

CHANCE AND FARRELL MAY MEET TODAY

Conference May Terminate in Chance Becoming Yankees' Manager at Big Salary.

Chicago, Jan. 7.—Frank Farrell, owner of the New York American League club, and Frank Chance, former manager of the Chicago National League club, were expected to engage in a conference here today which would terminate in the former National League star becoming the manager of Farrell's team.

Negotiations have been on between the two since Chance was given his release from the Cincinnati club, to which he was sold by President Murphy, of the Chicago club. Farrell announced on last night that he expected little trouble in inducing Chance to attach himself to a contract, and baseball men had no doubt that there would be any trouble in an agreement being reached quickly.

The amount that Chance would go to the New York club for has been variously estimated at from \$10,000 to \$20,000 a year, with a percentage of the receipts.

(Later.)

Chicago, Jan. 7.—An early edition of an afternoon paper prints an extended interview with Frank Chance, in which Chance states positively he will not appear in baseball this season, and thus his purpose in coming to Chicago was to explain fully his attitude to Frank Farrell, who wants the former leader of the Chicago Nationals to manage the New York club of the American League.

WOMEN BARRED FROM JOINING THIS GOLF CLUB

Men Will Be Able to Play Without Having to Wait.

New York, Jan. 7.—Another new golf course, one which will admit no women to membership, is to be added to the many already along the Hudson shore. It was announced last night that the club will be known as the Old Elm, and will occupy grounds on the Old Green Road at Fort Sheridan.

The reason for making the club for men only, it is said, is to insure that all times without waiting. The membership is to be limited to 140, and the club is the second to be formed within a few weeks, the other being the Winnetka Country Club.

This makes a total of 50 golf courses in Chicago and vicinity.

BAN JOHNSON STILL ILL

Meeting of National Commission Is Further Postponed.

Chicago, Jan. 7.—Further postponement of the meeting of the national baseball commission at Cincinnati, which probably will be necessary today, is the result of the continued illness of President Ban Johnson, of the American League. Mr. Johnson was still confined to his bed today with a hard cold, according to Mrs. Johnson, whose husband probably would be unable to leave the house for at least two more days.

THREE-FIFTHS CLAUSE DEFEATED SARNIANS

Temperance People Polled a Splendid Vote to Wipe Out Bars.

[Special to The Advertiser.]

Sarnia, Jan. 5.—Lacking one hundred and thirty-six votes to complete the necessary three-fifths majority local option went down to defeat in Sarnia today, after an exceptionally hard-fought campaign. One thousand and seventy votes were polled in favor and nine hundred against. From the very start of the campaign both sides realized that the race would be a close one. The vote polled in the business district was noticeably strong in favor of the wets, and it is very clear that Port Huron, the American city across the river, was the insurmountable obstacle in the path of local option.

The battle involved not only the question of the liquor traffic itself, but the larger and more important business aspect of the situation. Considering the fact that Sarnia is a border town, directly across the river from a wet city, the showing made by the local optionists was very strong.

The opinion is freely expressed that the vehicles employed to bring the voters to the various booths, was at least one-third of the victory, as the anti had pressed into service every auto and carriage that could be secured, while their opponents were forced to allow their friends to walk.

The plebiscite on hydro-electric resulted in favor of the project.

The results of the elections in the various wards as follows: Ward 1, Ald. McArthur and Elliott; ward 2, Malcolm MacKenzie and Adam Laschinger; ward 3, W. J. Thompson and J. W. Proctor.

Stanley Williams, candidate for third deputy reeve, won against his opponent, Alex. Kelly, by over 300 majority. All other candidates were elected by acclamation at the recent nominations.

[Special to The Advertiser.]

Harrison, Jan. 7.—A pretty wedding was solemnized at the home of Mr. Wm. Pike recently, when his only daughter, Elizabeth A., became the bride of Geo. A. Kirby, of Minto. The ceremony was conducted by Rev. Thos. Grandy, pastor of the district circuit, the bride standing under a beautiful arch of evergreens richly decorated. Miss Mabel Schafer, of Fordwich, played the wedding march. Little Miss Velma Pike, dressed in pale blue, and carrying a basket of flowers containing the ring, was a charming flower girl. The bride wore a beautiful gown of ivory satin trimmed with crystal. A bridal veil held in place with orange blossoms and carried a beautiful bouquet of carnations. She was assisted by Miss Sarah Kirby, of London, and the groom by Wm. S. Pike. The tables were very prettily decorated with pink and white carnations and smilax. There were about seventy-five guests present from Edgar, Fordwich, Mitchell, Fullerton, London, Toronto, the Northwest and Harrison.

FORCE TURKEY TO ACCEPT PEACE

British Press Calls on Powers to Prevent Resumption of War.

