TEETH EXAMINED

Dr. A. B. Lehr,
Dentist,
203 Water Street.

This is the Old Reliable Office. Established 27 years.

DISEASED GUMS AND TEETH.
Of all the poisons taken into the blood, the germs and pus contributed by the diseased gums and teeth are the most destructive to the human system. If every red blood cell is forced to fight against numbers of germs to the cell, the blood cannot attend to the building up of the body, and if allowed to continue the system is bound to break down and eventually you are an invalid. Kidney, stomach, heart trouble, rheumatism and many other diseases are brought on by diseased gums and teeth.

EXAMINATION FREE.

Opportunities in Long-Term Bonds

Bonds maturing in 1919 or 1920 may now be sold advantageously, and the funds reinvested in longer term securities. The benefits of present high interest yield rates may thereby be secured for a period of ten years and longer.

We shall be glad to offer suggestions.
