

## DR. C. F. THWING AT EMPIRE CLUB

President of Adelbert College  
Prophecies Future of  
North America.

### BRITONS JUST BRUTES

Hence Their Good Rulership  
of Vast Indian  
Empire.

Dr. Chas. F. Thwing, D.D., LL.D., D. Litt., president of Adelbert College and Western Reserve University, Ohio, addressed the Empire Club yesterday on "The Enduring Greatness of the New Nations." His oratory was of the pulp type.

"I never put my foot on British soil," he began, "without a thrill, for my only son wears a British uniform and is a captain in the Coldstream Guards. He has been at Oxford and became naturalized in order to enter the war."

Measured with China, both the British empire and the American republic were newer nations, and thoughtful men became increasingly anxious regarding their future, he proceeded. The great imperial republic of Canada and the great republic to the south, he believed, were to endure.

Not Unequal Wealth. His first reason was the not unequal distribution of wealth. Where land was equally distributed it became a mighty force for peace. Where, as in Russia, vast prairies were given to few, there were seeds of potential rebellion.

A second reason was the mobility or fluidity of public judgment or sentiment. Where this was rigid, it tended to rebellion. Biology and not physics was proper metaphor and token in this matter. The power to bow before the blast made for vitality. A high ideal of administrative justice was a third reason. If any man was less justly treated than another there was sown in his heart the seed of rebellion. He believed this sense of justice was rampant in our nations. The Briton had been described as a brute, but in just brute, Dr. Thwing had been in India and was because of their justice that the British had been able to rule that vast country. The Briton made mistakes, but he tried to do right and to think as God thinks.

Arthur Hewitt presided and it was announced that the speakers for the next few weeks would include Hon. Theodore Marburg, Dr. Chas. A. Eaton, Dr. P. P. Caxton, R. C. Henderson, M.P., Prof. McNaughton and General Sir Robert Baden-Powell.

### GUY WARWICK DIES AFTER LONG ILLNESS

Guy F. Warwick, formerly president of the firm of Warwick Brothers & Rutter, died yesterday at his home, 24 East Bloor street, after a long illness. Mr. Warwick had been ill for several months. He was about 62 years of age, and has been retired for the past 20 years. He is survived by his widow, two daughters, Mrs. Alfred Rogers and Mrs. B. B. Stewart, one son, R. D. Warwick, and two brothers, Charles and George Warwick. He was the eldest son of the late George Warwick who founded the firm of Warwick Brothers & Rutter.

### HARBOR BOARD TRY TO RESCUE ELEVATOR

A further effort will be made by the board of harbor commissioners to secure a grain elevator for Toronto. By having an elevator situated in the city the saving would be much greater than the interest on an elevator costing about \$500,000. Mayor Church has characterized the raising of ship-building as a serious blow to the city, and does not know what is to become of the harbor unless something is done.

### MAYOR HAS PROPOSITION.

The Metropolitan question will come up before the board of control at its session this morning. Mayor Church has stated that he has a proposition to lay before the board, but he would not say, however, what the proposition was.

### KLIENMANN DISCHARGED.

Harry Kleinmann was yesterday discharged by Judge Coatsworth in the criminal sessions on a charge of theft and receiving. The climax came after his honor had held a consultation with the counsel, in the case, after which he advised the parties to take their troubles to a civil court.

### RECEIVER FINED.

Abraham Kolachstein, who appeared before Judge Coatsworth in the criminal sessions yesterday on a charge of having received a quantity of stolen goods, withdrew his first plea of not guilty to the charge and pleaded guilty. His honor imposed a fine of \$20.

## "The Cost of Administration"

Send for this booklet.

## Yesterday He Was At Work--

Last night he was on the operating table; today he is passing through the "valley of the shadow."

Most serious illnesses—appendicitis, typhoid, pneumonia—are sudden.

But why go on?

Would you suffer mental as well as physical anguish if tonight you had to face the surgeon's knife?

Would there be back in your mind the drumming thought that if you failed to "come through" your wife and family would be on the verge of want?

Think it over. Then—if you feel your family is not adequately protected—if you have not made ample provision for your own old age—ask us to send you our booklet "The Creation of an Estate."