Greece Must Have All Islands of the Aegean, Except Those Held by Italy.

[Canadian Press.]

New York, Jan. 7.—A cable to the Herald from London says:

The ambassadors of the powers held a long conference in the foreign office yesterday afternoon, and it is felt in diplomatic circles that in the end they will force Turkey to accept conditions that make for peace.

The newspapers this morning call upon the powers to prevent a resumption of the war, and insist that Adrianople is bound to fall and should be given to the Bulgarians, adding that the Isles of Greece should be restored to the Hellenic kingdom.

The Standard voices the consensus of the British press opinion, saying:

"We look forward to united action by the powers, which will have the effect of removing the present block and affording the Ottoman Government a necessary excuse for yielding to the inevitable."

Mr. Venizelos in a statement in the London Times this morning says:

"No other solution is possible than the concession by Turkey of Adrianople and the Aegean Isles."

OLD POSTAGE RATE IS STILL IN FORCE

OPERATED ON SELF

Minneapolis Surgeon Stands Before Mirror and Cuts Open Jaw.

[Canadian Press.]

Minneapolis, Minn., Jan. 7.—Driven to desperation by pain and his inability to find a surgeon who could relieve him, Dr. W. M. Beck, of Clarkfield, Minn., stood before a mirror in his office, made an incision just below his left jaw, cut away the flesh from the point of the chin almost to the left ear, scratched the bone and then sewed up the wound.

His operation, however, failed to relieve him of a growth which threatened to destroy the jawbone, and today he is in a local hospital, where another operation is being performed by his own hand.

Dr. Beck performed his own operation he was aided only by a nurse, who was the first to give way under the strain.

REAL ESTATE OWNERS ARE ON THE WARP

Want J. G. Henderson Dismissed and Mayor to Spend His Own Money.

The Real Estate Owners' Association have drafted a series of resolutions for the guidance of the new council. One of them deals with the salary of the mayor, and the members are anxious that his worship shall expend such money for travelling expenses, etc., and not charge the city for trips. The Real Estate owners are after the scalp of Mr. J. G. Henderson, commissioner of industries, and ask for his dismissal. They warn the aldermen that they will take steps to recover from the aldermen any sums voted illegally. This may be a cover for the fact that the members of the association may take steps to collect the \$225 voted to advertise the industrial loan bylaws.

The Resolutions.

The resolutions, which were sent to the aldermen individually, are as follows:

(1) That whereas the sum of \$2,000 per annum is paid to the mayor: the ostensible purpose of which is to cover the incidental expenses connected with the functions of that office, for travelling expenses, etc., that no additional amounts for any sum should be taken or allowed by the council towards the mayor's office.

(2) That the office of publicity agent or commissioner of industries be abolished or the members of industries be allowed advantages over all other aldermen in the domain, should be sufficient attraction to any sound industrial or other business seeking location in Canada.

(3) That no unauthorized or illegal account be allowed to pass the council, as it is the intention of the Real Estate Owners' Association to take legal action, and if possible, force every alderman during the year to pay from his own purse any illegal account he may vote to be met by the city treasurer.

Two Dead Men.

Mayor Graham was not honored with a copy of the resolutions, but had them read to him.

"I see by the letter heads that two of the three officers of the association are dead, and have been for some time," he said. "That shows that it is a live organization. Surely they do not expect a wide-awake council to pay much attention to spirit rappings, and voices from the grave."

The R. E. O. A. also sent a resolution to the board of education, requesting the trustees to return to the double sessions of the kindergarten. In case this request is not granted, they will ask that a plebiscite on the question be submitted to the electors next January.

HEAVY GOING FOR LINERS

Cunarder Ascania Was Obligated to Heave-To For Six Hours.

[Canadian Press.]

Plymouth, Jan. 7.—The steamship Ascania suffered severely from the storm on the Atlantic on her voyage from Portland, Maine, to this port. On one occasion the vessel had to heave-to for six hours, so big were the seas. Oil was successfully used to break the violence of the waves.

At this point the passengers disembarked and about half the crew were glad to get ashore after their unpleasant experience during the passage. The Cunard Line has inaugurated a new departure, by permitting passengers to land at Plymouth, instead of proceeding right through the English Channel to the Thames.

The Ascania continued her voyage to London.

Queenstown, Jan. 7.—Owing to the severe weather, the Campania, which arrived off this port from New York on her voyage to Liverpool, at 3 o'clock this morning, was unable to communicate with the shore.

WHAT CITY PAID FOR ITS MONEY DURING THE PAST FIVE YEARS

An Interesting Analysis of the Sales of Debentures From 1908 to 1912.

