Wedding Bells.

Tuesday afternoon a very interesting wedding took place in the Anglican Church at the Goules when Mr. Robert L. Peach led to the altar Miss Ella Phillips, daughter of Captain Phillips. The ceremony was performed by Rev. Canon White assisted by Rev. Mr. Hewitt. The bride was handsomely attired in cream voile with veil and orange blossoms and carried a beautiful bouquet of roses and carnations. The groom was attended by Messrs. Joseph Snow and James Cook, and the bride by her sister, Miss Ella Phillips, and Miss Margaret Blackmore, of Twillingate. As the wedding party entered the church the choir rendered "The Voice That Breathes O'er Eden," while the wedding march was played when the ceremony concluded. Both were the recipients of many very beautiful presents. The bride and groom in Mr. T. Cook's motor drove to Forest Pond

where a sumptuous wedding repast was served and where Rev. Canon White proposed the health of both. Speeches were made by Rev. Mr. Hewitt, Capt. Phillips and Mr. Edgar. The happy pair have the sincerest felicitations of the Evening Telegram.

WIRE WOUNDS.

My mare, a very valuable one, was badly bruised and cut by being caught in a wire fence. Some of the wounds would not heal, although I tried many different medicines. Dr. Bell advised me to use MINARD'S LINIMENT. Applied at first, then stronger as the sores began to look better, until after three weeks, the sores have healed, and best of all, the hair is growing well, and is NOT white as is most always the case in horse wounds.

Picnics Yesterday.

The weather yesterday was very propitious for picnics and outings, and those held were thoroughly enjoyed by the large number of children and adults.
C. OF E. PICNICS.
The children of the Church of England Sunday School Classes in large numbers held their annual treat at Heafey's farm yesterday and all spent a most enjoyable day. Romping on the green sward, football, cricket, racing, scrambles, &c., enlivened proceedings and a very pleasant afternoon was spent. Dinner and refreshments were served. The teachers worked hard, and with success, to make all enjoy themselves. A number of the clergy were present. All returned during the night, having spent a holiday which they will not forget for some time.
Mount Pearl was the scene of a very pleasant gathering yesterday when the children of the Sunday schools of St. Mary's and St. Michael's parishes had their outing there. Like the others, they enjoyed themselves thoroughly and returned to the city last night tired, but more than pleased with their picnic.

METHODIST PICNIC.

Delightful weather, charming scenery, gaily decorated and nicely situated grounds by the celebrated Tansil beach, greeted the Cochrane St. Sunday School and visitors at their annual picnic held yesterday. Upon the arrival of the train the children proceeded to the grounds and all joined heartily in the events of the day, such as cricket, football, races, swimming, etc. At 5 o'clock tea was served, and all present did justice to the good things provided by the caterer, M. T. W. Gale. Amongst the visitors present were Revs. Rogers, Curtis, Fenwick, Nurse and Matthews, and Messrs. J. Maunder, M. T. Knight, A. W. Martin, A. Soper and a host of others. The Superintendent of the school, Mr. Woods, and all the officers and teachers are to be congratulated on the success of yesterday's outing. Return was made to town at 9.30.

More Excitement in the Commons.

Special to Evening Telegram
LONDON, July 26.
Another exciting day. Political conferences, party caucus meetings, ministerial visits to the King, left the crisis no nearer solution than yesterday. The session of Commons was not important, but much heat and bitterness was displayed. There was renewed flinging of epithets, such as "Hotentots," "insolent swine," and similar terms. The only significant incident of the session was when Smith, one of the leaders in yesterday's turmoil, quit his seat among the adherents of Balfour, and ranged himself with Lord Cecil and other insurgent Unionists. The most important event of the day was publication of a letter, which Balfour wrote Lord Newtown in reply to a request for his opinion on the situation. As was expected, he fully supports Lansdowne in bowing to the inevitable, avoiding creation of Peers. Thus the rupture in the Unionist party is definite and open. The present crisis has been seized upon by the malcontents to renew an attempt to displace Balfour from the leadership in favor of Austin Chamberlain. This time the attempt is more likely to succeed, because it has the assistance of a similar movement of the Lords to dethrone Lansdowne in favor of Earl Selborne. It will probably be a few days before either side takes any forward step in the political crisis.

A Steady Increase in Commerce.

Special to Evening Telegram
WASHINGTON, July 26.
A review of foreign trade states that the last twelve months shows a steady increase of commerce with Canada and the Orient. Exports jumped from the States to Canada from \$216,000,000 to \$270,000,000, and the imports from Canada increased from \$95,000,000 to \$101,000,000. Comparative increases of business with China and Japan are also evident.

To Clean Gas Stoves.

1. Lift off all the bars from the top.
2. Wash the top of the stove under the burners with hot soda water.
3. Clean the burners every now and then with an old brush dipped in paraffin if they are greasy.
4. Do not poke wire into the holes in the burners as this enlarges them and leads to an increased use of gas.
5. Wash bars with hot soda water, and polish them with blacklead, unless the bars are of steel, when they must be cleaned with emery paper.
6. Clean the brass taps and fittings.
7. Scrape and wash the shelves with hot soda water.
8. Replace all the parts.

Repair the Boulevard.

