Enabled the Government to Pass Important Bills Without Due Discussion.

BIG BONUSES FOR RAILWAYS.

Engledeu Mining Forfeit - Niagara Power Company's Agreement - May Shoot Deer in Water.

All night did the legislators at the Parliament Buildings talk, and it was breakfast time when the House adjourned on Good Friday morning.

The important measures taken up were grants of aid to railways and the Canadian Niagara Power Company monopoly.

and effectual according to its terms. The said Commissioners with the approval of the Lieutenant-Governor-in-Council, may enter into an agreement of agreement with any persons or companies to take water from the Niagara River or from the Niagara and Welland canals...

The Government's Tactics. Mr. German, the member for Welland, said that the Government had a greater desire to get the \$25,000, and ultimately \$35,000, rental per annum than they had for the chance of development of power on the Canadian side.

The Proposed Company. Turning to the other company, Mr. German said that the Government had a greater desire to get the \$25,000, and ultimately \$35,000, rental per annum than they had for the chance of development of power on the Canadian side.

Negotiations in Progress. Hon. Mr. Hardy said negotiations were under way and he might expect them to be completed in a few days.

For Ontario's Development. Mr. Ross touched upon the several sections of the bill pointing out that the railway road would open up fresh fields for lumber limits, and was 300 miles from the Mississauga line.

Moved an Amendment. Mr. Whitney was not prepared to assent to all the grants proposed. In the first place he proposed to amend the clause relating to a direct taxation on the country, and under those circumstances he would hesitate before imposing new burdens on the people.

Returned the Forfeit. The Engledeu failure was brought up by Mr. Gibson in the way of an amendment to the statute law. The clause was to allow the refund of the \$20,000 to the Engledeu faith placed by the company with the Government.

The Premier's Amendment. The Niagara Power matter was reached at 3 a.m., when the Premier introduced an amendment to the statute law to give the Government Park Commissioners power to make any agreement with the company.

The Commissioners of the Queen Victoria Niagara Falls Park, with the approval of the Lieutenant-Governor-in-Council and the Canadian Niagara Power Company may enter into an agreement for the surrender and abandonment of the sole or exclusive rights to use the waters of the Niagara River.
