SIXTY-NINTH BATTERY CALLING FOR RECRUITS

Those Who Want to Go Overseas Mounted Have Good Op-

portunity.

The 69th Battery, C.F.A., is still taking on recruits at its downtown recruiting office, 65 West Queen street, opposite Teraulay street. In addition to gunners and drivers, this battalion requires two shoeing smiths and five oficers' servants. Men who have had experience with horses are particularly welcome, but as the battery expects to have its horses at Niagara and will be able to give its men a careful and thoro training in horsemanship, those

who have done no riding will be acceptable.

Those men who have been waiting to go to the front, mounted, now have an opportunity to join a unit where every man rides. The fact that every best Hargrave, 115 Willow avenue. artilleryman is mounted probably explains the popularity of the batteries, as shown by the recruiting records of the past week, in which the 69th Bat-tery recruited over 35 inen who were selected from a large number of applicants. The best section of Niagara Camp has been reserved for the artillery, and the battery men are anxious to get under canvas for the summer Fivery effort will be made to make the summer training as pleasant as