An analysis of the sale of debentures by the city of London for the past few years proves of much interest. During the five years ending Dec. 31, 1912, the city sold on nine occasions bonds amounting to \$1,295,952, and of this amount the sum of \$835,022 represents the city's borrowings for the past three years, \$430,000 being borrowed in 1912. The following table shows what the money cost the city:

June, 1908	4.55 per cent.
October, 1908	4.20 per cent.
February, 1909	4.10 per cent.
October, 1909	4.10 per cent.
February, 1910	4.40 per cent.
June, 1910	4.40 per cent.
March, 1911	4.20 per cent.
March, 1912	4.40 per cent.
December, 1912	4.80 per cent.

The last sale of \$231,400 cost the city a little over four and three-quarter per cent. Wood, Gundy & Co. have handled over \$650,000 in three of the last sales.

Mr. Wider, representative of the company, stated today that it is not likely that money will be easier to any great extent in 1913.

COCHRANE SLATED TO FOLLOW LIEUT.-GOVERNOR GIBSON

Minister of Railways Is To Be Named Governor of Province of Ontario.

[Special to The Advertiser.]

Ottawa, Jan. 7.—Hon. Frank Cochrane, Minister of Railways, is slated to follow the Governor of Ontario next autumn. The term of Lieut.-Governor Gibson expires in September next, and if the present plans of the authorities are carried out, he will be succeeded by Mr. Cochrane. It is understood that Hon. Mr. Cochrane himself favors this change. He has been in public life for a good many years, and has experienced all the turns of the game. He has reached the highest point possible for him at Ottawa, and has the administration of a most exacting and exasperating portfolio. It is understood that it is beginning to get on Hon. Mr. Cochrane's nerves. Not that he objected to hard work, and lots of it, for he has always been a notorious glutton for work, but small matters of patronage connected chiefly with the Intercolonial Railway, worry him beyond measure. He would welcome a change of occupation, and the change of residence from Ottawa to Toronto would not be disagreeable to him, as it is in Toronto that he would most frequently meet old associates for whom he has the highest regards.

Means Another Shift.

The departure of Hon. Mr. Cochrane from the Borden Government means likely to result in a considerable shifting of portfolios. The railway portfolio will probably go to the Province of Quebec, and be taken by either Hon. Mr. Pelletier or Hon. Mr. Soler. It is possible, however, that Hon. George Perley may be advanced to a portfolio and be given the administration of railways. If this is not done, a new man will be brought in from Northern Ontario to take the state or the postoffice portfolio.

SOME BARBERS ARE OPPOSED TO LAW

All Are Not in Favor of the Early Closing Movement.

Not all the barbers in the city are in favor of the early closing bylaw which goes into effect in London on Friday, Jan. 10. The majority of downtown tonorial artists are opposed to the 10 o'clock closing on Saturday nights. The greatest objection to this was expressed by a prominent downtown barber to The Advertiser today. He stated that the closing at 10 o'clock on Saturday evenings, the barbers lose much of the custom of the store clerks and others who work late Saturday night. The greater number of stores do not close until 10 o'clock, so that by the time the clerks get out the barber shops are also closed. Several of the downtown barbers did not sign the petition mainly because of this objection.

As it is now, the store clerk will have to get shaved during the supper hour, and this will make the customers and tonorial men also will have to go without any supper.

The barbers in the other sections of the city are, however, apparently well satisfied with the bylaw. The early closing of the downtown barbers is much favored, and has been fought for some time by the majority of the barbers in the city. They are glad to see the bylaw in every week throughout the year and keep open shop on Saturday evenings, but these are in the minority.

After the address the Bible Class voted a share in the mission fund to be spent annually to maintain the home missionary funds for the Queen's students.

Want Sunday Cars.

The people of London would now have Sunday street cars. A lively debate on this question was held by the Chelsea Green Debating Society on Monday night in the church, and the debate was in favor of granting the street cars won by a large number of points. Among the most prominent of the debaters were: Mrs. Welch, Mrs. Perkins, Mrs. Snow, Miss Symons, Messrs. Garthshore and Batey.

EXCESSIVE RATES.

Washington, Jan. 7.—Spirited competition between lumber exporters of this country and those of Sweden and Norway induced the filing of a petition today by the A. H. Stange Company, of Wisconsin, against the Chicago, Milwaukee and St. Paul Railway and practically all the street-car operators between Wisconsin and the Atlantic seaboard.

The complainant says that in 1905 it exported 300,000 pine doors to England. Since then the exports have decreased until in 1912 only 50,000 were shipped abroad. The decrease is alleged to be due to the excessive transportation rates exacted by the eastern railroads as manufacturers of Sweden and Norway were able to enter the English market on much better terms. A reduction of rates is urged.
