"Well," said Mr. Hiram Hornbeam to The Times reporter, "I s'pose you fellows won't know what to do with yourselves next week—now that there prize fight is over—what?"
"We are open for suggestions," invitingly remarked the reporter.
"Oh, you wouldn't listen to me," said Hiram. "What I'd hev to offer 'ud be too mild. I might want you to come out an' write up 'The Settlement'—or print a sermon—or somethin' like that."

"We might do worse," said the reporter.
"Well," said Hiram, "I don't know as it 'ud do much good to people that goes crazy over a prize fight. I couldn't git a word over the telephone last night. The wire was busy all the time. I know what was the matter. People was callin' up to find out who won the prize fight. I s'pose they'd been bettin' on it. Beats all what fools folks is."

"I hope your message was not urgent," said the reporter.
"It was so urgent I nearly had a fit because I couldn't git it through," said Hiram.

SCHOOL CASE IN COUNTY COURT

Reverdy Steeves on Stand in Appeal Comments on Police Court Decision.

That the judgment of Magistrate Ritchie had resulted in encouraging scholars to defy teachers was a statement made this morning by Reverdy Steeves in the County Court while giving evidence in his appeal from the Police Court decision in the case of Jeffrey Meddler vs. Steeves, in which the defendant was fined \$20 for assault on the boy at school.

About half a dozen school teachers were present watching the progress of the case.

Mr. Steeves, principal of Aberdeen school, had punished the Meddler boy and the father of the boy had taken the matter to the Police Court, contending that the use of violence had been used and the boy severely hurt. After hearing the evidence Magistrate Ritchie had fined the principal \$20 on the charge of assault, and the case had been appealed. It came up this morning before Judge Barry, in the County Court. Hon. J. B. M. Baxter, K. C., and A. N. Carter appeared for Mr. Steeves, and C. H. Ferguson appeared for the defence.

The first witness examined was Jeffrey Meddler, who told practically the same story as at the police court hearing.

Dr. Dunlop was not in court, and as Dr. Baxter wished to question him on some points, it was decided to proceed with the appellant's case and hear Dr. Dunlop later.

Mr. Steeves was then placed on the stand and gave the same evidence as at the hearing before the magistrate. In answer to Mr. Ferguson he said he had never made a practice of punishing pupils, and if a teacher was to be haled before the magistrate and fined, he thought they would go careful about administering needed punishment. There had been some instances which in his judgment required punishment, in his own school. Since the judgment and only the other day one of the boys had called a teacher "a dirty meanie," which he believed was a direct result of the judgment given.

The next witness was Miss Marion Shea, teacher of grade 4 in the Aberdeen school, who gave the same evidence as at the previous hearing.

The case was proceeding at time of going to press.
