THE ACME OF PERFECTION

DIAMOND DYES SUPERIOR TO ALL OTHERS.

Colors bear a relation to each other something like that of the musical notes, and there is a harmony of colors, analogous to that of musical sounds. An exquisite taste in the combination of colors may be the result of a nice perception of these relations, in the same way that an exquisite taste in music is produced by a nice perception of the relation of musical sounds. It is unquestionable that there are some combinations of color which are universally pleasing, and others as universally disagreeable, independently of any associations or acquired habits. To the connoisseur and lover of colors, no more lovely or beautiful sight can be presented, than the tasteful arrangement of forty standard colors of Diamond Dyes, and the one hundred rich shades and tints which are produced from them. Diamond Dye colors are scientifically prepared, and when used according to directions in the home, the results are pleasing and truly grand. It would require a good sized volume to describe their uses and possibilities, and to tell the comfort, joy and pleasure they are capable of giving. Mother's and daughter's dresses are made new by them; their wraps, jackets, shawls, ribbons and hose are with little trouble renewed for home and street wear. Father's and son's suits are made to look brand new; and any cast off article of wearing apparel can be made to blossom as the rose. This work of transformation, remember, can only be successfully accomplished by the invincible Diamond Dyes.

IT MAKES ALL THE DIFFERENCE.

Great laughter in court when the presiding judge makes a bad joke.

The court a few minutes later when a witness makes a good one.

"Proud Mother—My dear daughters are so accomplished you know; I assure you, we have spared no pains in that direction. Second Proud Matron—Well, I really don't blame you; men naturally expect something of the sort when they can't get beauty."

Cause and Effect. DEATH THE INVARIABLE RESULT OF NEGLECTED KIDNEY DISEASE.

Lower Jordan Bay, N. S. Jan. 21.—The majority of human ailments can be traced, either directly or indirectly, to a diseased condition of the kidneys. Kidney disease may not be suspected for the reason that these organs have few nerves of sensation and may be even in a condition of advanced disease before the true condition is discovered. Ninety per cent. of all diseases may be prevented by using Dodd's Kidney Pills. Samuel Locke's case, which caused such wide-spread interest throughout this province, is a case in point. The price at which Dodd's Kidney Pills are sold places them within reach of all. They may be procured from all dealers at fifty cents per box or six boxes for \$2.50. Take no imitations.

Minnie—Did you hear about Molly's fiancée falling off the car and breaking his arm? Manie—Yes. I wonder if he will sue the company for damages? Minnie—I guess not. I shouldn't wonder if she does though.

Heart Disease Relieved in 30 Minutes.—Dr. Agnew's Cure for the Heart gives perfect relief in all cases of Organic or Sympathetic Heart Disease in 30 minutes, and speedily effects a cure. It is a peerless remedy for palpitation, shortness of breath, smothering spells, pain in left side and all symptoms of a diseased heart. One dose convinces. Sold by G. H. Hinch and J. E. Richards.

CO-MPLIETE CALM IN FRANCE

Trouble Brewing in Greece and Also in Bulgaria. New York, Jan. 21.—Jacques St. Core cables from Paris:

Complete calm continues to reign in France, and public opinion shows a greater indifference every day to what is taking place. It may almost be said the France is divided into two countries, one of which is devoted to politics, while the other does not care a fig for political events.

The personality of the new President of the republic is little by little becoming manifest. He is a man of very great commercial intelligence and very liberal in politics, but he will not go very far in the direction of the Radicals.

M. Bourgeois will not complete his negotiations for a Cabinet until Monday, although most of the portfolios have been accepted. It is understood M. Hanotaux, Poinecaré and Barthou, all of the last Cabinet, and Eugène Godéroy Cavaignac have consented to serve. Gen. Mercier, Del Casse, Lockroy and Thompson are the candidates for the Ministry of Marine. M. Viger is another of M. Dupuy's colleagues who is willing to be a Minister again.

The general condition of Europe is peaceful, but there are some significant disorders in Greece, which would seem to indicate that a revolution is imminent in that country. Bulgaria is almost the only subject which in this week of excited concentration of interest upon Paris and Versailles, has been able to secure attention. As if there were not enough chances for trouble there already, sharp trouble with Austria-Hungary has arisen over the latter's claim that its citizens who reside in Bulgaria, are exempt from the trade taxes levied on native merchants under the Turkish laws called "capitulations." This is true of all subjects of great powers, but if these rights are enforced, they render Bulgaria immediately bankrupt. It is a small point in one way, but it contains germs of large possibilities and is worth watching.

CHINESE THE ATTACKING PARTY.

Defeated After Eight Hours Hard Fighting at Hai-Chang.

