ROBERTSON COLLEGE VICTORIAN ORDER'S GUILD ANNUAL MEETING FUNDS IN ORDER UNTIL JANUARY

Raised \$600 in Past Year; A Course of Historical Lectures Being Arranged

Income From Patients Rapidly Increasing; Over 300 Nurse Visits in Sept.

The sum of \$599.96 was raised during the past year by the Calgary branch of the Robertson College Guild. According to the treasurer's report, given at the annual meeting yesterday, the money has been expended with the exception of a balance of \$90. Of the amount paid for lectures, \$200 for scholars in the Robertson college, and \$50 towards the college library. The report of the secretary, Mrs. A. Moore, was also given, showing a busy year's work for the guild.

The officers elected for the coming year were: President, Mrs. F. M. Black; vice-presidents, Mrs. R. B. Francis, Mrs. L. P. Harrop and Mrs. N. J. Christie; secretary, Mrs. H. C. Graham; treasurer, Mrs. David Carter. The executive committee will comprise representatives of every Presbyterian church in the city. Approval of Mrs. Moore's work as secretary was expressed by the president and members.

The guild is at present undecided on the point of continuing the scholarships at the college or devoting the funds towards the Victoria hospital. Like all similar institutions, it has suffered in point of attendance through the war, but the close of the present year will see four graduates, which is felt to be encouraging by those interested. Arrangements are being made for a course of lectures on incidents of historical interest in Canada from various viewpoints. These will be given by the leading speakers of the province and will be announced when the schedule has been completed.

At a meeting yesterday, which was well attended, refreshments were served and Mrs. McKenney sang delightfully and Miss Olive and Miss Evelyn sang a piano duo.

A TAG DAY SATURDAY FOR DEPENDENTS OF SAILORS

The officers of Calgary will be asked to assist the Navy League of the British Empire and Canada on Saturday by contributing to their funds through a tag day.

The money raised is to be devoted to the widows, orphans and institutions of the brave boys who have been providing our shores from invasion by the German hordes. Very few people in Canada, particularly in the western part, fully realize the extent to which the cause of freedom and the protection of our land. They have left a large number of widows and children to the look after, and every man and woman in Calgary should be willing to contribute all that they possibly can on Saturday to this worthy cause.

The only day set apart for the sailors as tag day. Any one willing to assist the laggers can do so by contributing the contents of the committee, Mrs. Harold Hill.

RED CROSS NEEDS 200 MORE TAGGERS FOR THURSDAY

British Red Cross Appeal to Be Made on That Day by Local Branch

The Red Cross society still requires the assistance of 200 taggers for the British Red Cross tag-day on Thursday. This appeal is extremely urgent. The British Red Cross society is expending \$30,000 a minute in keeping up its various units in different theaters of the war. It is estimated that \$10,000 a day is required to meet the needs of the society. The Calgary Red Cross hopes that this appeal will be widely and generously answered. It is necessary that the organization on tag-day should be very complete to achieve the best results.

All women who will give their services to tag, are requested to register their names at the Red Cross depot immediately. This is not intended to interfere with those Red Cross groups who have made themselves responsible for the outlying districts of the city. The 200 taggers are needed for the center of Calgary.

BEAUTY CHATS

Selecting Your Color

Several requests have come recently for a chat on the colors becoming to various types of women. Some few weeks ago we did discuss this subject briefly. Yet its importance cannot be overestimated.

For a woman to spend from ten to two hundred dollars for a new dress yet choose a color that she should not wear, and as long as the dress lasts, have a feeling of disappointment in her purchase.

It has been the habit of women for several generations to select black as soon as they passed their youth. Why? Black can only be worn by ruddy cheeked, bright-eyed youth—by women and girls who radiate life. Black is one of the most trying of colors; it brings out every blemish and wrinkle, every hollow, every deep gray tint to the skin.

Dark blues, very deep browns, grays of any shade, lavender, violet, mauve, navy, deep green—these are the colors for older women. Any of the above will do for street wear; for indoors, white, soft rose pink, pink and blue, pale blue and lavender. Such dainty combinations will bring out the attractiveness of graying hair. Black is the color that seems a part of aging.

