

After....

Taking

a course of Ayer's Pills the system is set in good working order and a man begins to feel that life is worth living. He who has become the gradual prey of constipation, does not realize the friction under which he labors, until the burden is lifted from him. Then his mountains sink into mole-hills, his moroseness gives place to jollity, he is a happy man again. If life does not seem worth living to you, you may take a very different view of it after taking

Ayer's Cathartic Pills.

NOT A CASE OF SUNSTROKE.

Mr. Conroy's Indignation Over a Faulty Diagnosis of His Illness.

Philadelphia Public Ledger.

Richard Conroy, 37 years old, finding the weather very hot yesterday, and remembering the cool comfort to be found in hospital wards, staggered about for a moment or two at Twenty-first Calverhill street, felt heavily, and lay quiet while a crowd gathered. "He's sunstruck," said the onlookers, and he certainly looked it. The policemen called the patrol, and sergeant and driver both agreed that it was a heat case. The "orderlies," men nurses at the Medico-Chirurgical Hospital scribbled him down and put a thermometer under his arm. "Ninety-eight degrees," they said, "that's mighty low for a sunstroke."

"Oh, it's a heat case, sure," said the policemen, as they took their departure. The nurses shook him, but the patient showed no signs of consciousness. They concluded that it was a heat case, after all, and at once started to resuscitate him.

Conroy, with his eyes closed tightly, played his part too well. He did not know where they were rolling the table on which he lay, nor had he any idea that the first stage of the treatment was a bath of ice water and chunks of ice.

They had him in the water before he could open his mouth. One nurse lifted him by the shoulders and one by the heels. The temperature of the water was about 36 degrees. "It would be idle to attempt to put down what he said. The sounds made by a man in a cold bath are like nothing else—they form a vocabulary by themselves, and cannot be written down. It was a curious noise, after he struggled out of his bath before he caught his breath enough to swear. The nurses, by surprise, were shaking with laughter, and other men in the ward were hurrying in to see the fun, when the enraged Conroy, without a stitch of clothing upon him, started to "clean out" the place. He was a powerfully built man, and the humor of the situation faded.

Conroy fought desperately before the nurses had him down, and he succeeded in tussling one of the nurses, K. C. Behan, clothes and all, into the tub from which he had just emerged. Then, though conqueror, he watched with enjoyment the rapidity with which Behan divested himself of his clothing, saturated with ice water at 36 degrees.

He admitted that he had been ashamed, and said that he wanted to go to sleep in a cool place. The patrol wagon was called, and he was locked up to answer to a charge of assault.

BIG BREWERY COMBINE. Pittsburgh, Pa., July 8.—Ten of the largest breweries in Allegheny county have consolidated under the name of the Pennsylvania Brewing Company. The company is capitalized at \$10,000,000. The management positively deny that there will be any attempt made to increase prices to retailers or consumers.

REPORTER TIRED OF LIFE. Toronto, July 8.—Edgar Waller, formerly police reporter in the Telegram, took 30 grains of morphine yesterday morning for the purpose of committing suicide. At 1:30 p.m. he met Mr. R. Armstrong, 127 John street, at King and Yonge street, and told him about taking the drug. He was attended to by Dr. Snyder, and removed to St. Michael's hospital. He will likely die.

LUMBAGO

CURED BY

DODD'S KIDNEY PILLS

I had been troubled for several years with Lumbago. I could hardly stand; until one day I was advised to use Dodd's Kidney Pills. I secured a box, and I can safely say I have never felt the pains since. I believe they are an excellent pill, and I highly recommend them. You may publish this if you see fit, so as to help others.

HAMILTON'S NEW PITCHER. Pitcher Eugene McCann, for whom the Hamilton club has had lines out for two seasons, has at last been secured. He is in the city now and will be seen in the box for the first time Thursday against the London club.

McCann is a good one and with him the team should be able to win the Canadian championship handsily.