Now that we are within a few days of the Regatta would it not be well if the Government gave some attention to the Quidi Vidi Boulevard. The surface of this thoroughfare which will be so largely used on Regatta Day is filled with stones and covered with rubbish. There is a dump near it also which is very offensive. Come, gentlemen, of the Board of Works, the taxpayers expect you to put this place in a presentable condition at once.

Garden Party Yesterday Afternoon.

HELD AT ST. GEORGE'S FIELD IN AID OF MOUNT CASHEL ORPHANAGE.
The annual garden party held yesterday at St. George's Field in aid of Mount Cashel was a great success, financially and otherwise. The weather was ideal, a refreshing breeze blowing and tempering the heat of the sun. The grounds were gaily bedecked with bunting and the eastern side of the field was devoted to booths and tables which were laden with a lavish supply of eatables, such as ice cream, confectionery, lemonade, etc. The field being convenient to the city accounts for the fact that the attendance was much larger than at any previous event of the kind. A high platform was erected in the centre of the field where the boys gave a series of graceful dances, a feature which proved very attractive to the gathering. Amongst the spectators at the grand stand, where special chairs were provided, were His Excellency Monsignor Stagni, the Papal Delegate, His Grace Archbishop Howley, His Honor the Administrator, Sir Wm. Horwood; Rt. Hon. Sir E. P. Morris, Rt. Rev. Monsignor Sinnott, His Lordship Bishop March, Mr. Justice Emerson, His Lordship Bishop Power, Rt. Rev. Monsignor Roche, Rt. Rev. Monsignor Veitch, Rt. Rev. Monsignor Reardon, Rev. Dr. McPherson, Rev. F. McAdam, all the Nfd. visiting clergymen, priests of Cathedral, St. Patrick's and St. Joseph's, Mr. Justice Johnson, Mr. E. M. Jackson, Mayor Ellis, Deputy Mayor Martin, James Ryan, of Bonavista, and all the Christian Brothers of the city. An interesting programme of athletic events was rendered. The Marathon Race started from the C. L. B. Armory, sixteen competitors ranging in. Green came in first in 32 mins., 19 4/5 secs., and won the silver cup donated by the L. S. P. U.; Robertson, second, and Kavanagh, third—gold and silver medals. The course was around Quidi Vidi Lake and back to the field by way of Circular Road, concluding with a lap and a half on the field in presence of all the spectators.

Inter-Brigade Relay Race.

Three teams entered—C. C. C., L. B. and M. G. B. Four men went in from each brigade over 500 yds. was exciting and keen. Marshall of the C. C. B. took the lead and beat Campbell of the C. C. C. by ten yards. Cullen reduced this record a bit and defeated Reid; Walsh beat Hackett on the second lap, and Knight gained a brilliant victory over Spry and came to the front with a fine dash. The time was 8 minutes and 11 seconds. The four winners—Campbell, Walsh, Knight and Cullen—were presented with the prizes by His Excellency Monsignor Stagni. The C.C.C. the present holders of the H. D. Reid cup, will have to win it three years in succession to hold it permanently. The C. L. B., who came second yesterday, were the winners last year. His Excellency the Papal Delegate also presented the cup to Mr. Green and pinned the medals to the breasts of Messrs. Robertson and Kavanagh. At the conclusion of this function cheers were given for the Papal Delegate, His Grace the Archbishop and clergy, the Premier, His Excellency the Administrator, His Majesty the King and the winners of the prizes. The fete did not end till long after sunset, crowds remaining to hear the fine music rendered by the T. A. and Mount Cashel bands.

Straits Report.

The S. S. Home arrived at Bay of Islands from Battle Harbor Tuesday last and Capt. Keen reported to the R. N. Co.:—
"Arrived at Battle Harbor 5 a.m. Sunday, S. W. to W. winds with dense fog the whole trip. Traps from Chateau to Healy Harbor average 300 qts. From Chateau west nothing done by the fishermen. Trawlers doing a little when they can get bait. On the Newfoundland side the fishery is almost a blank."

BILLIARD PRIZES—At the garden party yesterday the prizes in the billiard contest were won by R. Power, G. McGuire and J. Moskier, who made breaks of 50, 29 and 28 respectively.

THE POET PHILOSOPHER.

Oh, soothe and caress me! My labors distress me! I'm tired of my striving, so endless and vain; so sing to me, dearie! I'm weary, so weary! My bosom is filled with the torture of pain! I'm a TIRE D tired of the struggle! I'm longing to struggle against your HEART kind bosom and look in your eyes! So long have I swatted the blooming dot-rotted, persistent, immoral, industrious flies! When first with my swatter I went forth to slaughter, my heart was aglow with a Homeric fire; I lifted 'em and soaked 'em, and mashed 'em and croaked 'em, and thought of my labors I never should tire. But where is the profit of sending to Tophet a pitiful hundred of pestilent flies? A million come buzzin' in place of each dozen you send to the graveyard—a blight on their eyes! It may be that sages in far distant ages will think up a method of laying them low, but this plan of swattin' 'em by hand is too rotten—we've more flies to-day than we had long ago. So soothe and caress me, and fondle and bless me, I'm weary and broken, I long for repose. I'm sad and I'm loony, so sing "Annie Rooney," and comb out my whiskers and tickle my nose.

At night the party had a grand dance in the British Hall where about 200 people attended. Prof. Power's band furnished the music. A very enjoyable time was spent and the festivities were kept up till dawn. The party will return by the 6 p.m. train to-day.
