here she disappeared. Then we got another, but she didn't stay the week out. We have had four in the last six weeks and none has remained. The only way I can figure it out is that mice can't get a living in a steel and concrete building; hence cats seek more prolific fields."—New York Sun.

**Christ's Church Cathedral Branch Makes Good Start.**

The local branch of the Anglican Young People's Association, which was formed recently in connection with Christ's Church Cathedral, held its first meeting last night and it was very largely attended. The young people had a good time. Although a short programme was run off, it was more in the form of a social gathering. The society has numerous branches throughout Canada, and the local branch was formed under the direction of Mr. F. J. Walker, who has had considerable experience in other cities, and for a time was president of the branch at Toronto.

Rev. Canon Abbott, in welcoming the young people, said the society would only prove helpful to them in educating them socially and intellectually, but would also be a mainstay to the church. When the local branch was organized he was greatly pleased, as he realized the good it would do. He welcomed one and all to the meeting, and hoped they would attend regularly and keep the interest going.

The chairman, F. J. Walker, gave a short address, in which he ably set forth the objects of the society, and also the church and its various societies, by each becoming a member of the A. Y. P. The strangers would then be brought into contact with the members of the other organizations. The society would not only seek to build up its own ranks, but in doing so would be building up the church. The regular attendance of the members would be needed if the society was to be worked right, as by so doing the interest would be kept alive. The organization would be one of the strongest bodies of young people in the city. It would be as an example for the other Anglican churches of the city.

The musical part of the programme consisted of the following: Solos, Miss Stares, Mr. Chadwick, Miss Gates, Miss MacKeehan, Mr. Bruce, Miss Stares; violin duet, Miss Rosalie Hopper and Miss Ethel Clowes; violin solo, Miss Rosalie Hopper; duet, Miss MacKeehan and Mr. Bruce. Miss Ambrose acted as accompanist.

Refreshments were served under the direction of the ladies, and they were deserving of much credit for the able manner in which they supervised the arranging of the tables.

**RABBI PROTESTS.**

**THE JEW NO MORE IMMORAL THAN OTHER RACES.**

Charities Conference Ends—Closing Session Was Devoted to the Means of Correcting Wayward Children.

Toronto, Oct. 22.—The tenth Canadian Conference of Charities and Corrections closed yesterday after a three-day session. Rabbi Solomon Jacobs, of the Holy Blossom congregation, appeared before the conference to voice a historic grievance and contradict the statements made by Miss Charity Cook on Tuesday morning in a paper on the "Overcrowding of Tenements." Miss Cook said that wife desertion was more common among the Hebrews than with any other nationality. The Jewish leader challenged her to prove her statements.

"I cannot understand why the poor Jews of the Ward should be particularized as monopolizing all the vice and crime of the human calendar. In the Ward there are Catholics, Presbyterians and the members of all denominations, but why should the poor Jew be dragged into discussions of this kind? As soon as I read Miss Cook's statement I at once communicated with the heads of the different charitable organizations in the city. They told me they were not cognizant of one case of wife desertion among the Jews.

"When I spoke to Staff Inspector Stephen about the matter he said: 'When I read that statement, I said, it is libel.' Only a small proportion of the Jewish population and that proportion is certainly in their favor, are reported as wife-deserters.

"I can understand, however, why Miss Cook makes such statements, for I suppose it will prove to her employers that she is doing the work required of her. I contradict her statement and shall be very pleased if this lady is here to give us some facts and figures."

Miss Cook is Bible woman for the Woman's Bible Training School, 80 Hayter street. She took occasion to turn the spotlight upon social conditions among the Jews, and among her statements said that Jewish women had no privacy. President McNellie introduced Rabbi Jacobs, who in a few words stated his position. Miss Cook was not there and no one replied to his statements.

S. M. Thomson, of Brantford, talked on "Child Saving in Rural Districts." The Children's Aid Society was doing more, he said, to save the children from Mimico Asylum and Central Prison and other places of that kind than any other institution. He strongly advised the audience to see to it that these societies were established in all places.

"Encouraging the Humane Spirit" was the topic of the Rev. Amos Towell, of Guelph, who placed kindness above every other human attribute.

