SNAP-SHOTS AT VARIOUS SPORTS.

Brantford juniors won the C. L. A. championship in that division, and the Telephone City got right up and made a noise about it when the boys returned. At that, it is better than the senior championship they won with their, importations last year. The home-brews are all right.

The Toronto team's batting and fielding averages are out, and were it not for the Humane Society, we might publish them. Some of the men, had they made as many hits as errors, would be in the honor roll of batsmen. They were a lovely team.

Mr. Dyment has become disgusted with the performances of his runners, purse \$10,000, was the feature event of and has sent them up north. Chicago had to shut his team | Veach struck the fence at the halfout at that to beat him. Matty is easily the king-pin of the shot-servers in Dagler, but neither the driver nor the his league. He looks about the best in the business. He has horse-sense, something that Rube Waddell lacks.

At Libertyville, bets were declared off on a bad-looking race, a driver was taken down because he didn't seem to be driving, and there was a bit of gossip about a suspected ringer. We hardly think a running meeting could have done any better.

The harness races at Lexington Oct. 3 to 14, will be about the greatest the Grand Circuit has ever had. Three hundred and seventy-four horses have been named in the different races. The one race of greatest interest to Canadians is the Kentucky Futurity. Canadians is the Kentucky Futurity, in which Miss Wilks' Katherine L. will meet Susie N. and Bon Voyage. This will settle the question of gupremacy between these three phenomenal "baby" trotters, Katherine L. will have to trot her best to beat Susie N., who is trotting near record-breaking Angiola, b. m., by Gregor time about every beat. Harry Giddings, Oakville, is in rather hard luck. His good stud, Wickham, was rescued when the stables were burned, with much difficulty. However, the horse never recovered from the partial suffocation, and died the other day. He was a good horse, and the colt, Wire-Iin, sired by Wickham, comes rather close to being one of the best Province-bred horses ever produced. He was also the sire of War Whoop and other good ones.

The undersigned has been asked to pick out what he considers the best This is a very hard thing to do, but as far as his judgment goes, here would be about the best line-up: Catcher, Steele, Miss Georgie, br. m. (Gerrit McClarys: pitcher, Earley, McClarys: first base Wanless Londons: second Sam Rysdik, br. g. (Bean). McClarys; pitcher, Earley, McClarys; first base, Wanless, Londons; second base, Fleming, Londons; third base, Ward, Blue Labels; shortstop, Ball. Ethel McClarys; left field, Hutchison, McClarys; center field, Bell, Rockets; right field, Phillips, McClarys. This team looks about as strong as any possible to be chosen from the league. Lewan or Ecclestone might be placed in right. field without much damage, but Phillips handles short hits to first better than any of them. The rest are somewhat secure in their positions. This team would make them all hurry, as they are fast on the lines, good hitters, and play heady ball.

Ed Patch, 2:08 3-4, is the first 2:10 performer for the champion Dan Patch, 1:56. In many ways he resembles his sire. Nothing disturbs him, and he always has that kindly look up into the grand stand when he jogs back to score, for which his famous grand-dad, Joe Patchen, 2:01 1-4, and Cairngorm Defeated Favorite his own sire, Dan Patch, 1:56, were noted. He is not so large as either of the above-mentioned pacers, and never will be over 151/2 hands high. He is a four-year-old and no doubt will in time land down among the free-for-allers

In looking over the new list of 2:10 performers for this year, one wonders why horsemen still persist in holding to the 2:30 list. Any horse that cannot beat 2:30 nowadays on his first time on the track is immediately chased out on a milk route or something worse. Why not, with the improvement of horses. and in racing gear, raise the select circle to 2:20?

The American League race is getting to be an awful thriller. The "bangtails" have moved from the Woodbine to Windsor. Another bad season for the hardworking bookies. It's a shame to take the money.

Tomorrow McClarys play the Bloomer Girls. Don't miss this game. The foundrymen will have their regular line-up. GETTING IN SHAPE. The Toronto-Argos are working hard

*;**************** Tigers Will Not Withdraw.

The Tigers executive was in session until nearly midnight on Monday debating as to whether or not the club should withdraw its senior and second teams from the O. R. F. U. as a protest against the treatment accorded to the local teams by the committee that drew up the schedules. The Spec says that as a result of the meeting it is likely that the teams will play out the schedule, although every member of the committee was of the opinion that the club had been shabbily treated. Opinion was divided as to the course that should be taken. A number of the executive thought that the Toronto members of the O. R. F. U. committee, and they form the majority, as well as the Toronto teams, would ask for nothing better than that the senior Tigers should withdraw, as there would then be a chance for them to get the tinware that goes with the championship back in Toronto. It was for that reason practically decided not to withdraw, but to play out the schedule, As far as the second team was concerned the committee felt that an injustice had been done in placing it in the intermediate series, but that it would be able to hold its own. While the second team is rather light for intermediate company, it is fast, and is in good shape, having practiced faithfully all season, and those who have been following its work closely are confident that it will be able to more than hold its own against Dundas and Guelph, the teams that it will have to meet in this district. It is the intention of the club to enter a junior team also, so as to give the youngsters a chance to show what they can do.
