Buckwheat.

Editor Evening Telegram.

Dear Mr. Editor:—As an agriculturist I was interested in reading in the local papers that the Premier has been making much enquiry about the growth of buckwheat in this country, and as a result that we are to have imported some one hundred bushels of this grain for next year's seedling. Now, Mr. Editor, I am one, like many others, who could make a trial of this buckwheat grain if I knew just the requirements necessary for the proper handling of it. I wish to ask the Premier or some of the officials of the Agricultural Board, to publish a short article in the daily papers as to the kind of soil required for the successful growth of this grain; the treatment the soil would need; if a rich soil is necessary; if a deep plow or light gravel soil is most suitable; and at about what time it is proper to scatter the seed so as to get the best results? It will be too late to write on this subject when we should be sowing the crops, for we will have to

make choice of the ground most suitable when we are fully instructed in the kind that will give the best results. Yours truly,
Kilbride, Nov. 20th, 1911.

ANOTHER PRIZE.—Apollinaris Water has been awarded the Grand Prix at the Dresden Exhibition.

About those Silver Framed Cake Stands. You will find a handsome new stock of them at TRAPNELL'S now, just opened.—Nov. 10th.

HER LAST TRIP.—This will be the last trip of the Gladys E. Whidden from Port Mulgrave. She met stormy weather last trip and lost four head of cattle and eight sheep.

Attention is called to the great Piano and Organ Clearance Sale at CHESLEY WOODS—All reduced to cost and charges. Sale continues to end of present year.—Nov. 21st.

CREW LEAVE HERE.—The crew of the schr. Renown, who arrived here by the Carthaginian, will leave by the Portia Friday for their home at Burgeo.

FISH RUN UP RIVER.—After the high tide of Sunday morning there were many trout seen in the river up above the Long Bridge. When the tide receded the fish were caught jumping on the sands.

APPENDICITIS.—J. Gibbons, of St. Vincent's, came in from Placentia by train last evening to go to Hospital, train last evening to go to Hospital, train last evening to go to Hospital.

DR. CHAPLIN IMPROVED.—Dr. Chaplin's condition is very much improved and the past couple of nights he has slept well and can take nourishment. The doctor's many friends hope that he may soon be on the high road to recovery.

HAD A CT HEAD.—The practice of boys who go countrywards climbing fences is a dangerous one. After leaving school yesterday afternoon a boy named Sparkes with several others went in Freshwater Road. In climbing a fence he fell, his head struck a stone and a nasty wound was inflicted. His comrades brought him to town and a doctor later had to look after him.

Uncle Walt THE POET-PHILOSOPHER.

Said Mary, in her Moated Grange: "The life I lead has got my goat; I suffer for a change, and so methinks I'll have to vote. I'm tired of holding on my knees Angora cats and dogs, I wist, I'm tired of ASPIRING pink and yellow teas, I'm tired of playing bridge and whist. I'm tired of reading at the club long papers that I got by rote; I'm tired of arguing with dubs, and so methinks I'll have to vote. My husband's life is picturesque, no trace of ennui can be known; he merely labors at his desk, and draws the slimmest sort of pay, I used to stay but a humble clerk, and then I sank the livelong day. But when he prospered, and dough came rolling in, I turned work down; I hired me servants, and would go to every jamboree in town. I haven't washed a dish in years, or steered a prune, or swept a floor, and I am tired and wet with tears and my poor heart is sad and sore. An idle woman's life is vain, her thoughts are oft too fierce to quote; my futile days give me a pain, and so methinks I'll have to vote."

PARIS, Nov. 20. The serious attention of the public has again been called to the depopulation question in France by the publication of the official statistics. These cover the first six months of 1911, and show an excess of deaths over births of 18,279. The figures are more discouraging from the fact that in the preceding months the death rate had been rising.

Hr. Grace Notes.

The ladies of Christ Church are arranging for their Annual Sale of Work to take place on Tuesday and Wednesday, 28th and 29th inst.

Two old residents of the West End passed away early yesterday morning—Mr. H. Lambert and Mr. Francis Ash, the latter being one of the recipients of the Old Age Pension.

The marriage of Mr. Thomas O'Brien and Miss Aggie Banville is announced to take place on Thursday, 30th inst.

Mr. William Shea, one of our most popular young men, was married last evening at the Cathedral to Miss Hannah Farrell, daughter of Mr. James Farrell, of the South Side. The ceremony was performed by the Rev. Fr. Finn. Mr. Shea is a son of Mr. Jeremiah Shea, formerly of St. John's, but who has spent the greater part of his life here. Your correspondent joins the other friends in wishing the young couple much happiness.

