### EAST END CASE

Policeman Lindsay on Stand  
Yesterday—More Evidence  
—Judgment on Friday.

The case against Frederick Hayes, charged with assaulting Policeman Lindsay while the latter was in the discharge of duty on the East End baseball grounds on June 7, was before the police court again yesterday afternoon. Two witnesses swore that they had smelled or on the breath of Officer Lindsay the night in question. One witness placed on the stand who denied that there was any odor of liquor on Lindsay's breath on the night that the incident occurred and Lindsay himself swore that he had not had any liquor that day. The defence brought out the fact that Policeman Lindsay had been dismissed from the force about 12 years ago for fighting. The magistrate said that he would deliver judgment in the case on Friday morning 10 o'clock.

Edward McCann told of seeing Lindsay hit Hayes and said that he could smell the odor of liquor off the policeman's breath. The defendant, when put on the stand, said that Lindsay had hit him on the mouth and had thrown him against a building. He said that in the room when he called the officer, the latter had struck him, knocking him down. Lindsay, when recalled, admitted that he had been requested to sign from the force for fighting with a citizen about five years ago, and that was off the force about one year before he was reinstated.

J. J. Henneberry, representing Hayes, requested that the magistrate dismiss the case as there did not seem to be any evidence against his client. He said that costs should be awarded to the prisoner against Lindsay in this case. J. A. Barry, who is appearing for the defence, argued that the officer was only on duty and he did not think that he should be dismissed in view of the contradictory nature of the evidence.

### FIREMEN LOSE EVENS WHEN TRAIN HITS HOSE WAGON

Amherst, N. J., June 15.—Six firemen were killed and ten others injured when a fire truck crashed into the tenement crossing of the Central Railroad of New Jersey this evening. The men, members of the Eagle Hose and Ladder company, a volunteer organization, were on their way to a small warehouse when the accident happened.

### A LUCKY BABY THAT IS BORN ON THE OCEAN

London, June 16.—Expectant mothers are taking transit trips in order that their babies be born at sea, the Cunard line has offered. The reason is that invariably a collection is made for the baby, sometimes as much as \$2,500 is offered. The reason is that invariably a collection is made for the baby, sometimes as much as \$2,500 is offered. The reason is that invariably a collection is made for the baby, sometimes as much as \$2,500 is offered.

### MORNING NEWS OVER THE WIRES

Harry S. Willmet, negro cook on the schooner Gardner G. Deering, who was charged with the murder of the captain, Chester T. Wallace, was acquitted yesterday at Portland, Me. The negro pleaded shooting in self-defence.

Newspaper compositors in Boston who walked out of offices on Monday and Tuesday, voted last night to return to work under the same conditions which prevailed when they walked out.

Richard Hutchinson of Boston, while on a fishing trip to the Miramichi, was taken ill and an operation was performed in the Newcastle hospital in the hope of saving his life, but his death followed a few hours after. He was a native of Douglastown.

Miss Dorothy Brewer of this city received a diploma in domestic science at the closing of Edgell school, Windsor, N. S., recently.

### EVER-BEARING ORANGE TREE PLACED UNDER HEAVY GUARD

Tampa, Fla., June 16.—An ever-bearing orange tree which citrus fruit growers believe is destined to revolutionize the orange industry of the state if not the entire country, has been discovered by horticulturists in a small grove at Avon Park, near here, and to protect the specimen its purchasers have placed around it a heavy wire fence twenty feet in height and stationed guards day and night.

The tree has been in bearing continuously eight years but until recently its existence was known only to the owner and several neighbors who, according to citrus experts, did not realize its value but regarded it merely as a freak of nature. Several of South Florida's largest citrus growers have organized a syndicate, purchased the tree, leased the ground upon which it stands and already are taking steps to develop its possibilities by propagating it through budwood, with the expectation of having 250,000 trees ready for setting out in groves by 1922.

The ever-bearing tree is about fifteen years old but its origin is a mystery. Like the famous Temple orange tree discovered some years ago on the estate of the late W. C. Temple, one time National League baseball magnate, the new specimen stands alone as the first of an entirely new branch of the citrus family and its owners believe it will bring forth stock true to the parent tree and, as in the case of the Temple tree, be worth millions to the men who had foresight to grasp its possibilities.

Apparently authentic records show that for eight years the tree has bloomed and borne fruit continuously and that at no time during that period has it failed to have blossoms and fruit at all stages of maturity. In outward appearance the fruit is a Valencia except that it is slightly more oblong than that variety. The meat in texture and flavor is that of a perfect Valencia, the variety that brings the top price in the markets.

