

OPERATORS, READ THIS!

CITIZENS' INSURANCE COMPANY OF CANADA.

ESTABLISHED 1864.

HEAD OFFICE, 179 St. James St., MONTREAL.

FOR FIRE, LIFE AND ACCIDENT INSURANCE.

LIFE BRANCH.

Agents are wanted in all places where the Company is unrepresented, to solicit Life business. The wealthiest Stock-holders of any Home Company own the Citizens' Stock, thus giving additional security to the Policy-holders. The expenses of the Life-branch are lower than those of any purely Life Company, thus adding to the profits which are always satisfactory to the Policy-holders. The profits paid are so large that when they are applied to the extinguishment of premiums, the burden of providing for one's family becomes easier, until there are no more premiums to pay. Premiums paid to a Canadian Life Office stay in Canada, adding to our country's wealth.

ACCIDENT BRANCH.

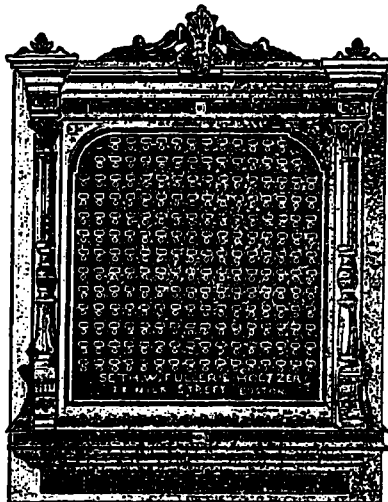

The Company wants Agents in every Town, to sell Railway Accident tickets. The Red tickets sell for 15c. each, and cover Accident Insurance for one continuous trip to the amount of \$3,000, if killed, or an indemnity of \$15 per week, for 26 weeks, if disabled. The Yellow tickets sell for 25c. each, and are good for railway trip and return journey for same amount.

Operators at Railway Stations and Hotels will add materially to their income by applying for Agencies, and should mention seeing this special advt. in this paper when writing to the Company.

Address the General Manager, at MONTREAL.