### W. C. T. U. TAG DAY HELPS WILLARD HALL

Fifteen Hundred Workers Will Tag  
Public Today—Cold Weather  
Lengthens Campaign.

Fifteen hundred workers of the W. C. T. U. will be out today to "tag" the Toronto public. This is part of the campaign launched on Monday last to raise \$100,000 to build an extension to Willard Hall. It was planned to close the drive with the tag, but owing to the cold winds of the first two days, which made the collecting very arduous, it is probable that the days of campaigning may be extended. Among the collections of yesterday was \$100 from Mrs. H. D. Warren.

### EASTERN DISTRICT MASONIC CHOIR

The Eastern District Masonic Choir held a concert at the Broadview Y.M.C.A. last evening, when six hundred people packed the hall to the doors with numbers being turned away. The concert was a brilliant success and met with much favor from those who attended, who declared it to be one of the finest musical events ever held in the east end of the city. The talent which contributed to the evening's entertainment was as follows: Vera Maclean, Mrs. Lee Woodland, Harvey Lloyd, Bert Spence, H. Cameron, the E. D. M. quartet, Tom Watson and the Eastern Masonic Choir.

### ACUTE INFLUENZA IS MADE NOTIFIABLE

The following diseases, have, thru an order-in-council, been made notifiable diseases in the province of Ontario: Influenza, typhus and malarial fevers, acute primary pneumonia, acute influenza, pneumonia, and dysentery.

### Street Railway Takings Show Considerable Increase

The comparative table of the Toronto Street Railway for March with those of last year shows that there has been an increase of \$29,569.70 in takings while the city's earnings are greater this year by \$7,913.

### "ZIEGFELD FOLLIES" COMING.

There is an unusually big demand for seats for the engagement of "The Ziegfeld Follies" at the Princess the week of April 14. Mail orders are now being received and filled in the order they are received. The regular seat sale opens next Thursday. The huge cast will comprise the names of such popular local celebrities as Will Rogers, W. C. Fields, Ann Pennington, Mildred Richardson, Billie Ritchie, Frank Carter, Allyn King, Savoy and Brennan, the Fairbanks Twins, Dorothy Miller, Lillian Mackenzie, Edith Hawes, Florence Kern, Nan Larsen, Gus Minton and numerous others.

### TAKING IT TO QUELPH.

When Stephen Chise appeared before Magistrate Denison yesterday on a charge of a breach of the Ontario Temperance Act, he was fined \$200. Chise was arrested on Wednesday at the Union Station by Officers Waterhouse and McMahon. He stated that he was taking the liquor thru to Quelph or Galt.

## GENERAL BATTUE OF LONDON BILLS

Legislature Refuses to Approve \$200,000 Loan  
for City Hall.

### CITY COMMISSIONERS

As Ruling Civic Body is  
Disallowed in  
London.

Yesterday was a big day in the private bills committee. Hon. I. B. Lucas makes an efficient chairman and gets thru the work rapidly. The city of London bill was thrown out, asking for a commission form of government, consisting of the mayor and 20 commissioners, or four each to the five departments of works, finance, education, health and public utilities.

The application was supported by T. G. Meredith. The idea found no favor, either from the chairman or members of the committee. London was equally unlucky in seeking to borrow \$200,000 for the erection of a new city hall. Colonel Coles pointed out that the expenditure had no approval of the people by vote. Sir Adam Beck also desired that the consent of the people be obtained. After that it was slaughter all round for London legislation.

Ottawa had a big deposition of its municipal talent. It got thru bills for expenditures aggregating \$700,000, but was turned down in asking power to issue 20-year debentures for public works and also in asking for power to issue new debentures for paying Pease's bridge, upon which debentures had been issued in 1910. This work will have to be paid for out of the current income, tho the deputations pleaded in excuse for the bridge that it is on the road to Hull.

A complicated bill was authorized by which Bowmanville expects to cash in a testamentary bequest of a former townsmen, who died in Washington. The Toronto bill was not reached. No all the Toronto luminaries were on hand.

