One reason why the Pies and Cake, Bread

you use

BEAVER FLOUR

Is because the flour is always the same. It is milled from blended wheat.
Ontario fall wheat, strengthened with western spring wheat.
Being blended in exact proportions, Beaver Flour is always the same in
strength and quality; and always gives the same results, no matter what
or when you bake.

It will be a change for the better when you change from western wheat
flour to Beaver Flour, milled from blended wheat.

WOODSMEN ON HOLIDAYS BENT

All the Way From the North
Shore on Way to Homes in
York County.

(Wednesday's Telegraph)
A large number of woodmen arrived in St. John yesterday on their way to their homes to spend the holidays. Those from camps in north eastern New Brunswick, most of whom were bound for points in York county, said the operators had little difficulty recently in obtaining full crews, although early in the season they had scarce and returned soldiers who had that the operators had little difficulty war, were reluctant to return to their gone to the woods yearly before the former winter employment in October. No, however, many veterans were in the woods. The wages vary from \$65 to \$75 a month.

The men reported that the camps were unusually free from sickness this season, the influenza not having appeared again. The food is generally abundant and of excellent quality and complaints are few.

In fact, the only complaint that was heard at the Union station was that the lumber cutters at points along the International division of the C. N. R. had difficulty in getting train accommodation when they desired to reach Campbellton. On Monday, the men arriving here said, seventy-five woodmen assembled at a platform eleven miles from Campbellton, but the east-bound accommodation would not stop. The train was already jammed with lumber cutters who had emerged from the woods at other points, a score even riding in a box car. Some of the party of seventy-five hired teams, which carried them and their baggage to Campbellton, and the remainder walked eleven miles. All were able to reach the town in time to board the east-bound Maritime express train at an early hour yesterday morning. Most of the woodmen say they will return to the northern woods after the holidays.

There is barely sufficient snow in the northern counties for runners. In Westmorland county, runners and wheels are both in use, but near St. John there is no sleighing and cattle are browsing in the fields.

There has been little loss time in any of the lumber districts. The men worked through the recent cold weather, the biting westerly winds not penetrating to the camps, except on exposed tracts or elevations. The lumbermen speak highly of the Restigouche region as a lumbering country. The International division of the C. N. R. is handling a heavy freight traffic, carrying much lumber, camp supplies and freight routed for the United States which passes over the St. John river railroad bridge between St. Leonard's and Van Buren (N.Y.).

In Westmorland county the lumber operators are unusually busy. Hon. Dr. E. Smith, mining clerk and mines, of Shediac, who has not lumbered for two years, is busy this season, and will start his mill in the spring. A large concern which does business in northern New Brunswick and in Quebec has established an employment bureau at Moncton.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm
tender little Stomach, Liver
and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad, has sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the food, constipated waste, undigested food and some bile gently moves out of the little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

PRINCE HAD A LOT OF BAGGAGE

Was Overladen With Accumula-
tion of Presents From Places
He Visited.

The Prince of Wales set out on his
travels with a very modest im-
portant. As an officer in France he
had to struggle through on the 30-lb.
allowance for personal belongings,
though most army battalions would have
liked to believe their officers lived up
—or rather down—to this Spartan
limit. He sailed from England with
a very small baggage. He returns
overladen badly. His Indian head-
dresses alone required immense boxes
to carry them around. There are also
almost innumerable presents of all
sorts from places he has visited, sou-
venirs of a very wonderful trip. So
the bluejackets on the Renown had
some "Royal luggage" to handle on
the return home.

WOMAN'S STATEMENT WILL HELP CAMPBELLTON

"I hated cooking because whatever
I ate gave me sour stomach and a
bloated feeling. I drank hot water
and olive oil by the gallon. Nothing
helped until I tried simple buckthorn
bark, glycerine, etc., as mixed in Ad-

TIRE bowel tract completely Adler's-ika
relieves ANY CASE sour stomach,

pendicitis. THE INSTANT action is

STOPPED MANUFACTURING SUGAR AT ST. JOHN

ST. JOHN, Dec. 24.—It is announced
today that the Atlantic Sugar Re-
fineries have stopped manufacturing
owing to lack of raw sugar, and the
manufacturing part of the plant will
be closed until January 1. This will
put about 200 men out of employment
for that length of time. The fac-
tory will not be closed, however, as
shipping of stock on hand will be con-
tinued and the mechanical and repair
departments will be at work. Local
wholesalers, it is said, have only small
stocks of sugar now and are antici-
pating a scarcity before the factory
commences operation again.

CAPTAIN ADAMS WAS TAKEN BY SURPRISE

Improvement So Remarkable
After Taking Tanlac He Hard-
ly Knows Himself.

"For one whole year before I
took Tanlac there was hardly a day
that I didn't have a severe headache
and hardly a night when I got over an
hour or two of sleep," said S. S.
Adams, when he called at the One
drug store in Vancouver, B. C. Mr.
Adams served as Captain in the En-
glish Army, and at the time he made
this statement he was registered at
the St. Francis Hotel, 600 Cordova,
West, Vancouver. Mr. Adams further
stated that he would leave for the
Orient in a few days to accept a man-
aging position with an English firm
in Japan.

"For the past year," continued Mr.
Adams, "I had gastritis in its very
worst form and gas would press against
my heart and make it palpitate so
bad that I would get busy and some-
times while I was eating I would get
to feeling that dizzy that I would
have to get up and leave the table
without finishing. My appetite was
almost gone and even the smell of
food would sometimes turn my stom-
ach, and I had to be extremely care-
ful about what I ate so as not to suffer
from gas. My nerves were shattered
and the least little noise out of the
ordinary would upset me completely.

"I tried medicine after medicine but
nothing would do me any good, and I
was about to give up trying to find
anything else when my attention was
called to a testimonial in the paper
about Tanlac. I decided to try it, and
I want to say right there that it took
me by surprise and that it is simply
remarkable how I have been restored
to health. I have a splendid appetite
and no matter what or how much I eat
I never suffer from stomach trouble
in any form. My nerves are steady and
quiet, and I can sleep all night long.
I am not troubled with headaches or
dizzy spells any longer, and I feel so
different in every way that I hardly
know myself. I am leaving for the
Orient in a few days and before I go
I feel that it is my duty to make it
known that Tanlac is a great thing and
statement and let the people know
it will do every bit of what they say
it will."

Tanlac is sold in Campbellton, by
