KAY'S

Some Notable Price Reductions

The price of every article of Furniture in stock is reduced at least 15 per cent.

A unique feature of our January Sale is that it is concerned entirely with our regular stocks of high class furniture. It is not a sale of goods manufactured in the cheapest way especially for sale purposes. Our object in making these astonishing price reductions is to reduce stocks on hand to the lowest possible point by February 1st, which is inventory day, and to obtain room for spring importations of new furniture, which will soon commence to arrive.

NOT A "PATENT MEDICINE."

Scott's Emulsion is not a "patent medicine." It has no secret ingredients. Your doctor can, no doubt, tell you as much about it as we could. We have merely perfected the method of blending the Norwegian cod liver oil, hypophosphites of lime and soda and glycerine. As one grocer will blend coffee better than another so we have succeeded in making Scott's Emulsion a little better than any other cod liver oil preparation. There's no "patent" and the only secret is the secret of knowing how, with the perfected mechanical means at hand to do it. Get Scott's and you get the perfect emulsion. It's the

It is a continuous iron tube, nineteen feet ten inches in diameter, put to-gether in sections as the work of bor-ing proceeded, and finally bolted to-gether, the total weight of the iron aggregating 56,000,000 pounds.

The work was commenced, in Sep-tember, 1888, and it was opened for freight traffic in October, 1891; a little more than three years being required for its completion. Passenger trains began running thru it December 7, 1891.

It cost \$2,700,000.

When the food is imperfectly digested the full benefit is not derived from it by the body and the purpose of eating is defeated; no matter how good the food or how carefully adapted to the wants of the body it may be. Thus the dyspeptic often becomes thin, weak and debilitated, energy is lacking, brightness, snap and vim are lost, and in their place come dullness, lost appetite, depression and langour. It takes no great kno wledge to know when one has indigestion, some of the following symptoms generally exist, viz.: constipation, sour stomach, variable appetite, headache, heartburn, gas in the stomach, etc.

But I go one better than Mr. Schiff and declare before the world that the government of the United States cannot, single-handed, remedy what is wrong and suggest that remedy what is wrong, and suggest that Mexico, the United States and Canada should deal with the currency question for the Continent of America, for there lies the keynote in 1906 to the money metal situation of the world. And with this object in view I venture to propose, as a cosmopolitan citizen of the world, that the celebration of Miss Alice Roosevelt's wedding be made the occasion of an historic event, by bringing together the three great rulers on the Continent of America—Diaz, Roose-velt and Laurier—accompanied by their with the currency question in the in-terest of the entire continent.
