## NEW POULTRY ASSOCIATION FORMED IN QUEBEC.

ON Friday evening, November  
9th, at North Hatley, Que.,  
some of the friends of good  
poultry gathered together and formed  
a poultry association, the first in the  
eastern townships, giving it the name  
of the Massawippi Valley Poultry As-  
sociation.

Twenty-four members joined and  
the following officers were elected:  
President, A. C. LeBaron, 1st vice-  
president, R. E. McKay; 2nd vice-

president, J. E. Kennedy; secretary,  
Dr. C. J. Edgar; treasurer, Henry  
Bassett.

An Executive Committee was also  
appointed, consisting of the following  
gentlemen: A. C. Jackson, chairman;  
John Hackett, M. A. Putney, B. A  
Blossom, Abbott C. LeBaron, D. C.  
Jackson, Jos. Sampson, Dr. H. A. Mc-  
Creagh, A. W. Beau, J. E. Goodwin,  
Amos Kezar, Clarence Young, Hol-  
land Knowlton.

The Association will hold monthly  
meetings, and propose having their  
first public exhibition about February  
next. Much enthusiasm was shown  
and the new association began its  
career under the most encouraging  
and pleasant auspices.

C. J. EDGAR, M.D.,  
Secretary.

(Congratulations.—Ed.)

## CLASHING OF DATES.

TORONTO taking our dates seems  
rather hard treatment from a  
city that could have a big show  
at any time without trying to crush  
smaller associations. The Eastern  
Ontario and our show would not con-  
flict to any extent to injure.

Yours truly,

J. W. KEDWELL.

Sec. L.P. &amp; P.S.A.

Montreal, Ottawa, Toronto, Petro-  
lea, all on the same date does seem  
a little unbusiness like. This clashing  
of dates must tend to reduce entries  
at all the shows named, to some ex-  
tent.—Ed.

Single-comb Brown Leghorns, White and  
Buff Wyandottes, Houdans, Rose-comb White  
and Brown Leghorns, and Buff Plymouth  
Rocks: The largest stock of the above vari-  
eties owned in this country, and the records  
will substantiate the claim of SUPERIORITY  
AS TO QUALITY—not records made at the  
county fairs, but records made in the strongest  
competition at the greatest American shows  
—New York, Boston and Washington—where,  
in the past five years, my stock has been  
awarded 136 first, 60 gold specials, 13 silver  
medals, and 6 silver cups. The line of blood  
I am breeding and exhibiting has produced,  
and is to-day producing, prize winning spec-  
imens in every section of this country and in  
many parts of Europe. "Like begets like."  
Send for illustrated circular, giving full prize  
record of the leading and most popular strains  
of above varieties. Satisfaction is guaranteed.