At the request of Dr. W. Parsons, the Rev. F. S. Coffin, of the Kirk, appeared to his congregation last night for assistance in clothes or otherwise for two poor little boys, aged respectively 5 and 7 years. The case was a hard one, particularly as the poor children had lately been sick. The kind-hearted doctor will not appear in vain we are sure. We feel like giving Dr. Will a pat on the back for his kindly act.

The heavy rain yesterday morning with the very high wind sent water in through the roofs and crevices of many of the houses in town, and one man we know had to wheel a sleeping wife and babe, as well as the bed from one part of the room to another to avoid the leaks. Now don't get mad, we didn't give the name.

Mr. P. J. Neven travelling in the interest of the Catholic Record, arrived in town by Saturday night's train, and registered at the Cochrane House.

A gentleman while at the Post Office on Saturday night came in contact with one of those horrid hat pins so carelessly used by our female friends. His nose was scratched a little, and he thinks that ladies wearing the dangerous things should be compelled to put a wire fence around themselves as a protection to the public.

Mr. H. H. Archibald, Principal of the firm of Archibald Bros., has been laid up for the past few days suffering from a severe cold. We hope to see him around again soon.

Mr. John Butt, of the Post Office staff, returned on Saturday night after a month's vacation very pleasantly spent with friends at Sydney. Welcome home, John.

Mrs. M. Shute who had been to the General Hospital, St. John's, with her little daughter Alice, where the latter was treated for eye trouble, returned by train on Saturday night. It is pleasing to be able to announce that

apparently the skill of the doctors has been successful in removing the trouble, as the little one is now on a fair way to complete recovery. Mrs. Shute requests us to convey to the doctors and nurses her thanks for the kind and skilful treatment given her daughter.

CORRESPONDENT.

Harbor Grace, Nov. 20th, 1911.

In His Mother's Behalf.

Editor Evening Telegram.

Dear Sir:—As a number of men of the Sanitary Department, my father included, have asked the Council to change their pay hour from 6 p.m. to noon same as horticulture, permit me space in your independent Journal on behalf of my mother, brothers and sisters to respectfully request the Mayor and Councilors not to grant such a request for it would do a lot of harm, not alone in our home but in many others as well, chiefly owing to my father, and several of his companions being too fond of strong drink and fast becoming slaves to this craving.

If the promoter of the petition, who is a very respectable old man, could have witnessed the wretchedness and poverty of our home, especially on Saturday evening and night I am certain that he would never have done so, and I cannot understand why he brought around the matter to be signed, unless it is that he has no small children at home, and the change of the pay hour would not affect his household.

The closing of the saloons at 6 o'clock was certainly a step in the right direction, thanks to the indefatigable workers, Revs. James Bell and Father O'Callaghan. Although the law is not yet working twelve months its effect has done wonders for those who, like my father, were unfortunately fond of strong drink. But the thoughtful action of the Municipal Council in altering their hour of paying their employees at the hour of closing of the saloons, was the means of making our home at least comfortable and happy, inasmuch as we have more to eat and are provided with mother with better clothes enabling my three brothers to attend school daily, my two sisters being yet to young to do so. My mother attributes her present happiness to the early closing of the saloons, but especially to Mayor Ellis and his thoughtful associates, and to-night at our evening prayers ask Almighty God's assistance to strengthen our City Fathers and not allow the pay hour to be changed.

I am, yours sincerely,

A SANITARY MAN'S SON.

\$25 in GOLD Given Away

The great "QUEEN LINIMENT" COMPETITION" open to every Man, Woman and Child in Newfoundland. On the 1st of March, 1912, will be given away to the four or more successful winners of this competition the sum of \$25.00 in Gold.

We have on exhibition in the window of our Medical Hall, Theatre Hill, a rectangular box having an inside space as follows: length, 8 inches; breadth, 4 inches; height, 3 inches. The box is filled with Antidiphtheria Pills of about the size of a pea.

The competition is to guess as near as possible the number of pills contained in the box. The person guessing the exact number, or the nearest number of pills in the box, will receive for the first prize \$10.00; second prize \$5.00; third and fourth prizes, \$2.50 each.

In the event of two or more persons guessing the same number, the amount of the prize will be proportionately divided amongst the successful winners. That rule will apply to all prize winners. Every person possessing a bottle of our "QUEEN OF LINIMENTS," whether in the city or outport towns, and mailing us the outside green wrapper of bottle, with the number of guess, together with their name and address, will have a chance of winning the grand prize.
