Results of the matches were as follows:

# HEART WOULD BEAT LIKE A Trip Hammer

Heart trouble has of late years become very prevalent. Sometimes a pain catches you in the region of the heart, now and then your heart skips beats, palpitates, throbs, or beats with such rapidity and violence you think it is going to burst.  
You have weak and dizzy spells, sinking sensations, are nervous, irritable and depressed, and if you attempt to walk upstairs or any distance you get all out of breath.  
We know of no remedy that will do so much to make the heart regain strength and vigor, regulate its beat and restore it to a healthy, normal condition as will

## HEART AND NERVE PILLS

Mrs. Chadwick, Delhi, Ont., writes: "I had palpitation of the heart, and the least exercise, such as going upstairs or up a hill, my heart would beat like a trip-hammer, and at times I was dizzy-headed and had a sinking sensation as my time near."  
A friend suggested I try Milburn's Heart and Nerve Pills, so I procured three boxes, and by the time the first one was used I began to improve. In all I took six boxes, and now, although in my 60th year, I feel like a young girl; no dizziness or heart-throbbing, and can walk miles without fatigue. At time of sickness I weighed 120 lbs., now I weigh 160.

ports of the bowling and basketball teams were also heard.

"Strangler" Lewis, another former champion, defeated Reno Gardini, Italian champion, at the Madison Square Gardens by winning two straight falls within an hour. Wladek Zbyszko, younger brother of the champion, and Pendleton, former international amateur champion, wrestled twenty minutes in a preliminary match without either securing a fall.

**Greet Gets Decision.**  
Columbus, Ohio, Feb. 7.—Jim London, Greek heavyweight, was awarded the decision over George Kotsaros, of Columbus, here last night in a wrestling bout conducted under the White System. The men wrestled for twelve ten minute rounds with one minute intermissions without either gaining a fall.

## SKATING.

**St. John May Get Big Meet.**  
According to a despatch from Lake Placid yesterday, Arthur Staff, U. S. professional speed skating champion, may decline to compete in the match at Saanich Lake on Feb. 14, 15 and 16 unless the officials in charge change their conditions for the professional championship of America to embrace the other meets to be held at Johnson City, Pa., and St. John, N. B. Staff's suggestion is that the winner of most points in the three meets be given the title or that all participants for championship honors agree to take in all meets unless they have some bona fide excuse.

**Figure Skating Champion.**  
Stockholm, Feb. 7.—Gillis Grafstrum, Swedish skater, won the world's amateur figure skating championship yesterday by defeating Kachler Boeckl, of Austria.

## MORNING NEWS

### OVER THE WIRES

William D. Taylor, murdered Los Angeles motion picture director, joined the Canadian forces in Windsor, N. S., August 6, 1918, according to the story of a sergeant major in the camp, who is now in San Francisco. He was promoted to sergeant major, but was taken sick. He was afterwards at officers' training camp in England.  
A serious accident took place at St. Stephen yesterday morning, when the mother of James Inches lit a match from her bed in order to see the time. In some way the clothes caught and the whole room was soon ablaze. She was badly burned on the arms and legs, but may recover.  
An accident took place in Calais on Saturday afternoon when a horse hauling a heavy sled took fright at a train and in the runaway struck a sleigh occupied by two little girls named McVior. One of the girls suffered a broken collar bone. Two other outlets were badly smashed by the runaway rig.  
V. R. Nickle, Conservative, was elected in yesterday's provincial by-election in Ontario over R. F. Elliott, liberal, by a majority of 517. The total figures were: Nickle 5,022, and Elliott 4,485. Shortly before the polls closed a taxi driver was rushing Mr. and Mrs. Dorwan Love of Kingston and their daughter to the polls, when something went wrong with the steering gear and the car crashed into a tree. The skulls of Mr. and Mrs. Love were fractured and Mrs. Love died a few minutes after the accident, and Mr. Love shortly after.

## SUNDAY SKATING ALLOWED.

(Toronto Telegram.)  
Sunday skating is not prohibited by law or by civic regulations. With regard to reports that police had stopped skaters from using hockey cushions in certain parts of the city last Sunday, Parks Commissioner Chambers' ruling on the subject was asked this morning.  
"We do not prohibit it," he said.  
"You just tolerate it then?"  
"We just don't prohibit it. Skating, after all, is not much different from walking."

# HEADS THAT ACHE AND PAIN

It is hard to drag along with a head that aches and pains all the time.  
In nine cases out of ten, persistent headaches are due to poisoned blood, the blood being rendered impure through some derangement of the stomach, liver or bowels, but no matter which organ is to blame the cause must be removed before permanent relief can be obtained.  
**BURDOCK BLOOD BITTERS** which had been on the market for the past forty-five years, removes the cause of the headache by starting the organs of elimination acting freely, and when the impurities are carried off from the system, purified blood circulates in the brain cells, and the aches and pains vanish.  
Miss Clara Murphy, Centre Dumfries, Ont., writes:—"My system was greatly run down and my blood out of order. I suffered a great deal from severe pains in my head which made me feel very miserable. After having tried other remedies I purchased a bottle of Burdock Blood Bitters, and was very glad to notice a decided improvement in my health. I took another bottle and it has done me an enormous amount of good. I have recommended it to some of my friends who were in a similar condition and they all say it is a wonderful remedy."  
B. B. B. is manufactured only by The T. Milburn Co., Limited, Toronto, Ont.

## BOARD OF TRADE

### DISCUSSED HYDRO

About twenty-five members were present last night at a meeting of the Board of Trade, with W. F. Boudreau presiding. Herbert Phillips, M. R. I. C., gave reasons for saying that the hydro-electric power could be used to the advantage between three and four cents a kilowatt hour, instead of 8½ cents. If the full quota of the city's power were used, he claimed this could be reduced to about 8 cents. He compared the conditions in Ontario with those in the city. Mayor Schofield said if these facts turned out to be true, he would no longer have sanctioned the engagement of R. A. Ross and would probably have his report by Friday. All he wanted, he said, were the exact facts from an engineer of high standing, and when he had these he would go ahead with the best interests of the citizens before him. He thought Mr. Phillips was leaving the transportation question out altogether. He would not favor municipal ownership of anything, he said, and he didn't believe the city could sign the contract presented by the provincial government. J. Fraser Gregory pointed out that it was a matter of about two months since an offer had been made to the city, and he thought they should go slowly in the matter, and suggested a short-term contract with the New Brunswick Power Co. C. C. Kirby said he thought a really advantageous bargain could be struck between the city and the company. Mr. Phillips said he differed with the mayor in the matter of public ownership, as he had always been in favor of it. He thought that the offer of power at ½ cents per k. w. h. at city line was very cheap. He did not see why St. John could not develop to compete with any place in the north the contract was available. In regard to the transportation question, Mr. Phillips said, a public utility without competition could not healthfully exist. In the case of public ownership, the factor of publicity would keep those in charge up to the mark. Dr. Murray MacLaren, C. M. G., M. P., and Messrs. Thomas, Armstrong and Bell were elected members of the board.
