Nutritive Hypophosphites.
 When a person feels "blue"—"all tired out"—"doesn't feel like doing anything"—cannot concentrate his mind on his work—feels weak mentally and physically—doubts his powers—complains of poor appetite and sleeplessness—suffers from headaches—then his nervous system is run-down and demands a good up-building tonic. Nervous exhaustion is a modern disease, caused by too close attention to business, overwork, worry, devotion to trying family cares, overstudy, etc.
 Nutritive Hypophosphites forms the best nerve and brain food known, and have restored thousands of sufferers to health. Large bottle, \$1.00.