Be sure that the colors you wear harmonize with your complexion. Do not run to gaudy combinations, and don't forget to wear an uninteresting monotone. Wear the shades that bring out the lights in your hair, the deep color of the pallor of your skin. And be sure the colors you combine are in harmony.

Questions and Answers

Could you tell me what to use to keep my hair in curl? I usually put my hair in a few pins at night, but after they are taken out the hair grows straight and untidy.—A Reader.

Reply—Soft lids are better than pins for curling. I could send you the recipe for a hair curling fluid, which is harmless, though none of these are good for the hair. Try wetting the hair and rolling it on kids. Or just keep it soft and fluffy, and try new ways to dress it so it will look neat and pretty.

Be sure the colors you wear and the materials are those that suit your type.

As much as possible when working; rub with cold cream at once after long immersion in water. In a few days I will devote a chat to the care of rough hands.

Doctors Said Operation

When Chatham Lady Suffered From Extreme Nervous Exhaustion—Now Feeling Fine and Working Large Garden.

Chatham, Ont., Oct. 15.—This letter will interest every lady reader, because it describes a condition for which doctors advise an operation. That the operation is often unnecessary and very often leaves the patient an invalid for life is well known.

You will read here of what Dr. Chase's Nerve Food has done for this lady and will then understand the great good it accomplishes in many thousands of similar cases throughout the continent.

Before I think long and earnestly before consenting to an operation of this kind. It is a simple matter to give Dr. Chase's Nerve Food a trial and the results are almost always entirely satisfactory. You not only avoid the risk and expense of an operation, but and yourself return to health and vigor.

Mrs. E. M. Ford, 89 Delaware avenue, Chatham, Ontario, writes: "Four years I suffered from my nerves. I was restless and could not sleep well. I had headaches, neuralgic pains through the body and backache. There was a buzzing in my ears and twitching of nerves and muscles. I also had palpitation of the heart which caused shortness of breath. I was easily tired and always drowsy after eating. When walking or on my feet very much my feet would seem to go dead in my shoes. I consulted two doctors and both told me that I would have to have an examination and probably an operation, but I would not have either. Shortly after I commenced using Dr. Chase's Nerve Food, and after a treatment of this medicine I can say I am now feeling as if I am about without the hold duties without difficulty, and besides this attend to a half-acre of garden. I can go about without the dead feeling in my feet, and am grateful to Dr. Chase's Nerve Food for my cure. I think very highly of this medicine, and recommend it to other sufferers whenever I have an opportunity."

Dr. Chase's Nerve Food, 80 cents a box, a full treatment of 6 boxes for \$2.75, at all dealers, or Edmondson, Stationer & Co., Limited, Toronto. Do not be talked into accepting a substitute. Imitations only disappoint.

JAPAN BENEFITTING SPIRITUALLY FROM THE GREAT WAR

The effect of the great European war on civilization in Japan was pointed out yesterday at a meeting of W.A. members by Miss Shaw, who is on her return journey to Japan after a fortnight. Miss Shaw is a very clever speaker, and through her connection with the Peole Memorial school for girls at Osaka, Japan, she has brought very close in touch with conditions in that part of the orient. The meeting, which was held in St. Stephen's parish hall, was well attended by members of every branch of the W.A. in the city. Rev. Canon James occupied the chair. Japan has learned urgent lessons from the war, said the speaker, all of which were having their effect on the evangelization of the Buddhist devotees. It had been the means of bringing to light the corruption in the Buddhist temples and also the army and navy, in which faith was boundless. German literature has flooded the country and German philosophy was being studied by students, both boys and girls. As the war has advanced, the Japanese have come gradually to see the futility of the German idea as opposed to the allies' motives of justice and righteousness and they have cast in their lot with allies and the army and navy. They have appealed to the Christians to aid them in saving their young men and women from moral vamps. Per pair, \$10 and \$12.

FISH SALE AT CITY MARKET OPENS THIS MORNING

As a means of keeping fish for some time the market is given out by an expert as a reliable method for preserving any quantity. The fish is first cleaned and then salted and split along back and cleaned. It should then be rubbed well with salt and put in a strong brine. The Associated Consumers are putting on a three days' fish sale at the public market with fresh fish will be offered to the public at 7 and 8 cents a pound. This will probably meet with instant success, as the price of meat is quite beyond the reach of many.
