DOING A SPLENDID WORK

Tributes Are Paid by Bishop Sweeney and Others at Opening of Three Days' Convention.

Nice things were said about Toronto by Rev. Canon Brown, B.A., of Paris, Ont., in replying last night to Bishop Sweeney's address of welcome to the delegates at the third congress of the Anglican Young People's Association, in St. Patrick's Church, Spadina avenue and St. Patrick street.

"Toronto is the centre where great religion and religious sentiment are carried on," he said, "in Toronto, the centre of religion, intelligence, education and all that is good, the movement of the A.Y.P.A. has been endorsed."

"There is a wide interpretation of the word 'young' in this movement. The young are heart, spirit, energy and sympathy are welcomed, even the their hair be grey."

Bishop Sweeney, after formally welcoming the delegates, spoke on the conservation of the young people to the church. The A.Y.P.A. was doing much toward keeping them. It had been the duty of the church to keep them, but the young people, by visiting sister associations, were doing away with the boundaries and were uniting the churches.

Rev. Canon Abbott, M.A., of Christ Church Cathedral, Hamilton, said the delegates of the branches of the association had failed it was due to the personnel of the branch, to the human element involved, and not to the principle.

"Amusement and entertainment are a legitimate side of the work. But amusement and entertainment must not be shadow or exclude the distinctly religious side of the movement," he said. "We are a religious organization. We are not, as we are sometimes called, a matrimonial bureau. We are intent not upon coffee and cakes, but upon the mental uplift."

More Religious Gatherings.

Then he told of the association in his church. Some time ago they had changed the plan. "We are now having more religious meetings and fewer socials," he said. "And we were never so deeply successful before."

There are four delegates represented at the conference—Huron, Toronto, Niagara and Ontario. There were about 10 delegates of both sexes at the meeting last night, and about as many more are expected to-day. This evening several speakers will talk about "Religious Activities," and to-morrow evening the address will be "Service." The meetings conclude Wednesday morning.

Rev. Canon McNabb, chairman of the A.Y.P.A. synod committee, occupied the chair.

PROF. MATTHEWS STATES HIS THEOLOGICAL VIEWS

Continued From Page 1.

MacNell, pastor of Walmer-road Baptist Church, who came in at the crucial moment with a further amendment. Dr. MacNell stated that he had never before taken any stand in connection with the controversy, both principal in the struggle being members of his church.

"If we are prepared to drive this to a final issue, it will result in the cleaving of our denoted by the name of the church."

Between some terms that we have been confusing. We must distinguish between the fact of inspiration and the fact of revelation. One hand, and the other, and you are getting a want of confidence to such men as Dr. Brown and Dr. Norton," he said.

Dr. Harris is heard.

Rev. Edmund Harris stated that through the controversy he had endeavored to steer clear of any personalities.

"I want to say, as I ought not to say, that I have put into the treasury of \$5000 of my own money. Does that look as if I had the interest of McMaster University at heart? My controversy is not with Prof. Matthews."

Dr. Harris considered that the controversy should have been put before the convention, because, as he stated, his side of the argument had been shut out from the public press. He also remarked that the chancellor could not attack the statement.

After taking two ballots, the result of the election of the board of governors of McMaster University was as follows: On Oct. 22 morning.

The new board will act until 1914 in place of those who retired in 1910. Four out of the five retire each year.

The new members are: Dr. Moore of Toronto, Dr. Frank Sanderson, Toronto; A. A. Ayer of Montreal, and W. E. Robinson of the Westminster Publishing Co., Toronto.

PROF. MATTHEWS' REPLY

Statement Read to Convention Defending His Teachings.

Prof. Matthews first expressed his gratitude to the members of the convention for their presence and for the interest they had taken in his statement.

"Had all our people shown the same spirit of consideration as the majority have, or had those who are not yet convinced, come to me quietly and calmly to find out my views, I venture to suppose there might have been less unpleasantness experienced. Of those who have so persistently allied themselves against my work and against the policy of the senate, not one man has ever spoken to me in a friendly way, and I have been forced to find out for myself what I believed or what I taught."

The teacher in any department had placed on him a peculiar responsibility. He must be a man of the highest caliber, and he must be a man of the widest knowledge of facts the most inclusive, his spirit as free as possible of undue prejudice.