Mr. J. J. Kelo, of Toronto, had the subject "Truancy." He advocated the selection of trained women as truancy officers and wanted these officers to regularly visit the homes of truant children as social helpers. The school age for boys ended at 14, he said, and suggested the formation of a society, which would see to it that boys who left school at that age were given employment and were encouraged to learn a trade. This would keep them off the streets and out of jail.

Dr. Helena MacMurchy, of Toronto, a vice-president of the conference, spoke on "Backward Children," and told why they were so, and suggested means to help them along. This ended the conference. The North York Teachers, who met with the conference, will be in session to-day at the Normal School under the presidency of Inspector Malloy.

**Long Term for Killing a Canadian.**

Port Huron, Mich., Oct. 21.—Captain Ralph Pringle was sentenced by Circuit Judge Law this morning to serve from seven to fifteen years in Jackson prison for killing George Birrell McKinnon, of Mooretown, Ont., in a saloon at St. Clair on April 13 last.

Why should woman want equal rights when she can have her own way in all things?—Florida Times-Union.

**Buy the Best Clothes You Can Get**

**E**ACH day we demonstrate to many new customers and many old ones, too, the economy of buying higher priced clothes—the economy being in the higher value of the goods. Such clothes as these "Sovereign Brand" garments, produced by the Sanford Co. and sold to you direct with a modest profit added to the actual cost of production, is the "whyfore" of the Sanford Co's big business—growing bigger daily, so that two hundred more experienced garment workers would be welcomed at our big manufactory to-day.

**Men's Suits \$20 and \$25**

We are particularly proud of our success in creating such values at \$20 and \$25. The quality of the materials and the high-class workmanship more than justify the prices. There's nothing better to be had in the way of ready-to-put-on garments in Canada, and mighty few of the highest class custom tailors can give you such workmanship at a third higher price. Blue and Black Serges, Blue and Black Worsteds, Fine English Cheviots and Worsteds in all the new shades and weaves.

**Great Suit Values \$15, \$18**

These suits are brand new—fresh from the Sanford Company's tailoring shop, and they carry the "SOVEREIGN BRAND" label, which stands for such good workmanship.

The models are new and different in many respects from last year's styles. Some have fancy cuff and pocket flaps, but the most refined dressers will wear our plain models this season; no cuffs, fancy flaps or surplus buttons. The materials are the nicest and newest our two buyers could procure in England, as well as in our own home markets. Every garment has been modeled, cut and tailored in our own wholesale tailor shop, where cost is not considered until the workmanship is right. If you want the best tailored suit possible at \$15 or \$18, this is the store to get it from. See our north window for some of the new lines.

**Men's Suits at \$8.50, \$10, \$12**

When you consider that our tailors make suits worth \$25.00 is it not reasonable that they should be able to produce lower priced garments better than the maker whose whole product is confined to the cheaper lines? Many a tailor and retail clothier charges \$15.00 for the suits we sell at \$12.00, and when you compare the workmanship you will decide at once in our favor.

Many new lots put into our stock this week to sell at \$7.50, \$8.50 and \$10.

**Men's Overcoats**

The men who know are willing to pay for a good overcoat. They simply want what they pay for and get it when they come here and pay us \$15, \$18, \$20 or \$25. The men who are buying these coats like value for their money. We are supplying it to the limit, and that is why our big manufactory is at present working overtime without much hope of catching up with their orders inside of two months.

Many of our new Fall styles are ready. Black and Oxford, Grey Beavers and Meltons English Vicunas and Cheviots, in fancy colors and weaves, made in the Motor and Chesterfield styles.

