

Latest Despatches.

LONDON, June 7.

Up to a late hour last evening no despatch was received at Washington confirming the rumor that England had accepted the supplementary article to the treaty. If the article is accepted it will be negotiated by Secretary Fish and the English Minister.

LONDON, 8.

The "London Telegraph" says there is reason to believe that the negotiations with the United States relative to a definite settlement of consequential damages controversy are progressing satisfactorily.

The interest in the race between the Atlantias and London crew, to take place on Monday afternoon, increases daily. The betting now is three to one against the American crew.

BOSTON, 8.

In response to the courteous telegram sent by Mayor Gaston, enquiring if the English Band was coming, the following despatch was received:—

"TO THE MAYOR OF BOSTON, UNITED STATES,—

I have to thank you for your cordial assurance as to the friendly reception at Boston of the Queen's soldiers. The conviction that this would be the case led to permission being given in the first instance for the departure of the Band of the Grenadier Guards.

(Signed) EARL GRANVILLE, Foreign Office.

NEW YORK, 8.

A semi-official despatch from Washington says neither the British Legation nor the Department of State have advised from London of a decisive character concerning the additional article to the treaty of Washington. Mr. Schenck again telegraphs, reiterating his opinion that it will be accepted, and in this official authorities here coincide.

The city of Philadelphia is threatened with darkness, owing to a strike of 2000 employees of the Gas Company. Gold 114 1-8.

LONDON, 9.

Sir Alexander R. Cockburn, one of the British members of the Board of Arbitration, announced to the Court yesterday that he was to leave for Geneva to be present at the meeting on the 15th inst.

Dr. Livingstone is said to be all right, and is investigating the habits of a strange subterranean people. It is announced that he has discovered the true source of the Nile. Stores are to be forwarded him from Zanzibar.

Signor Castellari made a speech in the Cortes yesterday, in the course of which he defended the Commune and the International Society.

LONDON, 10.

The English crew won the boat race with the Atlantias easily by twenty lengths. The banks of the river were lined with spectators, and the excitement was great.

NEW YORK, 10.

The damage done in Illinois and Ohio by the floods and tornadoes is tremendous. Every railroad leading out of Chicago has been severed and many large sections of track swept away. Several towns in Ohio were nearly destroyed, and numbers of persons were killed in the houses.

There is said to be still good reason to believe that the Alabama claims will be amicably settled.

A cable despatch to the "Herald" says that on Thursday General Sickle, Minister to Spain, submitted to the Spanish Minister a formal and peremptory demand for the release of Dr. Emile Howard from the sentence of the Court Martial. In case of a refusal to comply, he stated that President Grant would take decisive action in the matter.

There was a great procession of workmen at New York in connection with existing and threatened strikes. No disturbance. Gold 114 1-8.

LONDON, 10—Midnight.

The Ballot Bill passed to its second reading in the House of Lords, after a large vote of 86 against 56.

The time of the winning crew on the Thamas was 21 minutes and 16 seconds.

Earl Granville will make a statement to-day in the House of Lords with regard to the negotiation for the amendment of the Treaty of Washington.

The term of military service from 5 to 4 years was rejected in the Assembly yesterday—596 to 495.

LONDON, 11.

London papers comment on the boat race of yesterday. The "Times" says the Americans have not yet acquired the true style of rowing. The "Telegraph" looks upon the race as an illustration of English national energy. The

"Standard" says a more hollow affair was never witnessed; that the American crew is not good enough to win an ordinary country regatta.

NEW YORK, 11.

Congress adjourned at 9 o'clock last evening, after a violent debate on the addition of the enforcement act to the Omnibus Bill, which was carried by a strict party vote.

Earl Granville now wants the United States Government to join with that of Great Britain in asking of the Geneva Board of Arbitration an adjournment of 8 months, and proposes, unless this be accepted, to withdraw from the arbitration. To this proposition our Government refuses to assent.

The President leaves Washington to-day with his family for Long Branch, and a large number of members of Congress leave for home.

The British subjects in Boston are preparing to give a warm welcome to the Grenadier Band.

NEW YORK, 11 P. M.

It is reported that President Grant concedes to the failure of the treaty.

The proposal of Earl Granville to postpone the arbitration has been replied to by Secretary Fish, in which letter he says this Government has no reason to ask for an adjournment, and if it abstain from resisting a motion to adjourn, it will do so from courtesy to Great Britain; nor can this Government, directly or indirectly, be a party to an agreement or understanding whereby Great Britain is to submit her argument to the tribunal conditionally or under any protest or reservation. The obligations of the treaty are reciprocal, and no right is reserved by either Government of any qualified action while the other is fulfilling the spirit and letter of the treaty.
