The steam tug Tugo which was left in the ice near the government wharf last fall was slightly crushed by the ice and sprung a leak. NOT NOW CHEAP

There are a great many merchants who endeavour to impress upon the public, the cheapness of their goods as though that were the main feature to be considered in either buying or selling. Usually an article that is cheap in price is cheap in every other respect.

BUT HOW GOOD

While our prices are as reasonable as those of any house in the business we contend that price is not the chief factor. The main thing is a satisfied customer.

You sell a cheap suit of clothes to a man and every time he puts it on he feels as cheap as the suit and becomes dissatisfied with himself and the man from whom he purchased it. The only reason that he continues to wear it is that he thinks he cannot afford to throw it away.

On the other hand you sell a customer a good suit, even though the price is somewhat higher than he intended paying, and while he wears it he feels satisfied with himself and the world at large.

We sell the clothes that will give you that satisfied feeling, we can either fit you out of stock or take your measure and have your clothes made up by one of the best clothing houses in Canada, "The 20th Century," or "Campbell" brand.

We would be pleased to have you call and inspect our goods even though you do not buy from us.

"CHARLEY'S AUNT"

A most engaging series of incidents sustained by a love interest that appeals because of its sincerity, a proper tangle of plot which is ingeniously unravelled and then as artfully unravelled, a number of sharp dramatic climaxes and real thrills, and above all, a sustained, wholesome and refreshing quality of fun, combine to make "CHARLEY'S AUNT" the best farce of all time. The piece furnishes many mysterious and not a few melodramatic moments, that are all the more enjoyed because of the substantial quality of its story, in which additional appeal is furnished by the fact that its scenes have been enacted in every country on the globe. Its revival at this particular time is very opportune and patrons of the Opera House are assured of some clean fun when it comes on next Wednesday April 11th.

TRAINS TO BE RESTORED.

According to reports from Moncton, the Ocean Limited will be restored Sunday, April 15th. The West Local will also be running a few days earlier.

No word has yet been received as to when the Suburban between Newcastle and Campbellton will be put on. As this is one of our most important local trains some provision should be made to serve the people down the line who are dependent upon it to come to Campbellton on business. It now takes two nights and a day for a Dalhousie citizen to come to Campbellton to transact any business.