### ADMITTED THE THEFT.

John Slater, who was yesterday found guilty by Judge Coatsworth in the sessions of having stolen three diamond rings, was remanded till today, when he will respond for sentence. The rings had been left in the wash room of a C.P.R. sleeper on which Slater was on her way to New York. The accused acknowledged the theft of two of the rings, but denied knowing anything of the third ring.

### DEAD INFANT FOUND.

While working near a culvert on Weston road, north of St. Clair avenue, the body of a dead infant was found by a laborer. The man notified Keefe street police station. Coroner Clendenan has decided that an inquest is unnecessary.

## SWEEPING CHARGES BY TRUSTEE BELL

Tells Justice Lennox Monstrous Blunders Perpetrated  
in Various Buildings.

### SCHOOL OF COMMERCE

Mains Uncovered, Boiler  
Room Flooded and Specifications Unfulfilled.

Monstrous blunders were perpetrated in the plans and erection of the high school of commerce and finance, also in the case of the colossal new Park School, according to the charges levelled against the board of education building department by Trustee W. Bell yesterday. The inquiry was resumed at 10.30 a.m. at the administration building, but Mr. Justice Lennox and his counsel, Stanley Denison, K.C., only put in a five-hour day for lack of witnesses and a sine die adjournment was made in the early afternoon, but a resumption is looked for at an early date, when the 23 law suits against the board have been looked into.

Trustee W. Bell is the chief critic of the building department on this year's board of education. He is vigorous in dealing his blows, which have invariably been of the nature of direct sweeping charges.

Trustee Bell testified yesterday that in visiting the high school of commerce and finance he found a deplorable condition of affairs, owing to defective construction and equipment. The boiler room floor was overrun with water. This was because the feed plant was connected with the chimney instead of the roof. He complained to C. J. Doughty, the board of education's superintendent of plumbing and heating, and the necessary change was made the next day.

Trustee Bell made another inspection and found that the high school of commerce return mains, on both sides of the building, had never been covered in accordance with the specifications. "All the preparations were made for the installation of a humidifier, but only one was put in."

"Pardon me," Trustee Bell interrupted, but that humidifier was put in. It may have been that when Trustee Bell visited the school the alterations were being made."

Improper heating was charged by Trustee Bell, who stated that there was too much radiation in basement and ground floor, and that the assembly hall was kept heated, although used but a few times a week.

Two radiators, too small to be efficient, were expected to be adequate for the upper hall. Wrong location of the high school of commerce was also alleged. Trustee Bell said that this would mean a loss of about \$100,000 to the city, as the school should have been built on higher ground to stand out as a thing of beauty."

"Had the school been built in the centre of the lot," said Trustee Bell, "extensions could be made to the rear but now to enlarge the school they will have to spend \$100,000 or more to tear down the school on Dewson street. The school should have been built on higher ground to stand out as a thing of beauty."

Mr. Justice Lennox: "It is a thing of beauty." "Even so, it should have been given prominence instead of being stuck in the mud."

At Park School the massive marble partitions were described as gross extravagance in the way of marble partitions, "as to be seen at Ryerson School."

Other defects reported by Trustee Bell were an inefficient steam boiler at Kent School, over-heating at Manning Avenue School, and heating at Lansdowne School with 22 rooms of 1400 ft. each for Frankland School with 23 rooms.

## RIOTS IMPROVED CAMP CONDITIONS

Say Men From S.S. Canada  
Who Arrived in Toronto  
Yesterday.

"Canada is the only country to live in," said the men of the S.S. Canada, who arrived at the Exhibition Camp yesterday afternoon at 4.30 from the west coast of Canada, when asked by The World what he thought of the "old land." "Man of the men spoke of the fine treatment they had received since arriving in Canada and the adverse conditions which had existed in the land. They said that the riots had, however, materially improved the lot of the returning soldiers, gaining for them a better recognition of their just dues."

Quite a crowd congregated in the transportation building to see the men as they marched in loaded with their kits. Marching from the train they were met by the C. G. R. band while the M. C. cadet pipe band brought up the rear of the parade.

