A True Invigorator.

Weakness and prostration of the nervous system surely follow that overwork and worry which brings sorrow and suffering to so many Canadian homes. The terrible results of nervous weakness, are seen on every hand. Pains in the back, poor and unrefreshing sleep, lack of appetite dyspepsia, and lost energy and strength, are the first symptoms of more serious and danger. ous trouble. This is the way that Paralysis, Paresis and Insanity begin. Do not delay a moment longer, for some time it will be too late to regain your lost health and vitality. Use Paine's Celery Compound now, and the dull eyes will regain their brilliancy, the cheeks will grow rosy, the brain become clear, the nerves strong and bgain become clear, the nerves strong and
steady, your sleep restful and refreshing,
appetite good, and health and happiness
will take the place of misery and suffering.
A. Sabiston, the well known lithographer
of Montreal, writes: "In the summer of
1888 I had to work very hard, and was
troubled considerably with insomnia (sleeplessness). I resolved to try your Paine's
Celery Compound, and after taking the
contents of two bottles, felt like a new
man. A good night's rest gave me strength contents of two bottles, felt like a new man. A good night's rest gave me strength for the duties of the day, and instead of starting out to business in the morning feeling as if I had completed a day's work instead of being about to commence one I started out in good spirits, feeling fresh and strong. My wife and various friends, to whom I recommended the medicine, have been benefited greatly, and in fact 'Paine's Celery Compound is a household word in our family."

Miscellaneous.

Joking with Sea Guils.

Sea birds are always interesting objects to voyagers. They follow a vessel sometimes all the way across, ever restless and untiring. The gulls particularly, with their long, swift wings, realize the highest powers of endurance and fly with ease against the severest storms. Some say that these birds never visit the earth except to deposit their eggs; otherwise they live constantly between the sea and sky. In fine weather they fly high in the air, descending with great rapidity to seize the fishes on the surface of the water.

The symmetry and strength of the gulls are remarkable, showing how nature has adapted them in every particular for the purpose of long flight. Their pectoral or breast muscles are one solid mass of firm, hard muscle, and their bones are hollow, having no marrow in them. Sleep is not necessary to them, or, rather, they rest

Many a fond mother, upon being suddenly awakened by the peculiar ringing, rattling cough that heralds croup, has been so frightened as to be unable to think of or apply a remedy. It almost always attacks its victim in the night, and is greatly to be dreaded on account of the extreme rapidity dreaded on account of the extreme rapidity with which it develops. If possible, in this case, as in all cases where you distrust your ability to act, send for a physician, but do not sit down helplessly meantime, as you may do much to relieve the sufferer and check the ravages of the disease. Give an emetic at once. Syrup of ipecac should always be kept in the house for this purpose, as it is the easiest to give a child. Let the doses vary from a quarter of a teaspoonful to a teaspoonful, according to the dreaded on account of the extreme rapidity

Shiloh's Consumption Cure.

This is beyond question the most successful Cough Medicine we have ever sold, a few doses invariably cure the worst cases of Cough, Croup, and Bronchitis, while its wonderful success in the cure of Consumption is without a parallel in the history of medicine. Since its first discovery it has been sold on a guarantee, a test which no other medicine can stand. If you have a Cough we earnestly ask you to try it. Price 10 cents, 50 cents, and \$1. If your Lungs are sore, Chest or Back lame, use Shiloh's Porous Plaster. Sold by Drs. deBlois & Primrose, Bridgetown, and Dr. Morse, Lawrencetown.

SHE LOVED TO GROAN.—Aunt Mary—
'What a cold hearted world this is! I was so sick all night and not a soul in the house came to see what was the matter with me.'

Ella—'That's not it at all, auntie; we all heard your groaning, and we hadn't the heart to interrupt you. We know how you do enjoy a good groaning, you know.'
