Western Pennsylvania Medical College

PITTSBURG, PENN., 1896-97.

Medical Department of the Western University of Pennsylvania.

The Regular Session begins on the third Tuesday of September, 1896, and continues six months. During this session, in addition to four didactic lectures, two or three hours are daily allotted to clinical instruction. Attendance upon four regular courses of lectures is requisite for graduation. A four years' graded course is provided. Four years required from Oct., 1896. The Spring Session embraces recitations, clinical lectures and exercises, and didactic lectures on special subjects. This Session begins the Second Tuesday in April, 1897, and continues ten weeks.

The laboratories are open during the Collegiate year for instruction in Chemistry, Microscopy, practical demonstrations in Medical and Surgical Pathology, and lessons in Normal Histology. Special importance attaches to "the superior clinical advantages possessed by this College."

Yours for Health

The
Salt River Valley
of Arizona
and the various
health resorts in
New Mexico

are unrivalled for the cure of chronic lung and throat diseases. Pure, dry air; an equable temperature; the right altitude; constant sunshine.

Descriptive pamphlets issued by Passenger Department of Santa Fe Route, contain such complete information relative to these regions as invalids need.

The items of altitude, temperature, humidity, hot springs, sanatoriums, cost of living, medical attendance, social advantages, etc., are concisely treated.

Physicians are respectfully asked to place this literature in the hands of patients who seek a change of climate.