The ever-bearing Florida lemon has been common for many years but citrus experts here declare they never before have known of an ever-bearing orange.

### HARRY FLYNN HAS RESIGNED

Quits as Organizer of G. A. U. V. at Request of Executive of Association.

Toronto, June 16.—Harry Flynn, dominion organizer of the Grand Army of United Veterans, has resigned his position at the request of the executive board. Announcement was made last night by the board that Flynn was granted thirty days leave of absence on account of ill health, but was asked to tender his resignation first. Flynn returned to his home in Massachusetts a few days ago, and was last night struck off the rolls of the G. A. U. V. as an executive officer.

### INCREASE IN B. C. GOLD PRODUCTION

Vancouver, B. C., June 16.—British Columbia's output of gold is expected to reach a value of \$25,000,000 in 1921, an increase of a million dollars over 1920. The Rossland mines, which yielded \$6,000,000 last year, are expected to yield \$1,500,000 this year. The Surf Inlet mine, on Princess Royal Island, should run to \$1,000,000 and the Premier Mine on Salmon River, should get into full operation very soon. The Grassy Smelter at Anxoy, which probably produces \$200,000 worth of gold as a by-product of its copper ores, and there are several gold mines now in operation, such as the Sheep Creek, Bridge River, Bedwell River and Coquihalla River properties.

### DOG SAVES BABY.

Winnipeg, June 16.—Snatched from danger of death beneath a railway train by a big St. Bernard dog and restored to his parents' arms by his owner was the thrilling end of two-year-old Leo Savoie's ramble through the woods near his home in St. Boniface recently. The little lad was found fast asleep on one of the Union Stockyard's tracks by the St. Bernard, and with all the instincts of a true dog rescuer, the St. Bernard picked the child up and carried it out of harm's way to his master. Leo wandered away from his home at ten o'clock in the morning and was not found until 4.30 p. m. The child was saved from death by a narrow margin as the regular train would pass over the track about five o'clock.

### THIS CANINE LANDED IN CLOVER SURELY

Vancouver, June 16.—Such a strawberry shortcake as small boys dream of was to have graced the banquet table of the Merritt board of trade recently. And what befell the confection was like a small boy's nightmare. Six feet in diameter and two feet high, the cake contained bushels of strawberries covered with whipped cream a foot thick. As they bore it from the dry to the banquet hall, a big collie dog leaped from the sidewalk into the lake of whipped cream and fruit.

### TOO MUCH SALT BAD DECLARS PHYSICIAN

Chicago, June 12.—Beware of too much salt. Use the salt shaker sparingly at mealtime, if you would travel far and not fall by the wayside. Excess of salt is the cause of the inflammatory stages of many diseases that appear in the human body.

That is what Dr. Charles Woodward of Chicago told the Illinois State Electric Medical Society. "Fifteen to thirty grains of salt a day," he added, "is the maximum amount that should be taken into the human system."

### PREMIER MURRAY

Halifax Chronicle.—The legion of friends of Hon. Geo. H. Murray will be glad to learn that he is now on the way home. The Premier left Battle Creek, Michigan on Sunday night and was expected to arrive in Montreal last night. He was accompanied by Mrs. Murray and they will spend the day in Montreal with their son, Mr. Wilfrid L. Murray, barrister. It is expected that the Premier will return to Nova Scotia by the end of the week and will come into Halifax or proceed to his home in North Sydney. Mr. Murray has been nearly two months in the Sanatorium at Battle Creek, and he has greatly benefited from his rest there.

### TANK THAT SWIMS

Paris, June 16.—By imagining a tramway car with a tank superimposed you have a picture of the amphibious vehicle designed by a French engineer, M. Freppinon. Carrying five passengers, this machine climbed various obstacles ashore and then, sliding down a bank into the sea, made a "voyage" driven by a propeller. Reaching the shore again, it climbed back on dry land.

### DRINK BAN IN WILL.

London, June 16.—In his will the late C. O. Atkinson stipulated that bequests to his two sons were conditional on their sobriety. He left an estate of over \$75,000, and stated that should either of his sons take to drinking to excess they are to be considered not capable of taking care of their inheritance. Both sons are teetotalers.

### ASKED FRIENDS TO FUNERAL.

Columbus, Ind., June 16.—An invitation to attend his funeral was accepted unanimously by members of the Barlow County Bar Association. He wrote to a lifelong friend, "I am almost in the shadows of the border line between this life and the life to come," and said that it was the desire of his heart that the members of the association attend his funeral.