**Lower Priced Overcoats**

We always appreciate the needs of the man with \$8.00 or \$10.00 to spend and we demonstrate this fact very strongly in our tremendous showing of Overcoats at \$7.50, \$8.50 and \$10.00. Men, this is the store that sells the \$20 and \$25 garments, because we produce garments that are worth that and more, and the same big tailoring plant will give you good materials and workmanship—the best to be had at the prices

**Boys' Overcoats \$4.95**

This is a special offering from our Boys' Department for Thanksgiving week. We have gone through our piles and pulled out about 100 boys' Overcoats, including some slow sellers of this season's make, and the balance are lots carried over from last winter's stock. The models are plain single-breasted, with velvet collars and the "Motor Coat" model with standing Prussian collars, double-breasted, extra full skirts—the newest styles for larger boys; also little Fancy Overcoats for small boys, made of English corduroy and other materials. The sizes will fit ages 3 to 16 years, and the regular prices \$6.00 to \$8.50, to clear at ... \$4.95

**Among the Jews**

The comet now approaching the earth, known as Halley's comet, is thought by some to be the same as that observed in Palestine anterior to the Talmudic record. According to the Jewish chronicles of this comet occurs always every seventy years. Treatise Horoth p. 10, where we read "Kokhab ehod leslibim shoh ole umathet eth has phanim." (There is a certain comet which appears every seventy years and causes confusion to the ship's captains.) As may be seen by this quotation, the so-called Halley comet is not a new-comer, but was perfectly known over two thousand years ago.

Jewish officers who are either at the moment or were recently serving in the Austrian army, include one field marshal, three major-generals, 10 colonels, 11 lieutenant-colonels and 17 majors.

These figures are compiled from official records.

A great sensation has been created at Kishinev by the decision of the Governor to confiscate the money collected by the local Zionists in aid of the national fund.

The London Jewish World says: "So critical is the situation in Palestine that it is feared that further Jewish immigration may create a situation similar to that in Asia-Minor or Macedonia, where Mohammedans and Christians are constantly butchering one another. A motion to prohibit Jewish immigration to Palestine was referred by Parliament to a committee."

The first motor car in Palestine made its appearance in the streets of Jaffa recently, and created a sensation among the asses and camels, as well as among the human beings of the town.

Rabbi, having conferred with members of the government, was subsequently authorized to take drastic steps against persons found to be engaged in or associated with this infamous business.

The first woman to be appointed as sanitary inspector in New England is Miss Elizabeth Goldstein, of Boston. Miss Goldstein has been connected with settlement work for several years, the experience gained therein being of particular value to her in her duties.

The two days of the Jewish New Year were made use of by many in New York to get their marriage licenses and citizenship papers. Of the former 186 alone were issued on the first day, while the number of applicants for naturalization reached 2,000. Some of these even camped over night before the clerk's offices.

The Emperor of Austria has bestowed the title of Imperial Councilor on Herr Hermann Strach, chief auditor of the state railways in the ministry of railways. He is the creator and editor of a monumental work on the history of the railways in the Austro-Hungarian monarchy. Impressed Council-

or Strach is a member of the committees of many Jewish philanthropic and scientific institutions.

At Eaglesville, in Pennsylvania, a week or so ago, the new Jewish Consumptive's Sanatorium of Philadelphia admitted its first patients. There are now fifteen patients in—all in the home.

The death in Tripoli of the Cavalier Raffaello Nahum, at the comparatively early age of fifty-five, has deprived the Jewish community of one of its most prominent figures.

A gift of \$100,000 from a Christian helped to build the synagogue of the Congregation Mikveh Israel, Philadelphia. The donor was William McLean Freeman, whose wife was a niece of the late Samuel Elkin, of whose estate the large donation was a part. Mr. Elkin was a brother of Lewis Elkin, who left a large sum to the teachers' pension fund.

a resolution to boycott individually any theatre or place of amusement that offered such a character in a public representation.

For the first time during the past eighteen years a Jew, Wilhelm Levi, has been elected to the Council of Ueberlingen am Bodensee, a strictly Catholic German town.

The Marks Nathan Jewish Orphan Home of Chicago has purchased a site for a new building to cost in the neighborhood of \$75,000.

Dr. George A. Gordon and Rabbi Charles Fleisher, of Boston, are to exchange pulpits on Sunday, October 31. No orthodox Christian minister except Edward Everett Hale has ever preached at the new orthodox church before, and Dr. Gordon will be the first orthodox Christian minister to preach at Temple Adath Israel.

By the will of Abraham Bernheimer, who died on September 13, \$1,000 each is given to the Mt. Sinai Hospital, Hebrew Benevolent and Orphan Asylum and the Home for Aged and Infirm Hebrews, New York.
