That our school orchestra has achieved wonderful success under the leadership of Mr. A. Parfitt, was evinced on Nov. 15th to a large audience by the excellent rendition of several selections of high class music, which were very much appreciated. In addition to the instrumental music, "which included a cello solo by Mr. A. Parfitt," the audience was favored with vocal solos by Messrs. J. G. Brown, Watson and A. Parfitt, and a recitation by Rev. J. C. Speer, all of which were rendered in excellent style, making a very pleasant and profitable evening for all who had the good fortune to be present.

We are working in our Sunday school to have every name on our membership roll placed on the Historic Roll in connection with the T. C. T. F., and we expect to be successful. The annual election of teachers and officers of our school, and also the anniversary service, will be held in April, 1900, instead of in December, as has been the custom in the past. This change is made so that we can report the success attained by the school just previous to the Conference, thereby carrying out the rule as laid down in the discipline.

Our Intermediate League is coming to the front, and we believe much more will be heard from them on advance lines before many years.

Rev. W. H. Barracough, B.A., pastor.

The appeal on behalf of the Twentieth Century Thanksgiving Fund was made on the evening of Nov. 5th. The plan pursued by many other churches was adopted, and a rousing platform meeting was held in the evening. The Hon. Abram Smith, U. S. Consul, occupied the chair, and in a few well-chosen words introduced the programme. Mr. Walter Morris was first called on, and gave an earnest address and backed it home by a subscription which placed everyone of his family on the Historic Roll. Mrs. Gordon Grant followed with a most beautifully worded and clearly logical presentation of the claims of the Fund, which found its way to many hearts and pockets.

Mr. W. H. Bone gave an excellent speech, and Mr. Noah Shakespeare almost excelled himself in a fervent appeal for the spirit of Thanksgiving. Mr. W. B. Deaville, though pressed for time, showed us that he had prepared a good speech. The pastor gave directions as to the envelopes, and the offering taken up clearly demonstrated our ability to reach the \$1,000 figure. The choir, assisted by the Pastor and a solo from Mrs. W. C. Holt, furnished excellent music.

The Literary and Debating Society still continues its bi-weekly meeting, with ever increasing interest. The young people of the Church and neighborhood are attending in large numbers.

Cottage Prayer Meetings have been held for several months past with good results. The attendance, though not always large, is encouraging, and the high spiritual tone of the meetings has been manifest. Some souls have been aroused and the membership quickened. The Pastor will continue these meetings un-
