North Toronto.

A difference between the chairman of the Works Committee and Waterworks Inspector Ward will bring the resignation of the latter before the next council meeting. Yesterday was the last day for redemption of property sold at the first town's sale for taxes a year ago, and the per centage of property redeemed shows a strong feeling on the ultimate value of real estate in the municipality.

York Township Council are asking an adjustment of accounts with the county in the matter of taxes returned to the latter body for collection. An expensive statement has already been rendered by the county, but does not prove altogether satisfactory to the township. The smaller body are anxious for a private auditing of the county accounts, and, through W. J. Hill, M.L.A., an amendment will be added to tability of the township now before the Legislature, with that end in view.

A most enjoyable musical and literary entertainment was given last night at Zion Baptist Church, Eglinton. The cosy little structure was well filled, and a program of much merit was given by Miss M. Smith. Soprano; Miss Daisy Eaton, elocutionist, Mr. H. Culsack, violinist, and Mr. Gus Cowle, elocutionist, Gramaphone selections were also given by Mr. Horace Tompkins.