Hiroshima, Japan, Jan. 20.—General Noda, commander of the first Japanese army, telegraphs as follows: The Chinese commenced an attack on Hai-Chang at 8 o'clock on the morning of Jan. 17, advancing from three roads. About noon they extended their front five miles, coming within 1500 metres of our advanced line. The third army division, after maintaining the defence of the north side of Hai-Chang until 4 p.m., assumed the offensive and attacked the enemy's right wing shortly after 6 o'clock we succeeded in dispersing the Chinese. The enemy's strength was over 10,000. The main force is retreating north and west, and the remainder towards New Chwang. Seven guns were taken, besides other spoils.

Shanghai, Jan. 20.—It is reported here on good authority that a part of the Japanese fleet is bombarding the Ting-Chow, a short distance west of Chefoo. No details have yet been received. The British warship Daphne and the American warship Yorktown are in the vicinity of Ting-Chow.

CLARA FORD'S TRIAL TO GO ON.

An application for its postponement until the Spring Assizes refused by Judge Street.

Toronto, Jan. 21.—Clara Ford will be tried at the present assizes for the murder of Frank Westwood. The grand jury returned a true bill Saturday afternoon, and the accused girl was at once arraigned. She pleaded not guilty, and her counsel, Mr. Murdoch, moved before Mr. Justice Street to have the trial traversed until the March assizes.

In support of the motion for postponement Mr. Murdoch filed an affidavit made by the prisoner, in which she pleaded that a fair trial was impossible under the present state of public feeling, as an unprejudiced jury could not be had. The affidavit also set forth the many witnesses, whose evidence would tell of the prisoner's movements in the night of the murder, had not yet been procured owing to a lack of witnesses.

His Lordship said the affidavit did not disclose any justification for postponement, and refused to grant the request. Mr. Justice Mackenzie will on Monday fix the date of the trial.

37 DROWNED.

Sinking of a Big Passenger Steamer on the Ohio.

Owensboro, Ky., Jan. 20.—The big passenger steamer State of Missouri struck a rock and sank in 50 feet of water. At least 37 passengers were drowned. She had on board nearly 100 persons, including a crew of 60. At Alton, where the mishap occurred, the river narrows, and the water being high an extremely swift current results. This threw the stern of the boat in towards the shore, and before the pilot could regain control she hit a rock, tearing a long hole in the hold, at the water-line. The passengers became frantic. They rushed to the upper decks, in hopes of delaying the inevitable, as the boat was rapidly sinking. Women and children were trampled under in the scramble for seats in the yawls. It was a tight fit, in which many combatants have gone to their death. The first yawl launched was sunk within twenty feet of where it struck the water. Everyone in it was drowned. A second yawl was then pushed off, containing four women. This reached shore. The steamer gave another terrific lurch, literally broke into pieces, and in ten minutes from the moment the rock was struck nothing but the hull remained. The cabin and pilot house floated away, dragging down into the water everyone upon it. To the lighter freight men, women and children clung, many, however, only to fall back into the ice-cold water. Several succeeded in getting into the willow land trees, and were rescued by farmers and passing steamers.

THE GAME WARDEN DENIGNED.

A. D. Stewart Asked to Resign on the Grounds That His Office Should Be in Toronto.

Hamilton, Jan. 15.—Mayor Stewart has received notice from the Provincial Secretary, Hon. J. M. Gibson, that the Government has decided to denounce that there must be a change in the office of chief game warden and requests his resignation on the grounds that the office should be in Toronto, and filled by a man who will give all his time to the duty.

The denials is due to the clamor of Reformers here, who have been urging this course. It was announced that Mayor Stewart was announced as a P.P.A. candidate in Toronto, and it is expected by many that Mayor Stewart will be re-appointed Chief of Police, as successor to McKinnon, whose resignation has been called for. Stewart was chief before McKinnon, and retired after insulting the then Mayor, Mr. Alexander McKay, M.P.

ITCHING PILLS AND PIN WORMS.

No More Misery.

Gives Instant Relief.

ITCHING PILLS is an exceedingly painful and annoying affliction, found alike in the rich and poor, male and female. The principal symptoms are a severe itching, which is worst at night, when the sufferer becomes weary in bed. It is the itching that frequently it is impossible to procure sleep. Often the sufferer unconsciously during sleep scratches the parts until they are sore, raw and tumorous. Excessive moisture is exuded. Pinworms are peculiarly affected from this disease, causing unbearable irritation and trouble. These and every other symptom of Itching Pills or treatment in any part of the body, are in most cases cured and relieved by Chase's Ointment. It will instantly stop itching, heal the sores and ulcers, dry up the moisture.

NIAGARA FALLS

Passes through the CHOICEST PORTION OF ONTARIO and via the famous St. Clair Sub-Marine Tunnel

What is it?

It is the greatest sub-marine tunnel in the world, extending from Sarnia, Canada, under the St. Clair River. It has just been completed at a cost of \$2,700,000. The tunnel proper is a continuous iron tube, 19 feet 10 inches in diameter
