ema or Salt Rheum manifests tself in little round blisters, which conain an extremely irritating fluid. These break and subsequently a crust is ormed, and the intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat is almost unbearable.

The success which Burdock Blood Bitters has met with in skin diseases of such severity is due to its wonderful od-cleansing and purifying properties. and we know of no other remedy that has done or can do, so much for those who are almost driven to distraction with the terrible torture.

Mr. James Walker, 152 Niagara street, Hamilton, Ont., writes: "I have been using Burdock Blood Bitters for some months past, and find it an excellent remedy for skin eruptions. I have suffered with eczema for over 28 years, and have tried almost everything you could think of. I was recommended to use Burdock Blood Bitters, and I am now clear of my skin trouble. It is certainly a good remedy and I shall recommend it to all my friends."
