## **BRITISH EMBASSY** STARTS ENQUIRY

Woodburn to Avoid Collision Backed and Turned Stem Toward Imperial Yacht.

St. Petersburg, June 19.-The British Embassy here has received a report concerning the firing upon the British steamer Woodburn Wed-British steamer Woodburn nesday night by a vessel of the Rus

The belief that any grave developbeen excluded, however, for it was evidently due to someone's blunder, for which city was blunder, for which city was ments would follow the affair has for which either or both sides have expressed regret. No official statement of the facts has been given out. While private despatches from .Viborg assert that the Woodburn was steering in accordance with directions given by the convoying torpedo boat, naval officers of the squadon declare the steamer was heading directly for the Standart, and that they could not afford to run the risk of having the Imperial yacht run down. A correspondent at Viborg interviewed the Finnish pilot Woodburn, who said he had steamed slowly half way down the line of warships, keeping in the proper channel, when a torpedo boat suddenly appeared almost under the Woodburn's bow. To avoid a colwhich was a mile and a half away. the torpedo boat, which immediately fired three blank shots. A torpedo
