At Death's Door.—Dyspepsia Concuered.—A Great Medical Triumph. Gentlemen.—My medical adviser and others told me I could not possibly live, when I commenced the use of Northrop & Lyman's Vegenalle Discovery for Dyspepsia. My case was one of the worst of its kind. For three years I could not eat meat and my weight decreased from 219 to 119 pounds. All the food I took for thirteen months previous to taking the Vegenalle Discovers consisted of milk. I am now entirely cured and have regained my saud weight, can eat anything with a keen reliab and feel like a new man. I have sold over 30 dozen Vegenalle Discovers ince it cured me, as I am well-known, and people in this

It certainly saved my life, as I never expected to recover when I first commenced using it. I am not exaggerating anything, but feel glad to be able to contribute this testimonial and trust it may be the means of convincing others of its merit as a certain cure for Dyspepsia.