STROWER RECOVERING. In a letter to Manager Homan, Al Strower says that he has had the stitches removed from his wounded thumb, and the doctor says he will be able to play in two weeks. Al is anxious to get into harness again, and the boys are just as anxious to welcome him back to London.

GUELPH'S ENTERPRISE. The enterprise of the citizens of Guelph in deciding to back up their ball team is commendable, and will be heard with pleasure by ball lovers in London. The Guelph Mercury of Wednesday says:

"The Maple Leaf baseball club was granted a new lease of life last evening, and they make a fresh start now under most favorable auspices. The joint meeting of the citizens and directors was a harmonious gathering, and it was decided to lift the game up and push it through to the end of the season. Mr. C. C. Daly, United States consul, in a capital speech, remarked that he heard of this place as the home of the Maple Leaf long before he knew anything else about the Royal City. He would regret to see the game abandoned, and by way of emphasis, put down his name for \$25. Others followed up with tens, and in a short time there was \$150 on paper—all good."

"It was decided to strengthen as soon as possible. The strictest discipline will be maintained if every man on the team has to be sacked and a new outfit bought. The secretary is in touch with a number of good men, and just as soon as they can be landed they will be placed on the field. A new battery, a man for first base, and other changes are more than likely to be made. Melroy will cover the initial bag until the regular man is secured. On Friday, the Hams play in Guelph. It is expected that a couple of new men will have reported for duty by that time. Notwithstanding the loss of the last few games the Leafs are still very much in it, and by putting a good quality of ball will quickly recover their lost ground."

FLYS. Joe Corbett is said to use more curves than any pitcher in the league. McDarr is now playing the role of substitute infielder for Cleveland. Pitcher Wallace is a huge success at third.

Artie Latham, erstwhile king of the coaches, is now playing first base for Mansfield, Ohio.

Joe Quinn has been playing professional ball for thirteen years and says he's good for eighteen more.

"If I had my say," says "Rowdy" Jack O'Connor, of Cleveland, "a player who did not run out everything would go to the beach without his salary and stay there. A player has eighteen or twenty hours to himself and can afford to play ball every second of the time he is on the diamond."

Sockalexis, the celebrated Indian, is in the sense of the word, the greatest ball player in the business. Every day that he goes to the field he is hoisted at and warwhooped at and "joshed" more than any other player that ever set foot on a diamond. Yet in spite of all this, "Sock" keeps on playing first-class ball and never loses his head for a minute.

John Ward and Buck Ewing used to steal. Players nowadays don't seem to think so.

Pitcher Corbett recently pitched

nineteen balls to Third Baseman Irwin. Fourteen of them were fouls, two were strikes and four were balls. This ties "Red" Ehret's fouling record.

In a recent game with Baltimore Patsy Teleau struck out the first time at bat. The next time up somebody sent him a beautiful bouquet, and he proceeded to line out three singles and a triple.

Little Keeler, Baltimore's diminutive right fielder, is the star ball player of the league. He is a crackjack in every department of the game.

Ben Lilly, who was traded to St. Louis for Pitcher Hutchinson recently, has succeeded in keeping up his batting gait against the league pitchers.

Baltimore has a millionaire roofer who follows the champions wherever they go. His name is Majestic, and he hasn't missed a game this season.

Frank Hewitt, of Newcastle, has won 11 out of 14 games. Pitcher Johnston, late of the Newcastle team, has joined the Boston Red Sox.

Second Baseman Vought, of the Rochester Club, has signed with Corning.

Lesinger, the old St. Louis pitcher, has been signed by the Syracuse club in the Eastern League.

Frank Martin, 17 years old, was signed by Louisville at Chicago recently, to play second base. He is the youngest player ever signed in the National League.

Port Huron Baseball Association has released Manager Goble and Pitcher Nation. Chas. E. Hand, who has been practically in charge of the team, has been appointed to Mr. Goble's place.