About 50 of the men were for Hamilton, twenty-nine officers and a number of cadets were also on board. When the men were informed by Col. Gibson that they pay cheques and discharge certificates were awaiting them at the dispersal area he was greeted with loud cheers, which spoke volumes for the soldiers' desire to leave the army forever.

Brig-General Gunn, Mayor Church, Rev. Canon Dixon, and other civic and military officials were on the station platform when the train drew in.

### TORONTO LEGISLATION DEFERRED SOME DAYS

Mayor Church, three controllers and several heads of civic departments waited on the private bills committee at the legislature which was to introduce the city's legislation yesterday. At 12.30 it was announced, however, that they would not be touched as the London and Bowmanville bills had precedence over them. In all probability Toronto's bills will be introduced on Tuesday next.

Max Helsen was committed for trial in yesterday's police court on a charge of manslaughter on evidence taken at an inquest.

## "Oh, You Do Look So Strong and Well"

"AND why shouldn't I?" "You always wrote about how well you were, but we never thought you would be so hearty-looking as you are after all the hardships of camp and trench life."

"Oh, we had our share of hardships, all right, but except on rare occasions we had plenty of good, wholesome food and lots of fresh air and exercise. That is what makes a person strong and well. But I don't think I have it much over you. What have you been doing to look so hearty?"

"Didn't I tell you I was using Dr. Chase's Nerve Food?"

"You don't mean to say that has made such a difference. You were so thin and pale when I went away."

"Yes, it certainly has, and after you went away I had a regular break-down, and was in a bad state for some months."

I had nervous headaches, could not sleep, and grew down-hearted and discouraged. Mother got after me to try the Nerve Food, and I am so glad I did, for I did want to be well to welcome you home."

"It is a joy to me to find you so well. And now that we have such a good start surely we can keep well and enjoy life. My experience overseas has caused me to place a greater value on life and health than I ever did before, and your experience with Dr. Chase's Nerve Food convinces me that you women folks need not be pale and weak and nervous if you will but use it when you feel tired out and run down."

Dr. Chase's Nerve Food, 50c a box, 6 for \$2.75, all dealers, or Edmondson, Bates & Co., Ltd., Toronto. Every box of the genuine bears the portrait and signature of A. W. Chase, M.D., the famous Receipt Book author.

## UNPARDONABLE SIN AT ALLEN THEATRE

Is Extraordinary Epic of German Bestiality, Starring  
Blanche Sweet.

Surpassing in importance any previous moving picture event in the history of Toronto is the engagement of "The Unpardonable Sin." Harry Garson has assembled a cast of unusual strength prominent among whom are Matt Moore and Wallace Beary.

The who are familiar with the important books which have been published during the past couple of years will identify the big Garson picture as an adaptation from the powerful story by the same name, written by Major Rupert Hughes. The story has been spoken of as one of the most powerful tales of love and war, and review of the picture was by important critics thruout the country pay high tribute to Director Marshall Neilan, when they say that here

"The Unpardonable Sin" is a thing of beauty."

George E. Dies, a commercial traveler who died in Toronto, Feb. 11, 1919, left his entire estate, valued at \$24,695, to his widow, Mrs. Georgina Louise Dies, so long as she remains unmarried. At her remarriage or death, the estate will revert to his daughter, Dorothy Dies.

Jacob Greenberg, a cap cutter, who died intestate on March 1, 1919, left an estate valued at \$7353. Mrs. Gittel Greenberg, while the residue will be divided between his children, Rose, Esther, Tillie, Harry and Ben Greenberg.

Myrtle and James Heaton Shaw, widow and son, respectively, will inherit the estate of Merton Shaw, a farmer, who died in East Gwillimbury March 5, 1919. The estate is valued at \$6903.

Robert Marritt, a fish dealer, who died intestate on Jan. 20, left an estate valued at \$528, which will be divided between his widow, Mrs. Emma Ann Marritt, and her children, Robert and Sarah, all of Toronto.

Pte. Ralph Madill, a farmer who went overseas with the 116th Battalion, and who was killed in action Aug. 9, 1918, left an estate valued at \$108, which will go to his mother, Mrs. Sarah Madill, of Green River Point.