### NOSE CARPENTRY.

New York, June 16.—In an operation lasting half an hour, Dr. Francis White of the Manhattan Eye, Ear and Throat Hospital transplanted a bone from a rib of Miss Hannah Kaufman, sixteen, to her nose. The bridge was broken several years ago. The operation has made her nose straight, and will leave no scars.

### BLOODLES OPERATION.

Philadelphia, June 16.—An unprecedented operation was performed at the Jefferson hospital when a bullet was extracted from a man's lung without the aid of a lance. A bronchoscope was used to take it out through the throat and mouth.

### LOCAL NEWS

Twenty-seven candidates presented themselves at the Knights of Pythias Castle, yesterday evening, and with all due ceremony were admitted to the rank of knight. The sessions, which began at 8 o'clock, did not finish till after midnight.

Lieut.-Colonel C. H. McLean, D. S. O., left last evening for Fredericton to oversee arrangements for camp for the New Brunswick Dragoons, of which he is commanding officer. The N. B. Dragoons will go to camp at Fredericton June 20th to June 28th, inclusive. Their strength is 169 all ranks, 185 horses.

### CELEBRATION CALLED OFF.

The celebration in commemoration of the signing of the Magna Charta by King John of England on June 15, 1215, which was to have been held on the King square last evening, was called off on account of the fact that His Honor Lieut.-Governor William Pugsley and his Honor Chief Justice Sir Douglas Hazen, two of the principal speakers, were out of the city. C. W. Romans, secretary of the local Canadian Club, who was promoting the celebration, said last night that in view of the absence of these men and of the inability of Premier W. E. Foster to attend he had thought it better to cancel the event.

### WHERE MONEY FAILS.

New York, June 16.—Lugi Seriano spent eighteen years running a barber shop in Omaha, and piled up a small fortune, but neglected to learn to read or write. He went back to Italy in 1919, spent his money so freely that he became a social lion and lingered on for more than a year. When he returned he found himself held up by his lack of education. He promised to go to night school if admitted, and his case will go before the board of inquiry on Ellis Island.

### FROCKS BY BRIDEGROOM.

Paris, June 16.—It rarely happens that a bride has her wedding dress and trousseau designed by her future husband. This, however, will be the privilege of Miss Muriel Dunsinuir, whose engagement to Captain Molynieux, the young English Paris dress designer, has just been announced. The wedding will take place this summer.

### VOICE WINS ENTRY.

New York, June 16.—Fifteen-year-old "Sandy" Mine, from Edinburgh, sang the way for his parents, his two brothers, his sisters and himself through the red tape of Ellis Island into the United States. His remarkable voice at an island concert earned them all entrance on the eve of their departure.

### AIR EXPRESS RAFT.

London, June 16.—A wonderful featherweight raft for use in the event of a forced descent on the water, has been devised for cross-Channel air express. The apparatus comprises two cylinders of compressed air, which, when valves are turned, inflate in thirty seconds two floats and enable the raft, though its total weight is only fifty-six pounds, to support as many as four people.

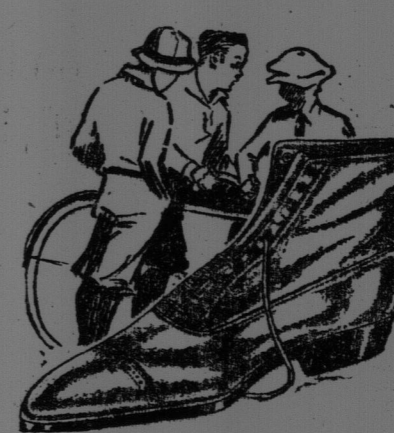

### N. B. FIRE AGENTS

Fredericton, N. B., June 15.—The second annual convention of the Association of Fire Insurance Agents of New Brunswick closed this afternoon with the election of the following officers: President, Capt. J. E. Masters, Moncton; vice-president, J. M. Flewelling, M. L. A., St. Stephen; secretary-treasurer, Luke S. Morrison, Fredericton; executive, the officers and W. H. Hooper, Fredericton; E. A. McCurdy, New-castle; J. B. H. Storer, Bathurst, and C. M. Augherton, Woodstock.

### TREATED ELEPHANT'S CORN. CRUSHED CUTTING IT

Berlin, June 16.—William Philadelphia, famous animal trainer, and Carl Hagenbeck's right-hand man, has just died from injuries inflicted by an elephant. Philadelphia, who has trained lions, tigers, brown bears, seals, elephants and even a crocodile, was cutting the corn of an elephant when she took offence and squeezed him against the wall of her cage, breaking his leg and several ribs.

## Nifty Styles For The Boys

Narrow Toes  
Wide Toes and
