OVER THE BORDER.

A flood-tide of prosperity is clearly perceptible in the United States. The depression which has brooded over the commercial and financial interests of that great country for several years, is passing away. Along the channels, and in the central marts of trade, there is unwonted activity; and capital, is impossible to give them and do the property, caused by the recent it is impossible to give them and do the property of the present year has the property of the present year has the control of the property of the modes of expression, the control of the modes of ment to labor. Suspended factories are again in operation-the wheels of House in this town was densely crowd business, in almost every department, are in motion, and there is a looking to a lecture by Doctor J. W. The main scope of the dis- right on the street.

upon the wheels of trade, as well as a governmental fraud upon the public.—
Brokers and speculators in stock may have profited by this system of financial unsoundness. Swindlers on Change have thereby perpetrated frauds of astounding magnitude, which had a depressing effect upon all honest business. Of course numerous and disastrous fallures inevitably resulted. Long-standing merchants, of apparant stability, were driven into bankruptcy, and reputed millionaires gradually and reputed millionaires gradually glided into helpless and hopeless insolvency. Schemers, such as Vanderbilt and John A. Gould, piled up stupendous monetary mountains, and what enriches a few adroit and unscrupulous sharpers impoverished the many and crippled the business industries of the many and crippled the business industries of the whole nation. The effects of these mischevious evils, operating upon labor,

of property in the interior.

Later accounts also give particu-

Thursday evening last the Court ter times has dawned.

The first cause of this improvement in business, was the return to a sound national currency. The uncertainty and fluctuations in the real value of greenback scrip had long been a clog upon the wheels of trade, as well as a governmental fraud upon the public.—

In chair. The main scope of the discussion was in reference to Zymotic diseases, especially, diphtheria, scarletine and typhoid fever, which of late years have been alarmingly prevalent in this Province. He demonstrated that the cause of these maladies were governmental fraud upon the public.—

In the late term in Victoria, C. B., there was not a criminal or civil cause of wheat was picked, that had sprung from a single kernel, accidentally dropped among the beans when they were planted. It was noticed to be so heavy that the heads and kernels were count-that the heads and ker

trous failures inevitably resulted, by filthy accumulations on the surface business.

Long-standing merchants, of apparant in the vicinity of wells. Filtration as a process of purification was recommended by the surface business.