### CLAIMS PROHIBITION AIMS AT R. C. CHURCH

Hon. N. Seguin Declares Methodists Think It Would be Coup de Grace  
to Roman Catholic Religion.

Montreal, April 3.—Prohibition is intended as a death blow to the Roman Catholic church in North America by the Methodists, Hon. Napoleon Seguin, minister without portfolio in the provincial government, told an audience at the Garneau-Taschereau Club last night. He said: "We learn from good sources that during the jubilee celebration of Cardinal Gibbons at Baltimore in the course of last autumn at a meeting of the bishops of North America which was held, an important bishop in the United States submitted to his conference the original of a letter which was intercepted, and which was written to a high dignitary of the Methodist church, and which letter declared could be realized in all America the coup de grace would be given to the Catholic religion."

## TEN THOUSAND DEAD IS INFLUENZA TOLL

Syphilis, Scarlet Fever and  
Diphtheria Are on the  
Increase.

As a result of the influenza epidemic and its attendant diseases, since the first of October, 1918, the toll paid by the province of Ontario amounts to scarcely less than ten thousand lives. This statement is based on the figures of the provincial health officer. Pneumonia was on the increase in the month of March, there being 133 more deaths from that cause than from influenza. Toronto's mortality from these two causes for the month of March amounts to 56. It is said that influenza is dying out. Other diseases on the increase are syphilis, gonorrhoea and chancre, together with scarlet fever. There are also a considerable number of smallpox cases scattered thruout the province, and diphtheria prevails to a much greater extent than at the same time last year.

### FALSE ALCOHOL DEAL WILL END IN SENTENCE

Max Stone, who appeared in the general sessions yesterday on a charge of false pretences, was found guilty and will be sentenced by Judge Coatsworth on April 9. According to the evidence, Stone had secured \$570 from Nicholas Wiggins, a West Toronto vegetable pedlar, on the promise that he would turn back to the principal, 24 hours with a profit of \$80. The money was to be invested in alcohol and the parties in the case agreed to meet at a certain point. Stone failed to keep the appointment and the charge followed.

## Catarrh Of the Stomach Is Dangerous

"Thousands Have It, and Don't Know It," Says Physician. Frequently Mistaken for Indigestion—How to Recognize and Treat.

"Thousands of people suffer more or less constantly from a furred, coated tongue, bad breath, sour burning stomach, frequent vomiting, rumbling in the stomach, acid eructations, gas, wind and stomach, ach acidity and call it indigestion, when in reality their trouble is due to gastric catarrh of the stomach," writes a New York physician.

Catarrh of the stomach is dangerous because the mucous membrane lining of the stomach is thickened and a coating of phlegm covers the surface so that the digestive fluids cannot mix with the food and digest them. This condition soon breeds deadly disease. The blood is polluted and carries the infection thruout the body. Gastric ulcers are apt to form and frequently an ulcer is the first sign of a deadly cancer.

In catarrh of the stomach a good and safe treatment is to take before meals a teaspoonful of pure Bismarck Magnesia in half a glass of hot water as hot as you can comfortably drink it. The hot water washes the mucus from the stomach wall and draws the blood to the surface, while the Bismarck Magnesia increases the efficiency of the hot water and serves as a powerful but harmless antacid which will neutralize any excess hydrochloric acid that may be in your stomach and sweeten its food contents. Easy, natural digestion without loss of any kind should soon follow. Bismarck Magnesia is not a laxative, is harmless, pleasant and easy to take and can be obtained from any local druggist.

Don't confuse Bismarck Magnesia with other forms of magnesia, milks, citrates etc., but get the pure Bismarck form (powder or tablets), especially prepared for this purpose.

## Catarrhal Deafness And Head Noises

TELLS SAFE AND SIMPLE WAY TO  
TREAT AND RELIEVE AT HOME.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure vegetable glycerine, one ounce of principal (Double Strength). Take this home and add to it a pint of hot water and a little granulated sugar; stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dizziness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh and which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent. of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment.

## Union Trust Company

LIMITED  
Head Office:  
Corner Bay and Richmond Streets, Toronto  
Winnipeg  
London, (Eng.)
