FAINT AND DIZZY SPELLS. WOULD FALL DOWN IN FAINT.

Palpitation of the heart is very often accompanied by weak, faint and dizzy spells, and is generally caused by some sudden fright, or associated with conditions of a nervous breakdown, but whatever the cause, it is of considerable importance that the heart should be strengthened, and brought back to its regular heart

beat.

Milburn's Heart and Nerve Pills are just the remedy to do this for you.

Mr. Henry Fawcett, Killam's Mills, N.B., writes:—"I have used Milburn's Heart and Nerve Pills for heart trouble. I was very weak and run-down, my heart would palpitate, I would take faint and dizzy spells, and sometimes I would fall down in a faint. I started to take your pills and I must say they have done wonders for me. I will always speak a good word for your Heart and Nerve Pills."

Important Daylight Saving Change of Time at 2 a.m. Sunday, March 30, 1919

All clocks and watches used in operation of Canadian lational Railway will at 2 a.m. Sunday, March 30th, be advanced one hour. To prevent serious confusion and inconvenience to the public the attention of all concerned ia directed to the following conditions resulting from the important change of time :

If cities, towns, villages and other municipal bodies do not change their local time to correspond with the new Railway time, all concerned should keep in mind that while trains continue to leave Railway Stations on present schedule, such schedule will be operated one hour ahead of present local time. Therefore any municipality where local time is not changed to correspond with the new Rali-way time, passengers must reach Railway Station ONE HOUR EARLIER than shown in current folders and public time posters.

Where municipal time is changed to correspond with the new Railway time, passengers will not experience difficulty growing out of the change.
