

Christmas Music for Sunday.

If there's one thing that this Christmas is more than others I desire, 'Tis to hear a Christmas anthem. By the good old village choir. I may live to be a turn-of-mind, But I never can forget Christmas in the old home village. And the good old-time quartet.

So says the poet, and the city churchgoer is just as anxious for the Christmas musical service. For to-morrow the choir seems to have made especially elaborate preparation, as the program services will be held on Christmas Day, with repetition of the musical services next Sunday. The Metropolitan Church program is also for Tuesday.

Why Take Business Home?

Are Your Nerves Constantly Strained With Groundless Worries?

The cause of this tense condition is in your stomach. Your food does not digest properly. Nine-tenths of all dyspepsias and indigestion is of the nervous type and the only certain cure is to right the cause. Tonics, brain foods, bitters, etc., are mere temporary stimulants. Your stomach and small intestines have become deranged by improper selection of foods, imperfect mastication and irregularity both as to time and amount of eating.

CAN'T THROW OFF HIS CARES.

The mucous coating of the stomach and intestines has lost its power of secreting the gastric juice (an important factor in digestion), the muscles of the middle coating are correspondingly lifeless in grinding up the food, and as a result the food lies in your stomach fermenting, poisoning the blood, irritating the nerves and breaking down the system. To break the digestive organs to action, Stuart's Dyspepsia Tablets alone have been found capable of digesting the food for the unhealthy stomach. They contain diastase, pepsin and other digestive agents which the stomach itself possesses when in health. These agents digest the food for the stomach and give the stomach a chance to rest and regain its normal powers. Stuart's Dyspepsia Tablets are not a patent medicine, the formula for their preparation having been made public and known to 40,000 physicians in the United States and Great Britain. By government tests, Stuart's Dyspepsia Tablets have been shown not only to contain no harmful ingredients, but to possess digestive of higher purity than found in any other preparation. Stuart's Dyspepsia Tablets are recommended by physicians everywhere, and can be bought of any druggist or direct from the manufacturers at 50 cents per box. If preferred, a free trial package will be sent you immediately upon receipt of name and address. F. A. Stuart Company, 73 Stuart Building, Marshall, Mich.