The Vectors challenge the Reds to a friendly game of ball, to be played on the Waterloo street commons on Friday, the 16th. The Reds claim they have not been defeated yet, but they have (so the Vectors claim) already suffered defeat at the hands of the former.

The Vectors, so far, have played 15 games, winning 13 and losing 2. An interesting game of baseball was played on Chief Williams' commons Wednesday morning, between the Orioles and the Tecumshas, resulting in a victory for the former by a score of 20 to 12. Batteries—For the Orioles, Anderson, Yelland and Madden; for the Tecumshas, Henney and Gerlack. Umpire, Archer.

The Spiders and the Jubilees played a game of ball on the hospital commons, which resulted in favor of the Spiders. Score, 18 to 6. Batteries—For the Spiders, Lonsberry and Tompkins; for the Jubilees, J. Taft and P. Taft.

An exciting game of baseball was played on Park's flats between the Anchors and Riversides, which resulted in favor of the former. Score, 8 to 3. Batteries—Sheen, Moffat and Laundry. The feature of the game was the kicking of the Riversides. The Anchors would like to arrange a game with the Waterloos.

Henry Chadwick states that a muffed foul fly is distinctly an error, and the rules clearly state that a failure to accept a chance for an out, or a chance to assist in putting a player out, is an error to be charged to the fielder making a misplay. What becomes of the batsman after giving such a chance has nothing to do with it.

The ninth inning record of the Boston nine has no parallel in baseball. Three times in succession last week they defeated the Brooklyn nine. In the ninth inning of the game with New York, McCann was good once and with him the team should be able to win the Canadian championship handsily.

STROWER RECOVERING. In a letter to Manager Homan, Al Strower says that he has had the stitches removed from his wounded thumb, and the doctor says he will be able to play in two weeks. Al is anxious to get into harness again, and the boys are just as anxious to welcome him back to London.

CROKER AND HIS TRAINER. London, July 7.—It is reported that Richard Croker and his horse trainer, Morton, have fallen out, and that the latter will relinquish Mr. Croker's work.

TIPS. In the steeplechase at Windsor on Tuesday, two horses fell, and one, Bonnie Duke, was killed. The jockey sustained serious injuries. In the second race, H. C. Egan was pulled as the flag fell, and was brought around to the stretch under a double wran when he was given his head, but finished outside of the money. Jockey Campbell was promptly suspended for the meeting.

WHEEL. McLEOD VS. DAVIDSON. Brantford, Ont., July 8.—Angus McLeod and Harley Davidson, the Canadian professionals, signalled the start yesterday for a match race, to come off at Mohawk Park here, on Tuesday evening, for a purse of \$150, mile heats, best two in three.

THE BICYCLE MEET. Chatham's Magistrate Thinks Its Influence Was Bad.

In a talk with Magistrate Houston this morning, he said that the influence of the C. W. A. meet upon Chatham was altogether bad and demoralizing. On Monday they defeated the Philistines in the ninth inning, thus making what might be called seven consecutive ninth inning victories.

First baseman O'Connor has a kick coming against the Guelph management, because his last salary check was sent to his wife. Dan says: "My wife gets the money, so let her play the position."—Hamilton Herald.

CROCKET. TERRY LEADS THE LIST. Chicago, July 8.—The second match of the Canadian team's visit to Chicago was played on Tuesday against the team from St. Louis on the Wadsworth grounds, and resulted in an easy victory for the Canadians by 97 runs on the first inning. The Canadians were first at bat, and were not got rid of until they had compiled 150 runs, out of which Terry made 42. J. L. Counsell, 38, Lyons 26, and Seagram 10 (not out), by good cricket. Robinson's bowling was very effective. Wadsworth got three wickets in the first inning for 19, Lyon 7 for 20. Terry's wicket-keeping was brilliant, as was also the Canadians' fielding. St. Louis had made 66 runs for seven wickets in the second inning, when time expired.

