

## CHICAGO MARKET.

Predicted Increase in Receipts,  
Weaken Wheat.

### FOREIGN HOUSES SELL.

Corn and Provisions Dull and  
Lower.

Chicago Sept. 30.

The falling off in demand for cash wheat, the selling by foreigners, and the predicted increase in Northwest receipts, combined to weaken the market for futures, both Dec. and May lose  $\frac{1}{8}$  of a cent on a quiet business. Ware & Leland estimate crop 650,000,000 bus. Winter wheat 353 millions, spring 297.

Corn and Provisions have been very quiet and weak, there seems to be little or no interest taken in them.

### AFTERNOON BOARD.

At the afternoon session a large business was done in Toronto Railway. This is due entirely to the feeling that stocks will be flat for some time and sellers will be enabled to replace them at lower prices and save interest in the mean time.

### GENERAL.

The selling generally is believed to be for the account of Mr. Keene. For some weeks it has been rumored that he was heavily long of Rubber, Sugar, Tobacco and Leather Pfd. He has probably parted with his American Tobacco and Rubber. It was the suspicion that he was loaded up with stocks, that has been responsible for the bearish attitude of some of the shrewdest operators on the floor.

### MARKET.

The consensus of opinion now is that the market is in an inherently stronger position. The weakness in the industrial finally affected the railroad stocks, but in no case was the decline serious.