ROVERS AT CHATHAM. Chatham, Ont., July 8.—The cricket match between Chatham and the Trinity College School, Port Hope Rovers, resulted in a victory for the visitors. Score: Chatham, 77 runs, with 11 wickets; Port Hope, 179 runs, with 7 wickets.

CAMBRIDGE WON. London, July 8.—The 63rd cricket match between eleven representing the universities of Oxford and Cambridge, which began on Monday at Lords' grounds, was won yesterday by Cambridge, by 179 runs.

BUFFALO BEATEN. Buffalo, July 8.—Buffalo cricketers were defeated by the North Toronto eleven by 72 runs to 22 on Monday. Digburn 22, Bond 14, Mitchener 10, Port 10, for the winners, and Dr. Cronyn 12, for the losers, were the only double figures.

FOOTBALL IN DELAWARE. An interesting game of football took place on Saturday, July 3, between the Grasshoppers, of Delaware, and Tempo team. For the first five minutes the game was hotly contested, but for the remainder the Grasshoppers had it all their own way, and scored one goal. The game was played on the fourth concession of Delaware. Men, women and children from far and near thronged to see the game. The Grasshoppers will be unable to play any team except on their own grounds, until after the busy season.

AQUATIC. AT HENLEY. Henley, England, July 8.—The Winnipeg and the Jesus crew raced over the full course yesterday in a trial heat. The latter had three lengths' start, and the Winnipeg won by half a length in 7:15. Both crews were nearly rowed out. The leaders' best time was 7:15. McDowell, while practicing at Putney, coasted with a wing, he leaped overboard, and reached the shore unhurt, but his boat was badly damaged.

ATHLETICS. HOT WORK. Buffalo, July 8.—Fifteen hundred people sweltered in the Olympic Athletic Club arena last night to witness three fights. Joe Youngs and Hiram Goldstein, local men, went 25 rounds, to a draw. Frank Zimpor, of Buffalo, and Luke Stewart, of Chicago, met with my hearty approval. Particularly was this the case in respect to the man English, whose stock was taken possession of by the mob, used and distributed without any compensation to the owner. I looked upon that as one of the grimmest outrages that could have occurred in a civilized domain, but apart from this particular instance the whole circumstances of the meet were inglorious and demoralizing. My own opinion is that the city in securing the meet made a big mistake. There was, so far as the athletic aspect of the occurrence was concerned a great deal to commend it to public notice, but regarding the event from the purely business aspect, I do not think that the meet in any way paid Chatham.

"The city council subscribed liberally to the affair and were amply backed by private subscriptions. Nevertheless, as I view it, the money was simply squandered. I hope it will be many years before Chatham is again the scene of the congregation such as met within its borders yesterday and the day previous. My only regret is this, that some of the fellows who were guilty of the acts complained of have not been prosecuted. If such people had come before me, I would have no hesitation in imposing the severest penalty that the law admits."—Banner.

PROSTRATION PREVALENT. MODERN WORK AND WORRY CAUSE SERIOUS HEART AND NERVE TROUBLES.

Here is what Mrs. C. B. Jones, of 423 1/2 Wellington street, London, Ont., has to say about the remedy that conquers heart and nerve troubles. Says Mrs. Jones: "I have long been afflicted with extreme weakness of the nerves and general debility. Had frequent severe pains in my head, and was so nervous that I would almost scream if anyone came near me suddenly."

"My nerves were so shattered and unstrung that it was almost impossible for me to sleep at night. Rest I could not obtain. "I was in a state of nervous and physical prostration when I commenced taking Milburn's Heart and Nerve Pills, which I got from W. T. Strong, our well known druggist, on the 26th day of November last."

"I began to gain strength of body and nerve force from the time I commenced their use. They have restored my nerves to a healthy condition, they enable me to sleep well, and get rest, building up my entire system. "Milburn's Heart and Nerve Pills are a splendid restorative for weakness and physical exhaustion, and as such I heartily recommend them."
